

## Goryeb Children's Hospital Minority Visiting Clerkship Program

New Jersey's Goryeb Children's Hospital at Morristown Medical Center welcomes applicants for our 3<sup>rd</sup> Pediatric MVCP cohort. Full-time, fourth year URiM students in good standing at accredited US, Canadian and ECFMG medical schools are eligible to apply. Third year URiM students who have completed their last quarter core clerkships in medicine, surgery, pediatrics, and obstetrics are also eligible.

Please contact GME Coordinator, Kiley Alpert at

with any questions.

## Goryeb Children's Hospital Minority Visiting Clerkship Program

The Atlantic Health System (AHS) Minority Visiting Clerkship Program (MVCP) provides support for fourth-year medical students from underrepresented in medicine (URiM) groups as defined by the AAMC, including, but not limited to African American, Hispanic/Latino and American Indian/Alaska Native, to complete audition rotations for AHS residency programs\*. MVCP participants are assigned a faculty advisor and offered opportunities to network with AHS faculty, house staff and students. Accepted students will also be guaranteed an interview to the rotating program.

Full-time, fourth year URiM students in good standing at accredited US, Canadian and ECFMG medical schools are eligible to apply. The MVCP welcomes URiM students regardless of citizenship, so long as the student is in good standing with their school and/or ECFMG. Third year URiM students who have completed their last quarter core clerkships in medicine, surgery, pediatrics, and obstetrics are also eligible. In addition to completion of core requirements, all students applying to the MVCP must have completed USMLE Step 1 or COMLEX Level 1 prior to the start of their rotation.

*\*The MVCP is currently open for applicants of pediatric audition rotations at Morristown Medical Center and will be expanded to more specialties soon.*

Details on how to apply, what materials you need for your application, and rotation specific information can be found on the next page.

## Goryeb Children's Hospital Minority Visiting Clerkship Program

### How do I apply?

Using our online system ([linked here](#)), learners may apply for pediatric sub-intern (audition) rotations with a start date of August 1, 2023, or later. Applications will be accepted March 1 through April 15. The review period is April 16 through May 14 and students will be notified of acceptance or denial on or about May 15. Though you will be able to submit information starting March 1, applications will only be assessed once the review window begins on April 16.

### Atlantic Health System Learner Online Application Instructions

- For the '*I am applying for a rotation at*' field, select '*Morristown Medical Center*' from the drop-down menu
- For the '*I am applying for (specialty/subspecialty)*' field, select one of the following
  - PEDIATRICS Inpatient Sub Internship
  - PEDS – Neonatal ICU Sub Internship
  - PEDS – Pediatric ICU Sub Internship
  - *Applicants are welcome to apply for all three experiences-please note that each requires submission of a separate application*
- Check off '*I want to apply for the AHS Minority Clerkship program*'
- Complete the remaining information and uploaded the requested documents

### Do I need to prepare specific materials to apply?

Applicants for the MVCP need to complete the online application and submit the requested materials for the rotation-no additional documents or materials are needed for the MVCP:

- CV
- Medical school transcript (unofficial transcripts are permitted but please include both basic science and core clerkship grades)
- USMLE or COMLEX transcript
- Photo

### Pediatric Sub-Intern Rotation Specifics:

- Applications will be accepted March 1 through April 15
  - Applications will be reviewed between April 16 and May 14
  - Students will be notified of acceptance or denial on or about May 15
- We offer three pediatric sub-intern rotations: Pediatric Inpatient, PICU & NICU
- Pediatric audition rotations are only available August through February, are four weeks in length and must start the first Monday of the month
- Due to our limited number of spots, we prefer candidates who will be applying for pediatric residency
- Student rotators are allowed 3 excused absences for interviews/holidays. Any days off needed beyond 3 will need to be made up with weekend shifts.
- Though we currently do not offer student housing (rotators typically need to set up their own accommodations for the duration of the rotation) we will work with accepted students to address any barriers to the experience.

If you have any questions about the rotation, requirements or the online application, please contact GME Coordinator, Kiley Alpert at [kiley.alpert@atlantichealth.org](mailto:kiley.alpert@atlantichealth.org)
