The Baylor College of Medicine, Department of Pediatrics, Section of Hematology-Oncology is pleased to announce job openings for hospital-based pediatricians at the Texas Children’s Cancer and Hematology Centers in the Texas Medical Center. Applications are welcome from Pediatric Board-Eligible and/or Certified physicians.

This is an opportunity to join the largest pediatric hematology-oncology program in the nation, working in close collaboration with pediatric hematology-oncology academic faculty, subspecialty fellows, and nurse practitioners. Potential candidates are expected to have excellent clinical, communication, and time management skills.

Clinicians will receive in depth training as required to provide excellent care to a diverse population of patients with unusual presentations. This position also offers the distinct opportunity to interact and to collaborate with world-renowned subspecialists in an environment focused on evidence based medicine, quality improvement, international medicine, and teaching.

Applications and inquiries should be directed to: Tim Porea MD, Hematology-Oncology Section, Department of Pediatrics, Baylor College of Medicine, 1102 Bates Avenue, Suite 1570, Houston, Texas 77030. (tiporea@txch.org) Applications should include the applicant’s CV, statement of career interests, and 3 letters of references (including names/contact information).

Baylor College of Medicine is an Equal Opportunity/Affirmative Action/Equal Access Employer and hires only individuals authorized to work in the U.S.
