Adolescent Medicine Faculty Position

Overview
and the Department of Pediatric and Adolescent Medicine, Western Michigan University Homer Stryker M.D. School of Medicine (WMed) seeks a full-time, board-certified or board eligible faculty in the subspecialty of Adolescent Medicine, to expand and enhance clinical services, research, and both medical student and resident training in Adolescent Medicine. The department has approximately 60 faculty, including approximately 20 faculty employed by the medical school.

Responsibilities
The faculty in this position will lead the development and expansion of clinical services in adolescent medicine. The clinical service is supported by full time medical social workers, dieticians, and dedicated nursing staff. The department has 2 pediatric psychologists and 1 adolescent medicine faculty. WMed has a fully accredited psychiatry residency program and 2 child and adolescent psychiatrists who work closely and collaboratively with pediatrics department to provide consultation services. The faculty in this position will lead the development, implementation and ongoing monitoring of adolescent medicine training of pediatric and medicine-pediatric residents. All faculty are expected to participate in the education of medical students and residents, and in ongoing scholarly activities. The pediatric residency program is a fully accredited program with all subspecialty care and tertiary care capabilities. The pediatric residency program has 24 residents and medicine-pediatrics program has 16 residents.

Qualifications
The ideal candidate should have strong interest and passion for medical student and resident education and scholarship. Active and engaged participation in medical school and residency administration are expected. Leadership and organizational skills are desirable attributes. The candidate must be eligible for full licensure to practice in Michigan. WMed offers competitive compensation and comprehensive benefits. Academic rank and salary are commensurate with experience and qualifications.

Western Michigan University Homer Stryker M.D. School of Medicine is a collaboration of Western Michigan University and Kalamazoo’s two teaching hospitals, Borgess Health and Bronson Healthcare. It has been in planning since 2008 and was granted preliminary accreditation from the Liaison Committee on Medical Education in 2012. The school, which welcomed its inaugural class in August 2014, is a private 501(c) (3) nonprofit corporation supported by private gifts, clinical revenue, research activity, tuition from students, and endowment income. The home of the new medical school includes the WMU Homer Stryker M.D. School of Medicine Clinics in a modern 60,000 square foot clinical building on the Oakland Drive Campus, and a 350,000 square foot educational building in downtown Kalamazoo. Located on the new W.E. Up john M.D. Campus, the educational building underwent a $68 million renovation and expansion project and opened in June 2014, and has completed an additional $10 million expansion in 2016 creating two floors supporting clinical and laboratory research.
