10. Institutional Support - IR	43
11. Goals and Objectives	34
12. Evaluation of Faculty	26

Dialogs

- APPD and RRC regarding case logs
 - Hope for development of a comprehensive curriculum for procedural competence and the ability to change the focus from continuity patient numbers to competence in longitudinal care

- COPS and RRC regarding format for data collection in subspecialty PIFS

What's New?

- Requirements and PIFs
 - Common Program(7/1/07)
 - Med-Peds (7/1/06)
 - Subspecialty (7/1/07)
 - Adolescent Medicine
 - Critical Care Medicine
 - Pediatric Cardiology
 - Pediatric Hematology-Oncology
 - Neonatal-Perinatal Medicine
 - Pediatric Rheumatology
- Companion Documents
