#### DO NOT ERASE

- The data in this workbook is automatically refreshed and synchronized each time you open the workbook.

You must also refresh the resident data any time you manually update data in the "Raw Data" worksheet, in order to properly use the "Resident Report" worksheet.

#### Refresh All Resident Data

- Select a resident's name from the drop-down menu.

- When your description is complete, click "Load This Resident's Data".

- Then click the button to load the resident's data.

- When finished, be sure to save the changes by clicking "Save This Resident's Data".

- Otherwise, changes will not be preserved.

- Advocate Children’s Hospital

---

**Important Notice:**

- DO NOT ERASE any data or comments.

- Always refresh the workbook when making changes.

- Use the "Refresh All Resident Data" button to ensure synchronization.

- Save changes regularly to avoid data loss.

---

**Disclaimer:**

- The data presented here is for demonstration purposes only.

- Actual data and comments may vary.
