SCHOOL OF
MEDICINE
DEPARTMENT OF PEDIATRICS

Pediatric Hospital Medicine Fellowship

Program Director: Maria Heubeck, MD
matodd@salud.unm.edu

Program Goals

To train academic pediatric hospitalists who are leaders in the care of hospitalized children through a robust curriculum that focuses on high quality family centered care, medical education, research, and quality improvement

Program Culture

Provide individualized mentorship and an individualized learning curriculum to meet the needs, interests, and career goals of each individual fellow

Program Highlights

- New, 2-year training program with 2 fellows per year
- Unique rotation *staffed by PHM faculty* on the delivery of moderate sedation and PICC line placement
- Opportunity to complete a Master's Degree within the institution as well as obtain Achievement in Medical Education Certification

Life in the Land of Enchantment

- NM is a culturally diverse state with the highest proportion of Hispanic and Native American people in the U.S.
- NM offers excellent weather and outdoor recreation year round
- Albuquerque rests at the base of the Sandia mountains and hosts the International Balloon Fiesta (the largest gathering of hot air balloons in the world)

University of New Mexico Children's Hospital

- Catchment hospital for the state and surrounding rural areas with exposure to higher acuity on inpatient service
- Referral center for specialized pediatric care services, pediatric surgical services, medically complex care, and pediatric rehab services
- Serves a diverse population in metropolitan and rural communities of NM as well as neighboring states
- PHM group staffs the General Pediatric Unit, Pediatric Specialty Unit and Carrie Tingley Rehabilitation Unit with a combined 71 beds. In addition, there is a 20 bed PICU, 24 bed level IV NICU and has the state's only Level I Trauma center for pediatrics

@achphm

Education

- ACGME-accredited, 2-year fellowship
- 1 fellow per year, increasing to 2 soon
- Individualized clinical and research curriculum with many elective options
- Medical education experience with students, residents, & faculty

Clinical

- 336-bed freestanding children's hospital - all subspecialties, level 1 trauma center
- Section of 20+ hospitalists
- Teaching & hospitalist only teams
- ~6,000 patients on our service annually
- No night shifts as a fellow

Research

- QI training available
- Many research opportunities including QI, database, clinical trials
- Dedicated support for trainee research, including study design, data, and statistics
- Support for local, regional, and national conference presentations

Little Rock

- Population 200,000
- Low cost of living with ample parks, museums, gourmet dining, nightlife
- 217 sunny days a year
- The Natural State - 52 state parks, rivers, lakes, world-class mountain biking trails, and more

Pediatric Hospital Medicine Fellowship

1

Fellow Position per Year

Flexible Curriculum

- Two-year ACGME-accredited program.
- We emphasize professional and personal balance.
- Within the requirements of the program, we can modify fellow training to accommodate individualized needs and strengths, as well as hone learning to support a fellow's specific professional interest.

20

Faculty

Interdisciplinary Research Opportunities

- Fellows receive a high level of guidance from faculty in developing their clinical and research skills.
- We foster fellows' unique interests and future career goals, engaging them in scholarly activities in a variety of fields as they perform clinical, bench, or translational research and/or pursue graduate education.
- Pediatrics has a well-established tradition of interdisciplinary collaboration within the Medical Center and across the University of Rochester.

56

General Care Unit Beds

Subspecialty and Complex Care Experiences

- Fellows obtain a vast amount of clinical experience due to the volume and diversity of patients.
- Fellows have opportunities to directly participate in a variety of sub-specialty experiences, including the newborn nursery, pediatric intensive care, pediatric emergency medicine, palliative care, and child abuse.
- Fellows gain exposure to children with complex chronic conditions.

Living in Rochester

- Third largest city in New York
- Offers array of cultural and recreational activities
- Cost of living is significantly below the national average
- Close proximity to Finger Lakes region

UCSF Pediatric Hospital Medicine Fellowship

Committed to providing unsurpassed healthcare for children and educating future academic hospital medicine leaders.

UCSF Department of
Pediatrics
Transforming child health

We aim to train leaders in academic Pediatric Hospital Medicine with clinical expertise in the family-centered care of hospitalized children, particularly those with medical complexity.

Graduates will go on to become expert clinicians, leaders in hospital safety and quality, excellent educators, and researchers in academic hospital medicine.

Program Overview

Program Organization

1/3 Core Clinical

PHM, Complex Care, Subspecialty Co-Management, Pain & Palliative Care, Newborn, Sedation, Community PHM

1/3 Systems and Scholarship

Robust mentorship by Research Director and faculty, research training and curriculum, Fellow's College, Journal Club, Works in Progress meetings, Master's level coursework through the Clinical and Translational Science Institute.

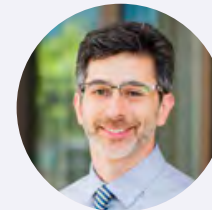

1/3 Individualized Curriculum

Fellow didactics, GME pathways, clinical electives, Lean/QI training, teaching certificates, coursework through the School of Medicine and UCSF Health

Program Highlights

- Program began in 2012
- ACGME-accredited in 2020
- Two-year training program
- We accept two fellows per year
- 20 + core teaching faculty
- All graduates have obtained teaching hospital faculty positions after graduation
- Three training sites: Benioff Children's Hospitals SF and Oakland, and Washington Hospital
- UCSF is a US New Top 10 Medical School

Pediatric Hospital Medicine Fellowship

Mission Statement

The mission of the Pediatric Hospital Medicine Fellowship at the Medical University of South Carolina is to prepare pediatricians for faculty positions as academic pediatric hospitalists. Our fellowship has a research focus while meeting the clinical and educational requirements of the developing subspecialty of Pediatric Hospital Medicine. We have a strong track record of training academic pediatric hospitalists, and 100% of our MUSC PHM Fellowship graduates currently hold faculty positions at pediatric academic hospitals throughout the country!

Curriculum: Core Clinical Rotations

Pediatric Hospital Medicine Service includes complex care as well primary management of ALL subspecialty patients with consultation and co-management of surgical subspecialties

Care and stabilization of the critically ill child through PICU/Intermediate Care experience and care and stabilization of the newborn in the nursery and STAB unit

Elective options are varied and include rotations in Internal Medicine, transitions in care, Child Abuse and Neglect, Palliative Care, Emergency Medicine, and Sedation among others

Fellow Successes

Recent fellow scholarly projects have involved health services, medical education, and quality improvement research.

Our fellows routinely present their scholarly work at national meetings including APPD, PAS, and PHM and every graduating fellow has had their project result in peer reviewed publications.

Inova Children's Hospital PHM Fellowship

<http://www.inova.org/phmfellowship>

Established in 2021

@InovaPHM

Who we are:

Inova Children's Hospital is located in Falls Church, VA, about 10 miles southwest of Washington, DC. We are a robust PHM Division with 40 faculty members.

Inova Children's is home to:

Level 1 Trauma Center
226 Pediatric-beds
PICU, CICU, Level IV NICU
Northern Virginia Campus, University of Virginia SOM

As a tertiary-care referral center for Virginia, Maryland and West Virginia, our Program offers ample opportunities for PHM Fellows to gain experience caring for children with a variety of diagnoses, ranging from common general pediatric conditions to those with greater medical complexity, which require a multidisciplinary approach.

Program stats:

2-Year Fellowship Program, 1 Fellow/Year
Community Hospital site: Winchester Medical Center

Strengths: Quality improvement, medical education, individualized curriculum, collegial working relationships with other pediatric subspecialists, formal didactic curriculum, commitment to initiatives focused on DEI and ample opportunity to present scholarly activity at a national level

Our current **AMAZING** Fellows!
Dr. Christine Klingaman (PGY-4) &
Dr. Lani Kroese (PGY-5)

Program benefits:

Competitive salary
(2022-2023: PGY-4 \$75,106.89, PGY-5 \$78,412.12)
Educational stipend: \$1,000/year

Eligibility to participate in Inova's 401K, disability/life insurance and health/dental/vision plans
Paid parental leave
4-weeks paid vacation/year

Where we are:

Fairfax County is one of the fastest growing and most diverse areas in the nation! It is home to great schools, great food, professional sports, and outdoor activities making it an ideal place to live and work.

Stanford Pediatric Hospital Medicine Fellowship Program

Mission: To train innovative leaders in pediatric hospital medicine who will advance our field through excellence in scholarship, teaching, and high value, evidence-based clinical care within the hospital and across health systems to promote the health and equity of all children.

Highlights:

- ACGME-accredited, est. 2013; 2 fellows/year
- Highly individualized and innovative curriculum
- Wide breadth of research and career development opportunities across 7 schools on campus
- Well-rounded clinical training
- Current and past fellows with outstanding track record in scholarship and leadership locally and nationally
- Excellent mentorship; supportive and inclusive learning climate

SCAN ME

Pediatric Hospital Medicine Fellowship

at the University of Alabama at Birmingham

Established in 2012 and among the first ACGME credentialed, the UAB PHM Fellowship seeks to train the next generation of academic leaders in Pediatric Hospital Medicine. Our unique program offers a flexible curriculum, tailored to maximize the potential of each fellow.

PROGRAM

- 2 Fellows per year
- 2 Year program / Optional 3rd for advanced degrees (about half of our fellows elect to **pursue graduate certifications / Master's**)
- Individualized and flexible curriculum
- Fellows are integrated into an inclusive and supportive PHM division of faculty with diverse scholarly interests

INNOVATION

- *Transitional Mentorship Program* – maximizes the productivity of our fellows during fellowship
- *Graduated Autonomy Program* – instills confidence in team leadership, preparing for the real world after graduation
- *Assistant Medical Directorship* – imparts experiential learning in hospital operations
- *Fellow Advocate* – DEI and fellow wellness are core program values

Children's
of Alabama®

PROGRAM HIGHLIGHTS

- Up to \$10,000 in financial support for books, conferences, and graduate training
- Experienced mentorship in medical education, community advocacy, clinical research, quality improvement science, health administration, and everything in between
- Successful track record with all graduates obtaining academic appointments immediately after graduation and over half in leadership roles within 2 years
- **Enroll in UAB's national leading graduate programs such as healthcare quality and safety and health administration**
- Excellent clinical training with a broad depth of clinical pathology with robust subspecialty support
- Opportunities for formal teaching of medical students, residents, fellows, and faculty

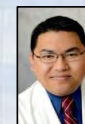

STATE-OF-THE-ART FACILITIES and EXPERIENCED FACULTY

- **Children's of Alabama, the only freestanding quaternary care hospital in the state**
- 332 pediatric beds and 48 NICU bassinets
- Busiest Pediatric ED in the Southeast
- Open 25 bed ICU Step Down unit
- **Tied for best children's hospital in the Southeast by US News and World Report**
- Ranked in all 10 pediatric subspecialties by *US News and World Report*
- **#1 America's Best Large Employer / #1 Best Employer for Diversity – Forbes 2021**

Pediatric Hospital Medicine Fellowship

- Two year ACGME-accredited fellowship in a collegial, smaller division
- Diverse patient population in an urban setting, tertiary referral center for central Virginia
- Exposure and individualized training in:
 - Clinical Medicine
 - Quality Improvement and Research
 - Medical Education
 - Leadership
- Conferences/Educational sessions include:
 - PHM-specific curriculum
 - Interdisciplinary and inter-subspecialty conferences
 - Departmental conferences
 - Pediatric subspecialty fellows core curriculum
- Additional opportunities:
 - Teaching in Medical Education Certification through VCU School of Education and School of Medicine
 - The Grace E. Harris Leadership Institute Leadership Development Course at VCU

UCI/CHOC PHM Fellowship at a Glance

QUICK FACTS

1

1 fellow per year, ACGME accredited fall 2021

28

28 PHM Division members, mix of board certified and board eligible via fellowship and practice pathways

>500

More than 500 residents, fellows, and medical students providing opportunities for teaching, mentorship, and comradery

>7k

Children cared for every year by PHM division at primary site (CHOC) with additional 2500 at community site (CHOC at Mission)

CHOC

DIFFERENTIATORS

Performance Excellence Program (PEP) – Intensive 4 month QI course

Clinical Excellence – High volume of broad spectrum of cases, level 1 trauma center, level 4 epilepsy center, asthma center of excellence

Behavioral and Mental Health – Inpatient eating disorder unit, comprehensive in- and outpatient mental health programs, autism center

AAP Chapter 4 – Strong advocacy ties and opportunities

CURRENT FELLOW PROJECTS

- POC US for lumbar punctures
- Increasing inpatient COVID vaccination rates
- Healthcare associated infections
- Billing improvement
- PHIS review of respiratory support in bronchiolitis

DIVISION PROJECT HIGHLIGHTS

- High value care initiatives – decreasing overnight vitals, eliminating monitor overuse, shortening NPO times, care guideline implementation, LIGHT study
- Machine learning for predicting severe sepsis
- Decreasing readmission rates with scoring tool
- Medical education research – ITE scores, virtual recruitment outcomes, faculty development on giving feedback
- STAR program – Researching Health Literacy disparities

LIFE CHANGING MEDICINE

Pediatric Hospital Fellowship Program

Akron Children's Hospital

Our Division

Division Director: James Nard, M.D.

Program Director: Prabi Rajbhandari, M.D.

Program Coordinator: Jamie Prock
Email: JProck@akronchildrens.org

Current Fellows: Farimah Shariati (PGY-4)
Kathryn Bakkum (PGY-5)

Our Team:

- 32 Pediatric Hospitalists
- 14 Advanced Practice Practitioners

PHM Fellows and Faculty at our retreat

Program Highlights

- 2-year ACGME accredited program
- 1 fellow per year
- 2 Children's hospitals
 - Main campus in downtown Akron with 253 beds
 - Beeghly campus in Boardman with 32 beds
- Robust sedation services led by hospitalists in designated sedation and infusion unit and is designated center of excellence in pediatric sedation

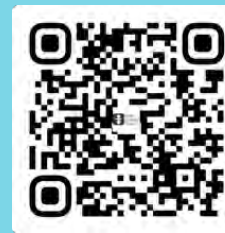

- Focused 6-month longitudinal curriculum with capstone project in quality improvement
- Additional opportunities available in global health, medical education and research
- Support for fellow scholarly activities is augmented with faculty and research mentors along with assistance from our own Research Institute

Our Backyard

Situated on the Towpath Trail bridge, our local area offers beautiful walking spaces and lush green right outside and next to the Rubber Ducks baseball stadium.

Downtown Akron, Ohio

University of Florida – Jacksonville Pediatric Hospital Medicine Fellowship

Excellent Clinical Experiences

- Large patient population
 - Diverse patient backgrounds
 - Variety of patient presentations
 - From surgical co-management to status asthmaticus to medically complex children -> practice managing it all
- Experienced & supportive clinical faculty

Scholarly Support

- Expert mentorship for Quality Improvement, Research, and Medical Education
- Regular teaching opportunities to hone your academic abilities and grow your portfolio
- Financial support to attend PHM and PAS conferences

Flexibility to Pursue Interests

- Freedom to choose electives and scholarly pursuits
- Large number of academic subspecialists

Great People

- Supportive environment ready to help you achieve your goals every step of the way
- Help shape the program with regular feedback encouraged
- Recognition that experiences should be meaningful

Life in Florida

- Beaches, sun, restaurants, concerts, sports, cooking classes, and day trips
- Affordable housing with great schools
- Time to enjoy life outside the hospital

Pediatric Hospital Medicine Fellowship Cleveland, Ohio

Program Details

- Robust clinical training in both an academic tertiary care center and community based setting
- Graduated autonomy in clinical practice
- Numerous clinical electives to allow for individualize training
- Dedicated research training across clinical research, medical education and quality improvement
- Mentorship with faculty including advanced opportunities for participation in system based projects
- Funding support for presence in national organizations

Program Culture

- Our division is a tight knit community of academic based pediatric hospitalists with a focus on providing optimal care in an inclusive and welcoming setting. Education is at the heart of what we do and fellows are integral to that mission.

Cleveland, Ohio

Located on the shores of Lake Erie, Cleveland is a mid sized city offering big city amenities with affordable cost of living and friendly people. Home to a vibrant dining and nightlife scene as well as professional sports teams, world class museums, arts and culture.

Training Program

SUNY Upstate Medical University

Program overview:

- Two-year program, accredited since 2021
- One fellow per year
- Competitive salary and benefits program

SUNY Upstate Medical University

- Large medical library with easy access to state library system
- State of the art simulation center
- Campus Activities Center including fitness and recreational facilities

Upstate Golisano Children's Hospital

- Services a 22-county area in Central NY
- 71-beds Children's hospital
- Over 3000 pediatric admissions per year
- Full compliment of subspecialty services
- Level I Trauma Center and Regional Burn Center

Crouse Hospital

- Walter RG Baker NICU and Regional Perinatal Center with over 900 admissions per year

Syracuse and Upstate NY

- Excellent quality of life
- Close to many outdoor activities including hiking, water sports and skiing
- Multiple entertainment options from college athletics, to local/regional theaters, live music, and the State Fair of New York
- Easy access to NYC and other big cities

The Highlights

Our Goal: To create leaders and innovators in PHM

- Strong, guided mentorship with flexibility in individualized curriculum
- Focus on developing your niche
- Support to start a secondary degree

What We Look For

- Strong Clinical and Organizational Skills
- Leadership Experience
- Experience with Diversity
- Academic and Scholarly Curiosity
- Communication Skills and Teamwork

Fellowship Mission

The Seattle Children's Pediatric Hospital Medicine Fellowship will prepare pediatric hospitalists to deliver excellent clinical care for hospitalized children and to be leaders in hospital medicine, medical education, research, quality improvement and patient safety.

Fellowship Funding

\$3000 funds for research/professional development per year
 \$2000 for conference registration/travel per year
 \$5000 for course work available per year
 Option to select course work at the University of Washington (e.g., global health, health care administration, etc.). Fellows can use tuition exemption for up to 6 credits each term

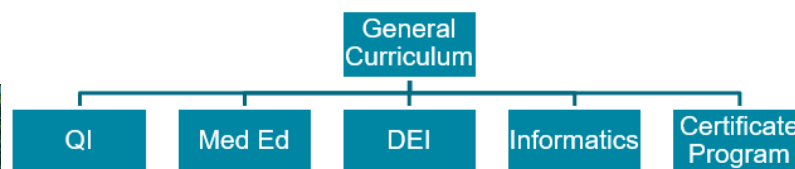

Program Director

Dr. Jimmy Beck

Rotation Schedule & Curriculum

YEAR	Clinical Work	Systems & Scholarship	Individual Curriculum	Vacation
First	17 Weeks	12 Weeks	16 Weeks	4 Weeks
Second	15 Weeks	20 Weeks	16 Weeks	4 Weeks

Pediatric Hospital Medicine Fellowship

Our Program

UCLA's ACGME accredited 2-year fellowship is designed to foster clinical expertise in a variety of hospitalist roles including tertiary care of children with complex health care needs, community pediatrics, newborn care, and consultative services. We strive to create leaders in academic pediatric hospital medicine with curriculum emphasizing quality improvement, medical education, and research.

Our Culture

As a major quaternary center, we care for a medically complex and culturally and ethnically diverse population of children across Los Angeles and the surrounding areas. Our close PHM community at UCLA strongly supports diversity in the workplace leading to innovative, culturally-competent, family-centered care. We are also committed fostering an environment that facilitates career advancement and mentorship.

University of Michigan Pediatric Hospital Medicine Fellowship Program

The Program:

The mission of the Pediatric Hospital Medicine Fellowship Program is to train fellows to become leaders within the field of Pediatric Hospital Medicine. This is accomplished through a two-year robust curriculum that focuses on high quality clinical care, medical education, research, and quality improvement.

- 25 faculty members/2 fellows per year
- Training largely occurs at C.S. Mott Children's Hospital, a large tertiary care children's hospital at the University of Michigan in Ann Arbor, MI with 348 inpatient beds, 35 pediatric residents per year, and 15 pediatric subspecialty fellowship programs
- Community hospital rotations spent at Trinity Health Ann Arbor Hospital

Program Leadership:

Rebekah Shaw, MD
Program Director
rebekash@med.umich.edu

Katrina Foo, MD
Associate Program Director
klfoo@med.umich.edu

Missy Gabriel
Program Coordinator
missrick@med.umich.edu

Geographic Culture:

- Unique blend of city sophistication and small-town charm
- Abundance of restaurants, microbreweries, museums, music clubs, and other entertainment
- Over 140 nearby parks with 4 seasons of activities

Unique opportunities at the University of Michigan:

- Training at a large academic medical center associated with a research university offers opportunities for collaboration with larger research community
- Unique longitudinal quality improvement opportunity to work directly with Associate Chief Clinical Officer to complete sentinel event review from identification to institutional changes
- Michigan Medicine specific complex care program with home visit experience and opportunity to follow patients longitudinally
- Established Internal Medicine elective (up to 10 weeks) for Med-Peds graduates

Multitude of additional training opportunities available in:

- Research
- Quality Improvement
- Medical Education
- Global Health
- Healthcare Administration
- Healthcare Disparities

Phoenix Children's Hospital PHM Fellowship

- 450 bed free-standing children's hospital with ~20,000 admissions per year
- Hospitalist division with 50+ hospitalist (10 PHM fellowship trained)

YEAR 1: Clinical	Systems & Scholarship	Individualized
PCH Wards: 9 weeks Community Hospital: 4 weeks Emergency Medicine: 2 weeks Palliative Care: 2 weeks Child Abuse: 2 weeks	16 weeks: * Research * Teaching * QI	PCH Wards Indiv: 4 weeks Additional: 8 weeks

*Vacation 4 weeks

YEAR 2: Clinical	Systems & Scholarship	Individualized
PICU: 2 weeks PCH Wards: 2 weeks	16 weeks: * Research * Teaching * QI	PCH Wards Indiv: 4 weeks Additional: 24 weeks

*Vacation 4 weeks

- Fellows Bootcamp series with formal Research, QI and Medical Education Curriculum
- Customizing each fellow's experience to their interests is prioritized
- Excellent mentorship opportunities with many PCH hospitalist serving in leadership roles within Phoenix Children's Hospital

UNC Pediatric Hospital Medicine Fellowship

Fellowship Stats:

- 2-year ACGME accredited fellowship
- 2 fellows/year

UNC Children's Hospital:

- Children's hospital within a hospital (158 beds + 30 nursery)
- 1400 floor admissions/year
- 4500 deliveries/year
- 43% complex care, 60% Medicaid, 15-20% Language Other than English

Our PHM Team:

- 29 faculty (12 Med-Peds) + 4 NBN NPs

What sets UNC apart:

- Excellent clinical training with a focus on high value care, medical complexity, subspecialty co-management, and hospital operations
- Faculty expertise and scholarship in QI, Med Ed, health services research, and POCUS plus ability to connect with resources and experts across a leading research university
- Program leadership with prior fellowship training and national recognition in PHM
- The Triangle (Raleigh, Durham, Chapel Hill) is consistently ranked among the best places to live with easy access to the outdoors (lakes, mountains, and beaches), restaurants, and cultural events

Curriculum:

32 weeks Core Curriculum

- PHM, Newborn, NICU, Community, Sedation, Palliative/Complex Care

32 weeks Elective

- Popular: POCUS, ID, Child Abuse, PICU/transport, MedEd, QI

32 weeks Scholarly Work

- Structured curriculum, research seminars / short-courses

Leave: 4 weeks/year vacation/sick

- Additional paid parental leave

LURIE CHILDREN'S HOSPITAL OF CHICAGO

Northwestern University Feinberg School of Medicine

Pediatric Hospital Medicine Fellowship

 Ann & Robert H. Lurie
Children's Hospital of Chicago

Background

- First Pediatric Hospital Medicine Fellowship in Illinois, July 2015.
- First ACGME-accredited PHM fellowship in Illinois, May 2020.

Program Structure

- Aims to develop leaders in clinical and academic Pediatric Hospital Medicine
- Encourages fellows to pursue clinical and elective experiences based on individualized academic and career interests.
- Strong core group of PHM faculty to support mentorship of fellows
- Clinical experiences focus on progressive clinical autonomy as fellows advance in their training.
- 2-year fellowship cycle (2 new fellows per year, 4 fellows in total)

**Valley
Children's**
HEALTHCARE

Valley Children's Pediatric Hospital Medicine Fellowship Program

Quick Facts

Valley Children's is one of the largest pediatric healthcare networks in the nation, with **1.3 million kids** in our catchment area.

Our hospital is a **330-bed** children's hospital and is **Central California's** only level II trauma center and level 4 epilepsy center.

Ranked among the **Nation's Best** children's hospitals in six pediatric specialties by U.S News & World Report

Clinical Learning Environment

- Two Pediatric Hospital Medicine Fellows per year
- 28 member, well-established PHM division with dedicated nocturnist program
- Approximately 12,000 pediatric admissions per year
- Strong emphasis on:
 - Interprofessional Education
 - Patient and Family-Centered Care
 - Diversity, Equity and Inclusion
 - Advocacy
 - Medical Education
 - Quality Improvement

Leadership

- ✓ Faculty with leadership roles on national AAP committees
- ✓ Faculty hold many regional and institutional leadership positions, including AAP CA Chapter 1 Vice President

Scholarship

- ✓ Wide range of academically productive faculty who participate in national and institutional research and quality improvement work
- ✓ Faculty with strong experience mentoring learners in scholarly work

Wellness

- ✓ Located in Central California, within several hours drive to San Francisco Bay Area, Los Angeles Area, the coast, and many national and regional state parks!
- ✓ Strong commitment and dedication to wellness and work-life balance
