Advocate Children’s Hospital /Advocate Medical Group is currently seeking a **Faculty Pediatrician /Community & Advocacy Director, Pediatric Residency**, Advocate Christ Medical Center Program, Advocate Children’s Hospital – Oak Lawn, Illinois

Organizes, oversees, and participates in the community-based activities of the Residency Program and the Department, clinical and educational, including school-based projects, shelter activities, mobile care units, and community health fairs. Schedules all such activities for the residency program and monitors the activities and education of each resident. Directly supervises and schedules the Community & Advocacy Rotations (block and longitudinal) for all pediatric residents.

Organizes, monitors, and reviews all pertinent child and family advocacy activities for the residency program, clinical and educational. Monitors and reviews all advocacy projects developed by residents. Directly supervises and schedules the Community & Advocacy Rotations for all pediatric residents.

Works in conjunction with the Program Director and Department Educational/Clinical leadership to develop and monitor tracking systems to ensure that each resident achieves the core competencies as mandated by the ACGME (in relation to community-based, advocacy, and general pediatric experiences).

Works in conjunction with the Residency Program Director, Associate Directors, and ACH’s VP of Quality and Patient Safety to mentor and monitor resident QI and other scholarly projects, especially as they relate to advocacy and the integrated delivery of high quality interdisciplinary care.

In conjunction with the other general faculty, teaches, supervises and monitors the activities of Pediatric residents (and medical students) to ensure the overall effective integration of high-quality patient care and medical education; participates in the development, implementation, and monitoring of the use of best practices and clinical guidelines by the program and the department.

Provides instruction to residents, medical students, nurses, and technical personnel in the form of educational conferences, rounds, didactic lectures, and clinical instruction; provides supervision in resident clinics (continuity and/or acute care) on a regular basis.

Serves as a member of the Pediatric Program Curriculum Committee, actively participating in the recruitment of pediatric residents, the evaluation of the pediatric residents, and curriculum development for the residency training program (especially as it relates to child and family advocacy, prevention and promotion of health, and the provision of high quality integrated patient care).

Takes General Service Attending call on a regular basis, as scheduled in conjunction with other hospital-based pediatric faculty members, to provide clinical care and resident supervision for patients admitted to the ACH-OL general pediatric inpatient units who identify Pediatric Residents as primary care physicians or do not have primary care physicians on medical staff.

Provides direct supervision to the residents and medical students in the Pediatric Ambulatory Clinic, for both Acute Care and Continuity clinics. Precepts in the clinics 2 – 4 half-days per week, pending other responsibilities and the schedules of the general faculty group.
Collaborates with other institutional interdisciplinary staff and outside agencies (such as ICAAP) in the development and execution of community and advocacy-based activities.

Serves as Collaborating Physician for APN/NP servicing community and advocacy outreach experiences including the Ronald McDonald Caremobile.

Qualified applicants will be board eligible or board certified by the ABP/ American Board of Pediatrics (ABP). Consider joining our team committed to providing evidence based, compassionate care.

As a leading medical group practice in Chicagoland with over 1,100 physicians and an operating unit of Advocate Health Care, Advocate Medical Group offers an excellent work environment including: team oriented culture; latest technology & EMR infrastructure; high physician satisfaction; competitive salary; and comprehensive benefits.

Interested candidates are encouraged to forward cover letter and CV to: Nancy Mathieu, Physician Recruiter, at Nancy.mathieu@advocatehealth.com.
