Scholarship Dissemination Options (adapted from APD Handbook)

Peer-Reviewed Portals:

APPD Share Warehouse

Click here for more info: www.appd.org/shareWarehouse

A virtual, web-based, collaborative project that provides a place for pediatric graduate medical educators to find and share resources, including curricula and evaluation tools.

MedEdPORTAL

Click here for more info: www.mededportal.org

A free, peer-reviewed, health education teaching and assessment resources publication service provided by the Association of American Medical Colleges in partnership with the American Dental Education Association. MedEdPORTAL is now included in MEDLINE and will be searchable in pubmed.

Save the Dates

Journals Appropriate for Curricular Innovations:

Journal	Types of Submissions	Word Limit
Academic Pediatrics	<p><u>View from the APPD:</u> One article per issue with separate peer review process. Can be focused on scholarly innovations.</p> <p><u>Brief Reports:</u> Interesting new ideas or innovations in pediatric medicine, health services, and medical education.</p> <p><u>Scholarly Innovations:</u> Place to report on projects related to teaching activities, curricular interventions, learner assessment, advising and mentoring and program evaluation that have been implemented in the last two years.</p> <p><u>Articles on Educational Research:</u> Articles describing educational interventions should reports outcomes that include changes in observed behavior or other higher order outcomes (not reactions or change in knowledge).</p>	<p>2,000 words</p> <p>2,000 words</p> <p>1,000 words</p> <p>3,500 words</p>
Academic Medicine	<p><u>Innovation Reports:</u> Meant to report on innovative pilots or early stage initiatives that lay the ground work for larger scale problems. Work must have significant implications.</p>	<p>2,000 words</p>
Journal of Graduate Medical Education	<p><u>Educational Innovation:</u> Reports on new approaches or strategies within GME that have been implemented and assessed.</p> <p><u>Brief Report:</u> Summary of a new innovation that has been piloted.</p>	<p>2,000 words</p> <p>1,200 words</p>
Medical Education	<p><u>Really Good Stuff:</u> Dissemination of descriptions of exciting new ideas in a variety of areas including curriculum design, teaching practice, assessment or evaluation and attempts at program or curriculum change.</p>	<p>500 words</p>

Educational Conferences:

Conference Name	Topic/Content/Sponsor/Other	Timing of Meeting
APPD (Association of Pediatric Program Directors)	Relevant to pediatric program directors; Great venues for networking among program directors, associate program directors and program coordinators. There are also regional meetings which are a great place to present work.	2 annual meetings – Fall (September/October) and Spring (March/April)
PEEAC (Pediatric Educational Excellence Across the Continuum)	Jointly sponsored by the Academic Pediatric Association (APA), APPD, COMSEP, and Council of Pediatric Subspecialties (COPS)	Biennial meeting
ACGME (Accreditation Council for Graduate Medical Education)	Draws ~3,000 GME educators from both the US and overseas and is geared toward current GME topics	Annual Meeting in February or March
COMSEP (Council on Medical Student Education in Pediatrics)	Geared towards medical student education	Annual meeting in April
PAS (Pediatric Academic Societies)	Largest pediatric scientific meeting and includes several subspecialty areas	Annual meeting in May
AAP (American Academy of Pediatrics)	Geared towards clinical matters or research related to subspecialty or special interest areas. There are also regional meetings which are a great place to present work.	Annual meeting in the Fall (September – November)
AAMC (Association of American Medical Colleges)	Learn Serve Lead conference focuses on the future of academic medicine from the perspectives of medical schools and teaching hospitals	Annual Conference in November
	Integrating Quality Meeting focuses on optimizing the environment for learning	Annual Conference in June

APD Spotlight: Dr. Maneesh Batra

Maneesh is an APD for the University of Washington Pediatric Residency Program and is an Associate Professor in the Department of Pediatrics, Division of Neonatology at the University of Washington and Seattle Children's Hospital. Maneesh is incredibly active in APPD. He was a previous member of the APD Executive Committee and currently is the primary investigator for the Pediatric Resident Burnout-Resilience Study Consortium which aims to "study the epidemiology, natural history and impact of interventions designed to address burnout and improve resilience in pediatric residents so they can become enduring and effective physicians."

Share Warehouse Spotlight:

Curriculum: An Innovative Educational Model Aligned with Learner Expectations for the Millennials

Authors: Drs. Abdulla Ghori, Krishna Umapathi, and Sruthi Menon

Goal: Develop an interactive method of peer education where short multiple topics relevant to pediatrics are presented in a way that engages the listener and increases the likelihood of knowledge retention

Approach: Monthly sessions presented by residents who have reviewed the latest journals of relevance in pediatrics. Each session includes 5-6 clinically relevant topics in a one hour conference moderated by a faculty member.
