Board certified or eligible in hematology/oncology

Completed fellowship training and certification in Pediatric Bone Marrow Transplant or at least 3 years experience working as a pediatric Bone Marrow Transplant physician.

Licensed or eligible for licensure in the State of Iowa

### **Desirable qualifications:**

Experience in patient-oriented research

Teaching competence in pediatrics for medical students and residents

Evidence of scholarly activity

Strong oral and written communication and interpersonal skills

The University of Iowa Carver College of Medicine is one of the top biomedical research institutions in the nation and ranked 39<sup>th</sup> overall and 18<sup>th</sup> among public medical schools for NIH funding in FY15. The U.S. News and World Report research ranking places the College 12<sup>th</sup> among public institutions for FY2016, and the Stead Family Department of Pediatrics ranked 24<sup>th</sup> overall and 13<sup>th</sup> in NIH funding among all public pediatric departments nationwide in FY14. The ACGME-accredited pediatric residency program at the Children's Hospital trains 42 pediatric residents.

The Stead Family Department of Pediatrics comprises the medical and research staff of UI Children's Hospital. The University of Iowa Children's Hospital is one of the nation's top-ranked pediatric care and research institutions. It is the only university-affiliated hospital in Iowa devoted solely to the care of infants, children, adolescents and young adults, and is Iowa's only accredited Level 1 Regional Resource Pediatric Trauma Center. In 2016-17 the University of Iowa Children's Hospital ranked in eight pediatric specialties in the Best Children's Hospitals U.S. News and World Report, including cancer, cardiology and heart surgery, diabetes and endocrinology, neonatology, nephrology, orthopedics, pulmonology, and urology, and is the only hospital in Iowa to be nationally ranked by *U.S. News and World Report* for children's care. A new 189-bed children's hospital is scheduled to open in 2016.
