

# THE MAP

## What is the map?

The APPD Underrepresented in Medicine (URiM) Mentoring Map highlights experiential science, technology, engineering, and math (STEM) programs nationwide for students from URiM backgrounds from kindergarten to undergraduate/pre-medical level. These programs are pathways to promote self-efficacy and increase the number of URiM STEM learners and future scientists.

## How to FIND a program

The interactive map allows users to zoom in/out, or search by Zip Code, for nearby programs. Listed programs vary in length and cost - please select each program icon for details. Use the QR code on the right to Find a STEM Program near you!
