

## **Chief Residency /Junior Faculty**

The Barbara Bush Children's Hospital at Maine Medical Center is seeking a Pediatric Chief Resident/Junior Faculty to start July 1, 2020. The Pediatric Residency program has 18 categorical residents and 16 Med-Peds residents. The Inpatient Unit has 30 beds, high acuity, and a complete range of subspecialty programs. There is a 31-bed Level 3 NICU, 20-bed Level 2 nursery, 8-bed PICU and a full range of ambulatory programs with over 7,000 outpatient pediatric visits each year. The Chief Resident participates fully in the academic and clinical mission of the BBCH.

This one year position is an opportunity for leadership development, clinical teaching of residents and medical students, and administrative experience perfect for someone looking to expand his/her skills in academic pediatrics. Clinical opportunities are available pending interest of qualified applicants in both inpatient and outpatient settings.

Candidates must be graduates of an ACGME accredited residency program in either Pediatrics or Medicine/Pediatrics.
