## Webinars for All

Milestone reviews are inching ever closer, and most of us are unsure of exactly what our roles will be within the massive changes to the resident review process.

ACGME has several new resources available specifically for coordinators to help navigate milestone reviews. Currently, specialty-specific webinars are available only for Phase 1 specialties, but stay tuned for updates.

Slides are available to download, or users may register to hear the entire presentation. Follow [this link](#) to ACGME's NAS website. Click 'ACGME Webinars - The Next Accreditation System' and scroll to the bottom of the list to access these sessions.

Information and instructions on CLER visits have also been updated and are available [here](#).

Please share you experiences with CLER visits and milestone reviews by emailing [tara.mckinley@louisville.edu](mailto:tara.mckinley@louisville.edu). We are one another's support system!

## Announcements, Events and Accomplishments

- \* Congratulations to Anesthesiology, Neonatal/Perinatal Medicine, OB/GYN, Surgical Critical Care, and Surgical Oncology. You survived your matches! Hope you did well and are looking forward to a new class of fellows.
- \* November 13 is Match Day for Colon & Rectal Surgery, Medical Genetics, and Sleep Medicine. Good luck...you earned it!
- \* Thanks to Christine Mayes and Jennifer Lucci from the Mid-America region for sharing their [Resident Training Fact Sheet](#) with the group. What a great idea for our graduates!
- \* November 20 is Match Day for Adolescent Medicine, Medical Toxicology, Pediatric Specialties in the fall match (Child Abuse, Developmental/Behavioral, Critical Care, Emergency Medicine, Nephrology, and Rheumatology). Counting down until 12:00pm ET.
- \* Residency programs MUST be registered for the match with NRMP by November 30. Remind your PDs.
- \* November babies, are you interviewing on your birthday? Bring a special treat for your recruits...or just with your office after interviews are over.
