Welcome to the 2013 APPD Fall Meeting

Welcome to the 17th annual APPD Fall Meeting! We are so excited to have each of you here at the meeting and hope that you will take advantage of each and every session to learn, meet new friends and network with all. Our meeting app will help you optimize your experience through many links, including links to the Program Agenda and to the Discussion Board (https://www.appd.org/boards/fallmtg/) where you can leave questions and find answers from other members and from experts within the APPD, ACGME and ABP. The Discussion Board will remain open after the meeting for ongoing discussion. APPD is pleased to offer free WIFI in all meeting rooms (use code sjyw72), for your optimal participation. We are thrilled you are here and welcome your feedback!

Sessions for New Residency and Fellowship Coordinators <PC, FC>

Studio D
Presented by APPD Coordinators' Executive Committee members: Jean Ashley, MSBC, C-TAGME, Manager, Pediatric Medical Education, Univ. of Louisville - School of Medicine, Dept. of Pediatrics; Celeste M. Farley, Program Administrator, SUNY Buffalo / Children's Hospital; Teresa Flournoy, BGS, Fellowship Coordinator, Children's Mercy Hospital; Kelley Pike, BA, Residency Coordinator, Albany Medical Center; and Teresa Woods, C-TAGME, Coordinator, Pediatric Residency Program, SLU/ SSM, Cardinal Glennon Childrens' Medical Center

8:00 - 8:30 am  Welcome New Coordinators and Introductions
You are not alone!! Meet other new coordinators (and some experienced ones, too!) and learn how the APPD Coordinators' Section can support you as you navigate the complex world of Graduate Medical Education and pediatrics training.

8:30 - 9:15 am  Alphabet Soup
With almost as many acronyms as the federal government, how do we keep all the relevant organizations straight? A fun exercise will reveal what all those big and bold letters mean.

9:15 - 9:30 am  Break

9:30 - 11:45am  Year in the Program
A detailed look at a year in the life of residency training from the coordinator's perspective using both residency and fellowship program calendars.
Boxed lunches are available to all attendees. Please take a lunch and, if you are not attending the APD Lunch Meeting, return with your lunch to your meeting room from the morning, or the general session room, Salons 1-4.

**Associate Program Directors’ Lunch Meeting <APD>**

Please grab a boxed lunch and join the APD Executive Committee for a session focused specifically on APDs. We will discuss APD specific faculty development needs, including career advancement, negotiations for your multiple roles, time management, conflict resolution, and continued networking. (APD Executive Committee members attending: Aditee Narayan, MD, MPH, Chair, Duke University; Megan Aylor, MD, Oregon Health Sciences University; Hillary Franke, MD, University of Arizona; Glenn Rosenbluth, MD, University of California/San Francisco, Daniel Schumacher, MD, MEd, Boston Combined Residency Program/Boston Medical Center)

1:00-2:45pm  **APPD Plenary Session <PD, APD, FPD, PC, FC, OKP>**

1:00-1:15  **Welcome and Overview of Fall Meeting**

2:15-2:45  **Q&A with ACGME Panel Representatives**

2:45-3:00pm  **BREAK**

3:00-5:00pm  **CLER Visit <PD, APD, FPD, PC, FC, OKP>**

Facilitator: Ann P. Guillot, MD, Program Director, Pediatric Residency Program, University of Vermont

Program Participants: Kevin B. Weiss, MD, MPH, Senior Vice President, Institutional Accreditation, ACGME; David Adams, MD, DIO and Associate Dean for Graduate Medical Education, University of Vermont; Cindy Ferrell, MD, MSEd, Director, Pediatric Residency Training Program, Oregon Health & Science University; Beatriz Cunill-De Sautu, MD, Pediatric Residency Program Director, Miami Children’s Hospital; Vanessa Goodwin, C-TAGME, Pediatric Residency Program Coordinator, University of Vermont

This session will include information directly from the ACGME about the goals and requirements of the CLER visit as well as the perspective of DIO, PDs and Coordinator in preparing for and learning from a CLER visit. Participants will be given a sample CLER visit preparation tool and a sample reporting form. Ample time will be provided for interactive Q&A.

**Topics will include:**

- What are the goals of the CLER visit for the entire institution and for individual programs?
- Are there substantive differences for institutions that are free standing children’s hospitals vs. general hospitals?
- How is the CLER visit structured?
- What information will be needed other than what is in WebAds?
- Will focal topics (e.g. pt safety, QI, fatigue) change from time to time, or from institution to institution?
- How should residents, PDs, staff, coordinators be prepared? How much time does this take?
- How are the results reported and distributed? How were you able to use the results to improve your program?
- What are good ways for PDs to work with DIOs in preparing for the CLER visit and addressing issues raised?
- How will the results of the CLER visit affect future program level Self Study visits?
- What will be the structure and focus of the Self Study visits?
Thursday, October 3, 2013

1:00-3:00pm Pediatrics Milestones Session <PD, APD, PC, OKP>
Salons 1–4
Patricia Hicks, MD, MHPE, Professor of Clinical Pediatrics, The Children’s Hospital of Philadelphia; Ann Burke, MD, Program Director, Wright State University, Dayton, OH; Carol Carraccio, MD, Vice-President, Competency-based Assessment, American Board of Pediatrics; Alan Schwartz, PhD, APPD LEARN Director; Robin Young, Project Manager, APPD LEARN; Thomas Rebbecchi, MD, Vice President Assessment Programs National Board of Medical Examiners; Brian Clauser, EdD, Vice President Measurement Consulting Services National Board of Medical Examiners
This session will update the members on the work being done with the national Pediatrics Milestones project, ways in which programs can participate in next steps in that national project, and discuss how programs are responding to the requirements from the ACGME. Most of the session will be used to talk about the future and ways program leadership can be involved in APPD LEARN and other Milestones studies. This session will not provide detailed recommendations for how to use specific Milestones and assessments in your program, but will share strategies that have supported faculty development and learner feedback. Practical, hands-on orientation to APPD LEARN will involve learning how to obtain (lifetime) APPD LEARN unique identifiers for all trainees – a necessary step in using research items developed by the national Pediatrics Milestones project.
1:00-1:20pm Motivational Interviewing Performance Improvement Module
1:20-1:40pm APPD LEARN Update
1:40-2:00pm      APPD LEARN Unique Identifier Process

3:15-5:00pm      GME Finance: What everyone in GME program leadership needs to know <PD, APD, OKP>
Salons 1-4

Dena Hofkosh, MD, Program Director, Children’s Hospital of Pittsburgh of UPMC/University, Pittsburgh, PA; Adam Pallant, MD, PhD, Program Director, Brown University/Hasbro Children’s Hospital, Providence, RI; Robert Vinci, MD, Program Director and Chair, Department of Pediatrics, Boston Combined Residency Program, Boston Medical Center, Boston, MA; Susan Guralnick, MD, Associate Dean, Graduate Medical Education and Student Affairs, Designated Institutional Official, Winthrop University Hospital; Mary Ottolini, Vice Chair of Education and DIO, Children’s National Medical Center, Washington, DC; James Baumberger, Assistant Director, Federal Affairs, American Academy of Pediatrics; Ann Langley, President, Health Policy Strategies

This session will consist of a review of basic terms and concepts and a discussion about controversial topics, including the future of GME funding.

- GME Funding Basics: Who finances GME? IME, DME, How does the money get to you and your residents/fellows? What are the real costs to the institution?
- Alternative Funding Sources: CHGME, THGME, state funding, redistribution of slots
- What is new on the horizon?
- Controversies to consider: Can you afford to add residents? How much does it cost to “replace” residents with mid-level providers or hospitalists? Will we have enough GME slots for the increased number of medical students in the pipeline? Do we have to “earn our funding” by measurable outcomes including consideration of workforce needs?
- What Program Directors can do to optimize the future of pediatric medical education

3:15-5:00pm      Coordinators’ Sessions <PC, FC>
Studio D

3:15-4:30pm      Coordinators’ Plenary Session
Important information and updates from key partner organizations such as AAP, ABP, ERAS, and NRMP with opportunity for Q&A.

4:30-5:00pm      Coordinators’ Hands-on session with AAP, ABP, ERAS, and NRMP
Do you have burning questions about online programs and processes? This is your chance to talk to the experts and walk through live demonstrations.

1:00-5:00pm      Fellowship Sessions <FPD, FC>
Studio B

1:00-2:30pm      Updates for Subspecialty Programs
Mary Lieh-Lai, MD, Senior Vice President, Medical Accreditation, ACGME and Gail McGuinness, MD, Executive Vice President, American Board of Pediatrics

This one and a half hour session will be delivered in separate presentations from the ABP and ACGME. The Subspecialty Training program will be the focus of this session and will include the latest updates related to training, certification and evaluation processes including the status of subspecialty milestones.

2:30-4:00pm      Entrustable Professional Activities for Subspecialty Evaluation
Carol Carraccio, MD, Vice-President, Competency-based Assessment, American Board of Pediatrics and Joseph Gilhooly, MD, Professor, Vice Chair of Education, Oregon Health & Science University, and Chair, Pediatric Review Committee, ACGME

This one and a half hour session will be delivered in 3 parts

- Part 1 - The session will open with a brief review of the theory and application of the Entrustable Professional Activity (EPA) concept through participation in a brief video based exercise. This will be followed by a discussion of process used to develop subspecialty EPAs.
- Part 2 - Implementation next steps.
- Part 3 - How have the subspecialties addressed this need
Thursday, October 3, 2013, continued

**Membership**
Membership in the APPD is through the accredited core pediatric residency program. The greatest benefits of APPD are in connections, networking and personal relationships. APPD serves you in your personal growth, career development, program improvement, and service to faculty, trainees, and, most importantly, to the children who need medical care. If you are not a member, please contact your residency program director or coordinator and ask to be included!

**Task Forces**
The APPD has five main task forces which focus on Assessment, Curriculum, Faculty and Professional Development, Learning Technology, and Research and Scholarship. APPD members are welcome to join a task force - there is no additional fee, requirement, or specific skill needed. Join in a task force during the annual meeting, or contact one of the leaders for ongoing activities between meetings to get involved.

**Regions**
In addition to the national organization, pediatric programs in APPD are divided into regions. These regional groups have leadership opportunities, meetings, and activities which are a vital part of the APPD.

**Pediatric Education Groups (PEGs)**
New focus groups have just been added within APPD and would welcome your interest and involvement. Currently, there are three newly formed APPD Pediatric Education Groups (PEGs):
- Pediatric Global Health Educators PEG
- LGBTQ PEG
- Healthcare Simulation in Pediatrics PEG

Contact the APPD office for more information (info@appd.org).
