Citations vs. Areas for Improvement (AFIs)

AFIs/Citations - Subspecialty Programs

- Evaluations
 - Timeliness of feedback
- Faculty time and teaching
- Resources
 - Fellows can raise concerns without fear
 - Satisfied with process to deal with problems/concerns
- Educational content
 - Appropriate balance for education
 - Education compromised by service
- Inaccurate/incomplete information

Incomplete/Inaccurate Data

- Faculty Roster – current certification information
 - Participating in MOC - M
- CVs – current licensure, scholarly activities from last 5 years
- Block diagram – follow instructions in ADS, key for abbreviations, non-standard format, no individual schedules

Common Program Requirements Phase 2 Task Force

- A Common Program Requirements Phase 2 Task Force was appointed to review Sections I-V
- Proposed changes are posted for review and comment until March 22
- Anticipated effective date is July 1, 2019
- Resident/Faculty Surveys to be updated

Common Program Requirements (CPRs)

Notable Proposed Changes...

- 2 sets – residency and fellowship
- Mission and aims
- Some CPRs removed to go into to-be-created PD Guide
- “Core Faculty” is now in the CPRs
- More elements of assessment in the Annual Program Evaluation
- New certification exam CPRs
- Fewer subcompetencies for fellows, including specialty-specific
- Fellowship programs may assign fellows to engage in independent practice of their core specialty, up to 20% of their time per week
 - Subject to RC approval for the subspecialty
 - Subject to approval by program director

Common Program Requirements (CPRs)

- Scholarly activity broadened
 - Research in basic science, education, translational science, patient care, or population health
 - Peer-reviewed grants
 - Quality improvement and/or patient safety initiatives
 - Systematic reviews, meta-analyses, review articles, chapters in medical textbooks, or case reports
 - Creation of curricula, evaluation tools, didactic educational activities, or electronic educational materials
 - Contribution to professional committees, educational organizations, or editorial boards
 - Innovations in education

Review and Comment

- Comments must be submitted by March 22
- Comments must be submitted using the Comment Form on the ACGME website:

<http://www.acgme.org/What-We-Do/Accreditation/Review-and-Comment>

- Comments must be submitted to: cprrevision@acgme.org

Review and Comment *cont.*

- Comments should include:
 - Concerns
 - Recommendations
 - Supportive comments
 - Questions

Pediatric Subspecialty Program Requirement Revisions

- Revision to each set of pediatric subspecialty requirements is underway
- May need to be modified to align with the new CPRs
- Review and comment period expected in summer 2018 after CPR are approved
- Tentative effective date: July 1, 2019

Pediatric Subspecialty Program Requirement Revisions

- One comprehensive set of requirements for each subspecialty that includes:
 - Common Program Requirements
 - General Pediatric Subspecialty Requirements
 - Specialty-specific requirements

Pediatric Hospital Medicine

- The ACGME Board of Directors has approved accreditation of programs in pediatric hospital medicine
- Development of Program Requirements to begin this spring
- Posted for review and comment in late 2018
- Requirements should be approved by mid-2019
- Application form will be available once requirements are finalized

Milestones 2.0

- Pediatric subspecialty program directors surveyed as to whether each subspecialty should have their own set of Milestones
- ≈350 respondents as of 3/14
- 90% of responses favored specialty-specific milestones

Addiction Medicine

- Program Requirements have been approved
- Application form is now available
- Sponsoring Institution must also sponsor an ACGME-accredited program in: anesthesiology, emergency medicine, family medicine, internal medicine, obstetrics and gynecology, pediatrics, preventive medicine, or psychiatry
- Reviewed by the RCs for Family Medicine, Internal Medicine and Psychiatry
