What's New at AAP!

- **Hot Topics: Effective Use of Rapid Influenza Diagnostic Tests** - This course reviews the 2010-2011 recommendations of the AAP and CDC for proper use and interpretation of rapid influenza diagnostic tests (RIDTs).

- **EQIPP: Eliminate Tobacco Use and Exposure** - Create plans for improvement to address gaps in key activities of tobacco control. You will collect baseline and follow-up data as you work to improve care and processes through Plan, Do, Study, and Act (PDSA) cycles.

- **Peds21 Webcast from NCE 2010 Now Available** - Follow the link to view a replay of the Pediatrics for the 21st Century symposium at this year’s NCE, titled "Health Information Technology and Quality: Promises and Perils."

- **2011 Neonatal Resuscitation Program (NRP) Research Grant and Young Investigator Award** - Learn more about the 2011 Neonatal Resuscitation Research Grant and Young Investigator Award

Teaching Tips

Resources for Advancing Teaching Excellence

**Oral Delivery of Presentations**: You and the oral part of your presentation are more important than your slides. The slides are an adjunct to your presentation, reminders of points, and illustrations. It is what you say and how you say it.
