Associate Program Directors <APD>  
_Grand Ballroom D_

The two-part session will provide 1) an opportunity for APDs to form collaborative relationships with peers and colleagues and 2) a forum to discuss pertinent issues relevant to the role of an APD. In the first part of the session, participants will break into small groups and utilize case scenarios to facilitate discussion and highlight common challenges encountered as an APD (i.e. the struggling resident, specific programmatic issues, mentoring chief residents, conflict management). The small group breakout will be followed by a panel discussion that will allow participants to hear from experienced APDs and ask questions related to faculty development, time management etc. The session will be led by members of the Associate Program Directors' Executive Committee and Associate Program Directors' Grassroots Forum Leaders (APD SIG).

Categorical Program Directors Session <PD OKP>  
_Grand Ballroom ABC_

Program Directors will build skill and capacity and connect with each other through two sessions:

1. Nightmares of the New Program Director: Remediation, Inheriting a Tough Residency Leadership Group, Interactions with your Chair, Leave (FMLA, Maternity Leave, Paternity Leave, Medical Leave, Residents who leave mid-year) and other case discussions. This session will be led by Sharon Calaman, MD, CHSE, St. Christopher’s Hospital for Children, Philadelphia, PA and Becky Blankenburg, MD, MPH, Stanford University, Palo Alto, CA.

2. Conflict Resolution. This session will be led by Rich Mink, MD, MACM, Los Angeles County-Harbor UCLA Medical Center, Torrance, CA, Richard Shugerman, MD, Seattle Children’s Hospital, Seattle, WA, Bob Vinci, MD, Children’s Hospital/Boston Medical Center, Boston, MA, and Linda Waggoner-Fountain, MD, MEd, University of Virginia, Charlottesville, VA, of the APPD LEAD Council.

The goal for this session is to allow Program Directors to understand their personal responses to conflict and how to work with others with similar or differing conflict styles. In the course of this workshop we will:

a. Evaluate the five different conflict modes and identify your personal conflict management style
b. Recognize how your conflict management style affects how you interact with others (peers, learners, staff) and your ability to manage and lead
c. Develop an approach to modifying your personal style when needed to improve interactions with others

2:45-3:00pm  Wellness Break

3:00-5:30pm  Skill Building: Diversity, Social Justice and Inclusion <ALL>  
_Grand Ballroom ABC_

In this interactive workshop, we will engage participants in experiential learning about the impacts of diversity and social justice. We will discuss identity and the dynamics of power and privilege and we will demonstrate how to use an “inclusion lens” to develop and revise practices, policies and services within your program. Importantly, we will discuss concrete ways to engage trainees in lessons about social justice. Ultimately, we cannot simply teach about social justice and diversity and inclusion; we must advance an organizational culture – within our training programs, our departments and our national organizations - founded on justice and inclusion.
