Bad Presentation Bingo

“You’re on mute”	Bright and distracting font colors	Pixelated photos	Losing focus along the way	Use of jargon
Background of picture doesn’t blend with slide background	Lack of clear story arc	Impossible to read graphs & charts	“Let’s see if this works…”	No clear conclusion
Too small font	Excessive use of memes or comics		Animation for animations sake	Different fonts throughout
“in the interest of time, I’ll skip past these…”	“I know this slide is busy, but…”	Pictures overlap each other	Monotone or robotic delivery	Slides are mostly text
Presenter reads slides verbatim	“This worked when I tried it before…”	No space between bullets	Comic Sans is your font of choice	Apologizing profusely
