

PEDIATRIC CRITICAL CARE AT UB

Learn from Pediatric Critical Care medicine experts at a Level 1 Pediatric Trauma Center.

You will be mentored and trained to be able to take the lead during daily multidisciplinary morning rounds once you reach your second year of training.

Consistent research collaboration with our NICU and PEM departments leads to innovative and high-quality projects guided by faculty mentors.

Pediatric Critical Care Medicine Fellowship

PDs: Maya Dewan and Matthew Zackoff

- Training occurs in our 48-bed PICU and 36-bed CICU located in our brand-new critical care building
- Focused curriculum in quality improvement, education, and research provided for all fellows within protected didactics and project based learning
- Additional opportunities for advanced simulation training, T32 basic/translational/pharmacology 4th year, masters in medical education and other advanced degrees, and operational excellence 4th year plus more!

Cincinnati is an amazing affordable city with great hiking, parks, sports, schools and childcare, music, theater, and friends

Come follow us @CincyKidsPCCM

University of Colorado Children's Hospital of Colorado

Angela Czaja, MD PhD (PD)
Ryan Good, MD (APD)
Joyce Carpenter (PC)

Program Mission: To train the future leaders of pediatric critical care, who will provide compassionate and high-quality care and contribute to the advancement of critical care medicine.

Who we are...

11-12 fellows

20 physician faculty, 15 advanced practice providers

Interprofessional care ICU teams

Program Training Goals

High-Quality Comprehensive Care

32 (flex to 48) bed PICU with 5-state catchment area resulting in high-volume, diverse patient population (trauma, ECMO, CRRT, transplant)

16 bed CICU with active surgical program

Anesthesia and pulmonary rotations

Scholarship/Research

Consistent NIH funding for basic, clinical/translational and data science research

Individualized approach to scholarly activity based on fellow passions, interests and career goals with wide range of academic foci

Wellness/Resiliency/DEI

Resources to support wellness and resiliency, individual and team-based

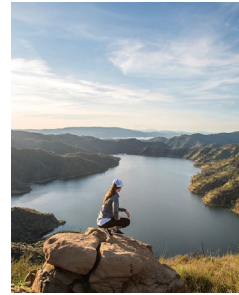

Commitment to DEI within the program and institution

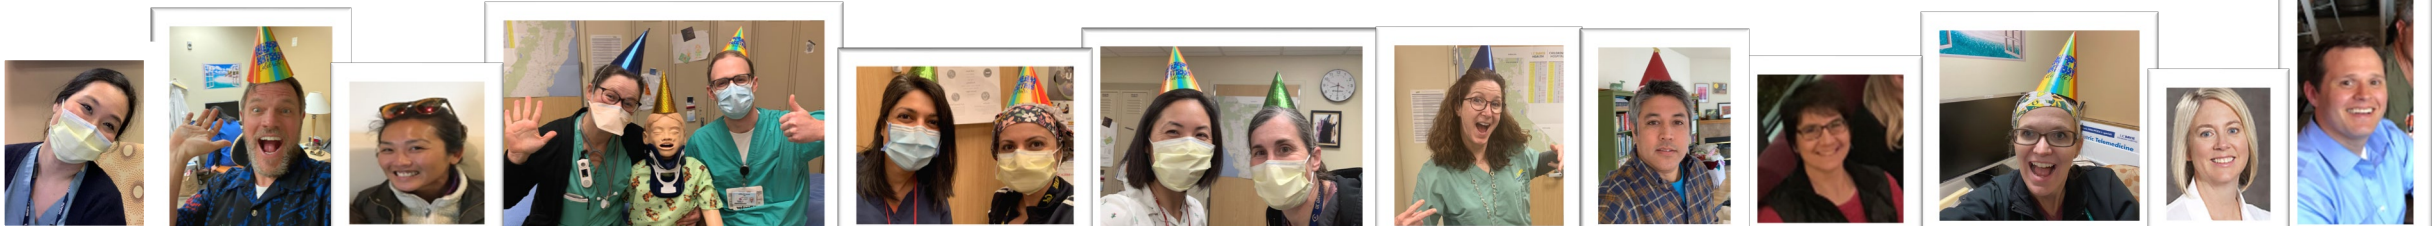

- New program (2020)
 - Be the 3rd fellow - build legacy!
 - Personalized, individual training
 - Fellows' College
- UC Davis Med Center
 - Top 35 diversity employers

- Mixed 24-bed unit
 - >1800 admissions/yr
 - Busy Level 1 Trauma
 - 100 bypass cases/yr
 - ECLS Platinum Ctr of excellence
- 15 awesome faculty
 - Research interests:
 - Telemedicine
 - Simulation, Med Ed
 - Cong heart dis screening

- Sacramento, CA
 - Diverse population
 - "Farm to fork capital"
 - Proximity to Bay Area, Tahoe, Napa & more

University of Illinois College of Medicine at Peoria

- PD – Jon Gehlbach
 - jgehlb2@uic.edu
- APD – Ed Martinez
 - emarti36@uic.edu
- Coordinator – Jenny Doerr
 - jjdoerr@uic.edu
- 2 fellows/year
- NEW program in 2022
 - 1st pair of fellows started this month
- Mixed unit (combined cardiac/medical)
- 32-bed critical care floor (16 ICU)

Program Culture

- You can help create it!
- Emphasis on clinical excellence with individualized scholarly goals
- 9 diverse PCCM faculty, all eager to teach/mentor

Institution Culture

- Growing division with ability to support scholarly projects in variety of areas
- On-campus world class Jump Simulation & Innovation Center
- 3rd peds fellowship to start in last 2 years

Geographic area/Culture

- Only PCCM fellowship in downstate IL
- Large geographic referral area (mix of suburban/rural) along Illinois River valley
- Fantastic quality of life and cost of living

THE UNIVERSITY OF ILLINOIS
COLLEGE OF MEDICINE
PEORIA CHICAGO ROCKFORD URBANA

University of Iowa Pediatric Critical Care Fellowship Program

Sarah Haskell, PD

University of Iowa
Stead Family
Children's Hospital

Why choose us?

The Hospital

- * only Free-standing tertiary care children's hospital in Iowa
- * Six fellows total (approximately 2/year)
- * 28 bed PICU
- * Mixed Cardiac and Med/Surge PICU
 - CVICU run entirely by Pediatric Intensivists
 - Intensivists with additional Cardiac ICU Training
- * Ranked by US News and World Reports in 7 different Pediatric categories
- * Solid organ and Bone marrow transplant patients
- * VA/VV ECMO (~20-25/year in pediatrics)
- * Renal replacement therapies: Prismaflex and carpedium
- * ALL pediatric subspecialists and pediatric surgical specialties available
- * Travel Support for conferences and presentations
- * National PICU Bootcamp through CHOP for first years
- * Rapidly expanding Simulation Program: in situ, transport, DEI, DBN
- * 14 PICU Faculty, including those with additional cardiac training
- * Close contact/communication with all subspecialties

The Location:

- * Iowa City – College town life with college town benefits
- * Big 10 sports
- * Easy/great commutes
- * Cost of living
- * The beauty of the Midwest
- * The beauty of the Midwest hospitality
- * Great faculty to work with
- * Great unit staff to work with
- * Great location for travel to surrounding areas
- * Arts, Music, festivals galore in Iowa City

TAGME

Program specifics

- 28 bed PICU
- 20 bed CVICU
- 257 bed stand alone Children's Hospital
- Protected time for weekly academic half day that includes traditional didactics, sim, diversity and health equity, and inter-disciplinary conferences
- Research training curriculum with additional funding available

Program Culture

Our mission is to be innovative in our educational strategies and individualize your experience to your career goals

Institution Culture

The institution is dedicated to being a leader in the community and nationwide. We prioritize developing physician leaders.

Geographic area/Culture

Situated on the Gulf Coast of Florida, our location lends itself to outdoor activities 365 days a year! We have great sports teams and many museums with a thriving food scene. Plus, post-call sunsets on the beach are a plus!

25-bed PICU
14-bed CTICU
Busy Transport Service
250-bed Children's Hospital
Serves 4-county Inland Empire
Service >1.2 million kids
Designated Level 1 Trauma
More than 1800 PICU admissions/year
More than 800 transports/year
VAD/ECMO Program
Cardiac Transplant Program
Kidney Transplant Program
Bone Marrow Transplant Program
Renal Replacement Therapies
HIGH Volume
HIGH Acuity
State-of-the-art Simulation Center

The Program

This program seeks to develop outstanding clinicians, educators, and researchers in pediatric critical care by providing a strong foundation in medical knowledge and ethics, skills in teaching, mentoring, and communication.

The Institution

Grounded in faith, we unite the strengths of healthcare, education, and research to deliver world-class care. Graduate medication education for over 800 residents and fellows in 60 accredited programs.

Geographic Area

Located in the sunny Inland Empire of Southern California, Loma Linda University boasts access to rich natural beauty and historic sites. It opened in 1905 by the Seventh-Day Adventist Church. Loma Linda is designated as America's only "Blue Zone", and LLU has a legacy of promoting health, longevity, and wholeness.

Children's Hospital at Montefiore PCCM - Bronx, NY

Who We Are:

- 6 fellows, 2/year
- 12 PCCM attendings
- NPs/hospitalists
- Large subspecialty groups
- 23 pediatric fellowships

Program Specifics:

- 26 bed unit
- Renal, liver, heart transplants, BMT, CAR-T
- ECMO, CRRT, MARS (one of 4 national centers)
- Well established (since 1986)
- Robust curricular/simulation program

Program Culture:

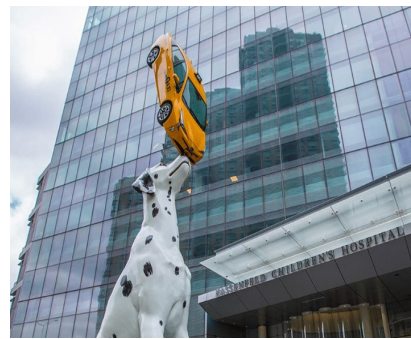

- Good camaraderie between fellows and attendings
- No ACGME citations
- ACGME commendations for several years
- Hybrid schedule – no night float, limited 24h shifts
- Wellness-conscious

Hospital Culture:

- Emphasis on community advocacy and service
- Multiple DEI opportunities, opportunities to get involved
- Diverse staff, patients and community

Lifestyle:

- Northernmost Bronx - safe neighborhood!
 - Commute from suburban Westchester Co, Long Island, NJ or NYC
 - Subsidized on-and off -campus housing available
- Access to all NYC attractions and surrounding area (1hr to beach, mountains)

New York University Grossman School of Medicine

Our program in a slide.....

Location

- NYC – Central location in midtown Manhattan
- Lots of areas to live in nearby, easy location for commuting/travel

Facilities

- Hassenfeld Children's – 16+6 bed PICU and 12 bed CCVCU
- Quaternary Care – Transplant, ECMO, CVVH, HFOV...
- Bellevue Hospital Center – 7 bed PICU
- Community PICU Experience Trauma Center; referral for NYC H&H public hospital system

Core Program

- Robust clinical exposure
- Comprehensive didactics
- Experiential learning with simulation

Values

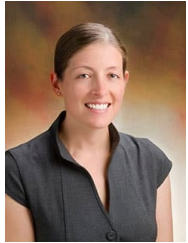

- HRO and safety culture
- Individualized learning and mentorship
- Patient and Family Centered Care
- Commitment to Equity, Diversity and Inclusion

People

- Faculty from diverse training programs
- Diverse scholarly interests
- Cohesive and supportive group
- Love what we do!

All about the PEOPLE!!!

Program Facts

- First PCCM Fellowship in the country
- DEI are foundational to culture
- 18+ fellows; 42 faculty (PICU)
- Categorical & combined training path opportunities (Anesthesia, Cardiology, Informatics, etc.)
- Countless opportunities in research, education, advocacy, and leadership

Mission: To prepare fellows, as clinicians and academicians, to deliver the best patient care possible and to become leaders in PCCM

Program Culture

- Work hard, play hard
- 75+-bed PICU with > 4K admissions/yr (and growing)
- Diverse, unique contributions of each individual valued
- Broad variety of interests in faculty & fellows

Geographic area/Culture

- 6th largest city in U.S.
- Excellent restaurants (BYOs abound)
- Sports, arts, outdoor activities, largest urban park in the U.S., 75-mile riverside recreational trail; close proximity to NYC, Baltimore, DC, Lancaster, Poconos, beach, skiing/snowboarding, and so much more!

Current fellows

Program

- 13 total fellows
- 490-bed Children's Hospital
- 44-bed PICU with >2000 admissions per year
- 30-bed CVICU with ~600 heart surgeries per year

People

Program Director
Michael Green

Associate Program Director
Blake Nichols

Program Culture

- "A big program that doesn't *feel* big"
- Attendings have an "open door" policy

Institution Culture

- Commitment to **wellness** including Resident Wellness and Counseling Center
- Expanding **diversity**, with opportunities such as Housestaff Emerging Academy of Leaders (HEAL) for Underrepresented Groups
- UTSW has large, diverse faculty that includes 4 current Nobel laureates
- 2020 analysis of pediatric critical care research authorship placed Children's Medical Center as **most influential** center ranked by 4 influence measures (PCCM)

Geographic Area

- North Texas is the **fastest growing** of all major metropolitan areas in the US
- Dallas was recently named among the top 20 most **diverse** cities in the US (Bloomberg)
- Bon Appétit named Dallas the 2019 Restaurant City of the Year.

- Faculty
 - 22 clinical
 - 10 research
- Fellows
 - 3-4 fellows/year
 - 11 current fellows
- Leadership
 - Andy Smith-PD
 - Stephanie Goldstein-APD

Clinical Highlights

- Serves as only pediatric trauma and quaternary care center for five states
- 28-bed PICU
- 18-bed CICU
- Full range of technologies
- Balanced spectrum of pathologies from the most common to the most complex within a single unit
- Graduated autonomy and clinical schedule spread over three years
- 12-hour clinical shifts in weeklong blocks with no 24-hour coverage

Scholarly Highlights

- Tailored scholarly program to meet each fellows' interest and goals
- Home of NIH-funded national data coordinating center for CPCCRN and other multi-institutional research
- Broad scholarly expertise from the bench to large clinical trial design
- Opportunities for additional training in clinical research, informatics and education

Being a PICU fellow is hard;
We do it differently in Utah.

- Our goal is the right balance between academic rigor and personal wellness.
- Our graduates are ready to be outstanding clinicians and experts in their academic area of interest.
- Our hospital is steps from world-class mountains and outdoor activities

University of Virginia Charlottesville, VA

Clinical Stats

- 1000 admissions per year
- Enormous catchment area (VA, WV, TN)
- 250 CPB cases per year
- 10-15 heart transplants per year
- #20 USNWR Cardiology/Cardiac Surgery
- ❤️ surgery partnership w/ CHKD & VCU
- Level 1 Trauma Center
- ECMO/VAD program
- Liver and renal transplant program
- CAR T-cell and HSCT (new) programs
- Home of VA Poison Control Center

Curriculum

- 72 clinical weeks
- 56 weeks ICU
- 8 weeks Sedation
- 4 weeks Anesthesia
- 4 weeks Elective
- Comprehensive education curriculum - didactics, simulation, chapter reviews...
- PALISI Clinical Research Course
- First Year Boot Camp
- CNH POCUS Course
- Open Pediatrics Curriculum

The Basics

- 20-bed combined CICU/PICU (plan to expand to 25-beds in 2022) – two separate rounding teams
- 6 bed intermediate care unit
- 1-2 fellows per year
- 10 PCCM trained faculty
 - 4 dual-trained in Cardiology
 - 1 dual-trained in Palliative Care
- 8 Advanced Practice Providers
- 24/7 in-house attending coverage

Life in Charlottesville

- College Town (pop. 150,000)
- 2 hours to DC, 1 hour to Richmond
- 20 minutes to the Blue Ridge Mountains
- Outdoor paradise – hiking, biking, running, skiing, kayaking, rock-climbing...
- Vibrant restaurant, arts and music scene
- Dozens of wineries and breweries
- Dog/Kid friendly
- Affordable housing available close to work

Pediatric Critical Care Medicine Fellowship

Department of Pediatrics
UNIVERSITY OF WISCONSIN
SCHOOL OF MEDICINE AND PUBLIC HEALTH

Melissa Cercone, MD

Fellowship Program Director

About the Program

The University of Wisconsin Pediatric Critical Care Medicine Fellowship program provides balanced, well-organized, and progressive clinical, technical, research, teaching and consultative experiences. At the heart of our program is an elite children's hospital, American Family Children's Hospital (AFCH). By encompassing a collaborative approach of caring for all critically ill children admitted to AFCH, the Pediatric Critical Care Fellowship works towards the common vision of delivering state-of-the art and comprehensive medical care. Clinical training experiences include rotations with pediatric anesthesiologists, the pediatric sedation program, the pediatric cardiovascular intensive care unit, and didactic training in helicopter and ground transport. Fellows may also choose to participate in elective rotations including but not limited to adult critical care, neurosurgical critical care, transport, respiratory care, pharmacy, critical care nursing, neonatal critical care, burn care, and global health.

Institutional Culture

Our GME programs are consistently recognized for their ongoing strength and innovation, and we understand the power and value of diversity. We've developed programs and protocols within our GME programs to ensure we are moving forward and building inclusive work and health care environments.

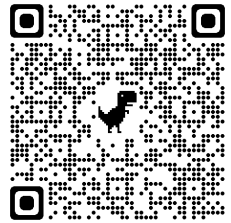

Geographic Culture

A vibrant, picturesque city with a population just over 250,000, Madison is the state capital and the home of the University of Wisconsin. While boasting many big city amenities, Madison is an easy city in which to live. Commutes are short, the cost of living reasonable, and it's a great place to work, have fun, and raise a family.

Follow to learn more!
@WiscPedsRes

Yale Pediatric Critical Care Medicine Fellowship

Program Goals

Provide excellent **clinical training**
Provide excellent **education**
Provide excellent **academic training**

Collegial and friendly Faculty!

PD: John Giuliano, john.giuliano@yale.edu
APD: Ric Pierce, richard.pierce@yale.edu
PC: Sheryl Richetelli, sheryl.richetelli@yale.edu

Program at a Glance

19 Bed (23 flex), fellow-run PICU (6 total fellows, 2 APRNs)
Flexible call schedule (q4 on service, q7 off service)
All Pediatric medical and surgical subspecialties
(Liver/Kidney/Heart/BM Txp, CAR-T, Level 1 Trauma Center)
All organ support modalities (HFOV, ECMO, CRRT)
Active Sedation and Transport Services

Program Culture

Adaptable, fellows-first program
Focus on time for academic work: ≥ 19 months of research time
Pathway Focus: Basic or clinical science, QI/MedEd training, global health
Opportunities for additional training

Geographic Location

Train at Yale New Haven Hospital

202 bed pediatric hospital within a hospital
Nationally ranked in 6 peds subspecialties
Small town feel, big city amenities
Diverse city, worlds best pizza!

Institutional Culture

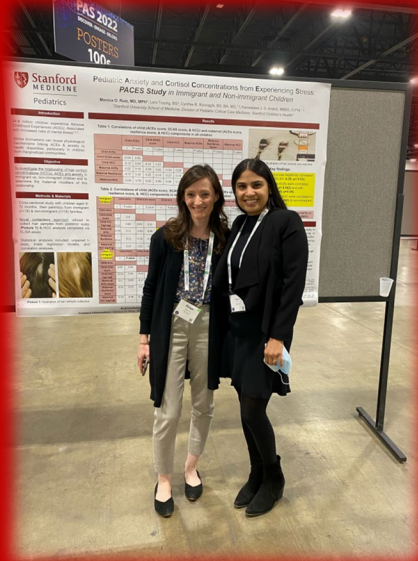

Elite academic resources
Commitment to Social Justice
Highly supportive environment

Stanford Pediatric Critical Care Medicine

Diverse Clinical Training

Individualized Scholarship

Amazing People

Life in the Bay Area

Fellowship

- Intentionally small (1/year) program
- High acuity and procedurally heavy
- Close working relationship with faculty
- Formal clinical mentor program
- Fellows expected to take clinical leadership role very early in training
- Focus on “pre-tending” during third year
- Faculty with diverse training backgrounds and clinical expertise/interest

PCCM Faculty

Gary Ceneviva, MD
Division Chief

Adrian Zurca, MD, MEd
Program Director

Clinical Environment

- Children's Hospital with 8 floors
- 18-bed mixed PICU
 - Separate Intermediate Care Unit staffed by non-PICU physicians; care for less acute patients often cared for in other PICUs
 - Able to expand clinical services up to 24 ICU patients
- High acuity
 - Severity of illness-adjusted mortality ranks amongst the highest nationally
- Level 1 pediatric trauma center
- Children's Heart Group one of 11 programs in the US with a maximum 3-star STS rating

Research/Scholarship

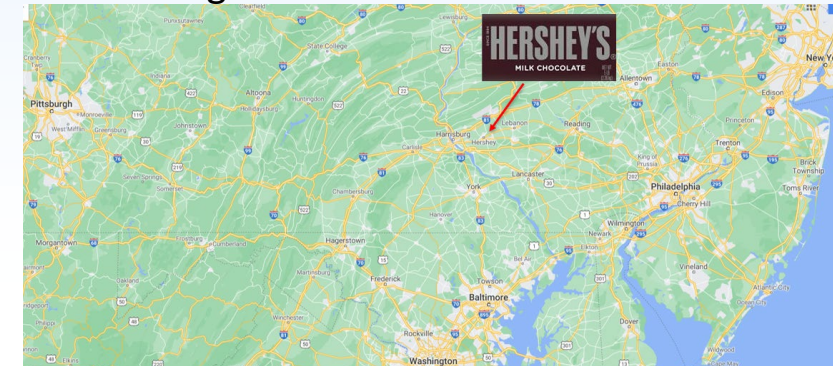

- Division actively participates in multicenter clinical, quality and educational collaborative research studies (e.g. PALISI, CAPCCRN, EPIC)
- Support for wide range of research interests (clinical, basic science, education, simulation, quality, DEI, etc.)
- Neal Thomas (PALISI co-chair) serves on all fellows' scholarly oversight committees

Education

- Protected academic day (Mondays)
- Integrated simulation curriculum
- Availability of Masters courses (MEd, MSc)

Geographic area/Culture

- Large catchment area
- Mix of urban, suburban and rural patients
- Low cost of living, easy commute
- Close proximity to NYC, Philadelphia, D.C., Pittsburgh

The Program

We strive to develop remarkable physicians, skilled educators, and confident researchers by providing a robust foundation in didactics, procedural skills, clinical acumen, interdisciplinary team management, teaching, and mentoring.

The Hospital

A standalone children's hospital sponsoring 3 residency programs and 12 fellowship programs.

The Area

Louisville is a great city in which to live! We have a nationally accredited parks system, the nation's largest municipal forest, the Kentucky Derby, University of Louisville Cardinals, Lou City FC, Kentucky Center, and KFC Yum! Center
