

University of California San Francisco Pediatric Cardiology Fellowship

Mission: To train future leaders in our field who meet the highest expectations for clinical excellence, innovative research, medical education, professionalism, and patient safety.

Nicole M. Cresalia, MD
Program Director

Program Facts

- Started in 1966 by Dr. Abe Rudolph
- 9 categorical fellows (3/year)
- 4th year training opportunities
- 28 cardiology faculty with all subspecialties represented

Michael Brook, MD
Associate PD

Pediatric Heart Center

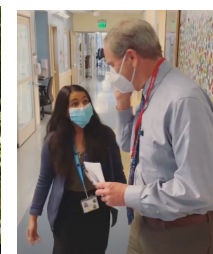

- 18 bed CICU, 12 bed cardiology step-down unit
- 4 pediatric cardiac surgeons
- ~450 surgical cases per year
- 20,000 outpatient clinic visits/year
- 3,500 fetal echos per year
- ~550 cath cases per year
- ~150 EP cases per year

Program Culture

- Supportive learning environment
- Teaching cardiac physiology through structured didactic curriculum and hands-on patient care
- Flexibility within program to tailor training for individual academic/career goals
- Strong mentorship in research and academic clinical medicine
- Dedicated funding for fellow scholarship, research, and professional development

Natalie Maria
Program Coordinator

University of Michigan Pediatric Cardiology Fellowship

more

Fellowship Program Stats:

- 6 ACGME positions per year (18 total)
- Robust clinical experience in ALL subspecialties including:
 - Pediatric Cardiac Critical Care
 - Heart Failure/Transplant
 - Adult Congenital Heart Disease
 - Cross-sectional imaging
- Preferential consideration for advanced subspecialty training (4th years)
- Night Float call system (1st and 2nd years)
- Graduated autonomy
 - 1st year cardiac acute care/consult focus
 - 2nd year cardiac critical care focus
 - 3rd year elective and scholarly work focus

What we value:

- Collegiality and teamwork
- Enthusiasm and Motivation
- Fellow-Centered, hands-on training
- Independent Learning
- Fellows from all backgrounds and walks of life
- Excellent Ped Cardiology Tailgates!

Michigan Congenital Heart Center Stats:

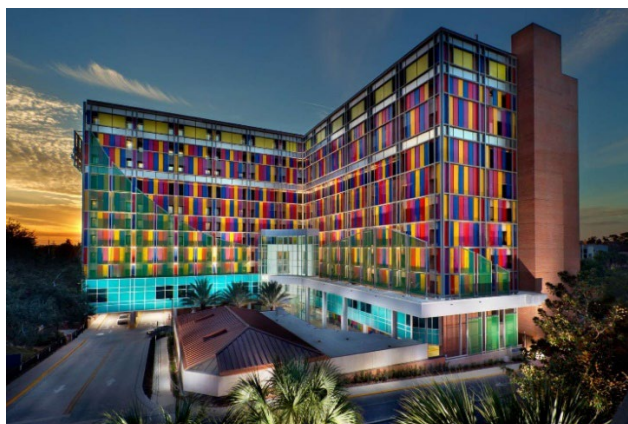

- 50 Pediatric Cardiologists
- 5 Congenital Heart Surgeons
- High volume/High complexity patient mix
 - ~760 Cardiac Surgery cases/year
- Dedicated cardiology clinical research unit (MCHORD)

Ann Arbor, Michigan

- Midwest college town home of U of Michigan
- Consistently ranked top 5 best cities to live in the US
- Find out why here

UNIVERSITY OF FLORIDA PEDIATRIC CARDIOLOGY FELLOWSHIP PROGRAM

Who We Are

Mid-sized academic cardiology program at the 5th largest public university in the US

4 categorical fellows

Advanced fellowships offered in imaging, CICU, and heart failure/transplant

Faculty: 14 cardiologists, 6 cardiac intensivists, and 3 congenital cardiac surgeons

Large referral base from Florida and South Georgia

Fellows

1:4 call from home

Lead weekly cardiology/ cardiac surgery conference

Dedicated academic half day

Many research and teaching opportunities

Excellent benefits

Opportunity for graduate courses in education, public health, etc.

Clinical Aspects

Fetal cardiology program and onsite Level 4 NICU

Active transplant and mechanical circulatory support program

Large adult congenital heart disease program with 4 board certified faculty

Facilities

Combined pediatric and adult hospital with dedicated congenital cardiac ICU and pediatric wards

Dedicated 23 bed CICU with in-house CICU attending

2 cardiac catheterization and EP hybrid labs

On-site outpatient clinic

Gainesville

University town with many sporting / social events

Outdoor activities, running, hiking, and biking trails

Voted best place to live in FL by US News today

Two hours from Orlando, Tampa, and Jacksonville

FELLOWSHIP PROGRAM DIRECTOR: ARWA SAIDI, MB. BCH. M.ED. FACC. asaidi@ufl.edu
FELLOWSHIP ASSOCIATE PROGRAM DIRECTOR: DIPANKAR GUPTA, MD. DGUPTA@UFL.EDU

Pediatric Cardiology Fellowship

Overview

- ACGME **accredited**
- **3** fellows per year
- Dedicated PCICU and Cardiology floor/IMC
- **1 of only 5** pediatric heart centers ranked in **top 10** for past 2 years

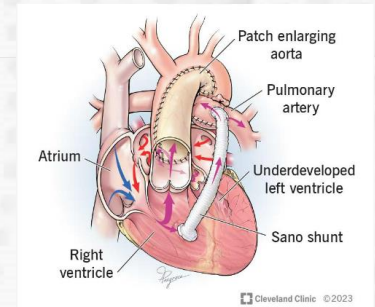

Cleveland Clinic **Children's**

Education

- **Dedicated 1 month Bootcamp** for incoming fellows
- **Protected**, weekly **didactics**
 - *Encompasses all ABP cardiology topics*
- Innovative imaging and surgical techniques
- ~300 CHD surgeries/year
- ~200-250 cath and EP cases
- 10,000 echos and 1600 fetal echos
- Dedicated imaging, cath, EP, CICU, transplant, and ACHD faculty
- *Cleveland Clinic Children's*:
 - **13,000+** admissions/yr
 - Ranked in all 10 specialties
 - Accredited **Pediatric Residency**
 - 13 Pediatric subspecialty Fellowships

Research & Mentorship

- **27+** academic faculty
- Formal faculty mentorship and research curriculum
- Dedicated **Research** time

Location

- Recognized as *Medical capital*
- Large catchment area
- **Affordable** cost-of-living
- **Centrally located** to airport
- Voted **best** Arts & Food City!

PD: Madalsa Patel, MD patelm34@ccf.org; APD: Clare O'Hare, MD oharec@ccf.org; PC: Laurie Staltari, staltal@ccf.org

Program Highlights

- Only free-standing children's hospital in Kentucky
- 17 bed dedicated CICU opened in 2020
- 23 pediatric cardiology faculty and growing
- 300 surgeries per year
- 6-10 transplants per year
- ACHA accredited ACHD program
- Active member of numerous national registries
- Ability to earn a master's as part of your fellowship

Program Culture

- New Program: You can help create the culture and emphasize personal goals
- Emphasis on training excellent clinical and academic fellows
- Growing division with faculty who can mentor and support fellows in a diverse array of scholarly activity
- Collegial atmosphere

Mission

- Use evidence-based teaching methods to train the next generation of pediatric cardiologists.
- Aims: train fellows to have excellent clinical skills, review and appraise current literature for best practices, become clinical educators, explore, and understand the rigors of research and quality improvement.
- Focus: Create outstanding clinicians, educators, and the future leaders of our field. Providing high-quality clinical care with a unique understanding of the impact of social determinants of health on patient outcomes.

Louisville: A great city in which to live! We have a nationally accredited parks system, the nation's largest municipal forest, the Kentucky Derby, University of Louisville Cardinals, Lou City FC, Kentucky Center, and KFC Yum! Center

PD: Joshua Kurtz, MD

Joshua.Kurtz@louisville.edu

APD: Soham Dasgupta, MD

Soham.Dasgupta@louisville.edu

PC: Camry Woodward

Camry.Woodward@louisville.edu

MISSION STATEMENT

To develop elite clinicians, educators and scientists who will become leaders in pediatric cardiovascular medicine, by providing a world-class, comprehensive experience to maximize personal growth and professional success

Lurie Children's Hospital

- Largest children's hospital in Illinois with >13K admissions/year and >1,600 staff
- Nationally ranked in 10 specialties, including Cardiology/CV Surgery
- Facilities
 - 360 beds
 - 49 bed acuity-adaptable CICU
 - 2 dedicated cardiac ORs
 - 2 state-of-the-art catheterization labs

Heart Center / Division of Cardiology

- 62 Attending Cardiologists
- 4 Congenital Heart Surgeons
- Cardiac Anesthesia Service
- 12 Categorical Fellows
 - 4 fellows per class
- Senior Fellowship Opportunities
 - Advanced Cardiac Imaging
 - CICU
 - Heart Failure/Heart Transplant
 - Interventional Cardiology/Cardiac Cath
 - Electrophysiology (Invasive or Non-invasive)
- 60 Advanced Practice Providers

Fellowship Training

- Clinical
 - Exposure to all aspects of pediatric cardiology over 13 four-week blocks/year
 - Dedicated clinical educators in all subspecialties
 - High volume cardiac transplant and VAD programs
 - Large referral center with a diverse patient population
 - Simulation-based echocardiography training
- Research
 - Outstanding scholarly mentorship throughout the Heart Center and other hospital divisions
 - Center for Cardiovascular Innovation
- Other
 - Supportive environment to maximize experience
 - Ability to tailor individual fellow clinical and scholarly endeavors to meet career goals
 - Great people and a great city

Mike Carr
Program Director

Matt Cornicelli
Assoc. Program Director

Shivani Patel
Assoc. Program Director

Brittany Dixon
Program Manager

For further
fellowship/training
information

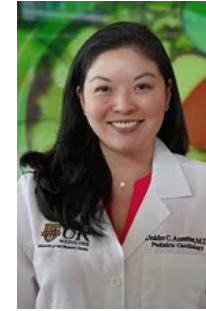

University of Rochester Pediatric Cardiology Fellowship

Clinical Environment

- Diverse Patient Population
- 5,800 New & Return Patient Visits Annually
- 6,000 Echocardiograms Performed Annually
- 20 Regional Pediatric Cardiologists
- 16 Bed Pediatric Cardiac Intensive Care Unit
- Only Pediatric Catheterization Labs in Western NY
- Largest and highest acuity surgical volume in upstate NY region

Fellowship Experience

- Individualized Curriculum According to Interest and Career Goals
- Program Size Permits an Exceptional Degree of Fellow Exposure to Broad and Comprehensive Surgical, Interventional, and Advanced Imaging Experience
- Supportive Learning Environment, Dedicated Faculty, Excellent Didactic and Bedside Teaching
- Successful Job Placement in Both Private and Academic Practice
- Advanced Degree Opportunities with a 95% Tuition Benefit – M.Ed., MPH, MBA
- Focus on Well-being and Work-Life Integration

Deidre Anastas, MD
3rd Year Fellow

Jyoti Gur, MBBS
1st Year Fellow

George Porter, MD, PhD
Program Director

Michael Collins, MD
Associate Program Director

Life in Rochester

- Rochester Named 9th Best Place to Live in US
- 3rd Largest City in New York State
- Low Cost of Living and Short Commute Times
- An Array of Cultural, Recreational, and Leisure Activities
- 4 Distinct Seasons to Enjoy - Vibrant Fall Foliage, Beautiful Snowy Winters, Colorful Spring Blooms, and Warm & Pleasant Summers

Oregon Health and Science University Doernbecher Children's Hospital Fellowship Program in Pediatric Cardiology

PROGRAM OVERVIEW

- Mission to train highly qualified pediatricians to pursue a successful career in pediatric cardiology
- A long tradition of training the next generation of leaders in pediatric cardiology
- Doernbecher Children's Hospital and OHSU- large academic center with 5 schools and 80 programs
- Regional Medical Center covering Oregon, SW Washington, parts of Idaho and Alaska

PROGRAM LEADERSHIP

- Fellowship Director: Laurie Armsby, MD
- Associate Fellowship Director: Jennifer Huang, MD
- Fellowship Program Coordinator: Ashley Harrison
- Division Head: Lars Grosse-Wortmann, MD

FELLOW GRADUATES

Post-fellowship:

- **CVICU:** Stanford, Boston, Houston, Toronto
- **Cath:** Boston, San Diego, Sacramento, New York
- **Imaging:** Stanford, UCSF, Denver, Edmonton, Houston
- **EP:** Duke
- **Heart Failure & Transplant:** Boston

PROGRAM SPECIFICS

- ACGME-accredited Pediatric Cardiology Training Program
- 1-2 Fellows per Year (4 total)
- 4th year positions ad hoc

First Year:

Primarily clinical with protected research time

Second Year:

Primarily research with continued clinical work

Third Year:

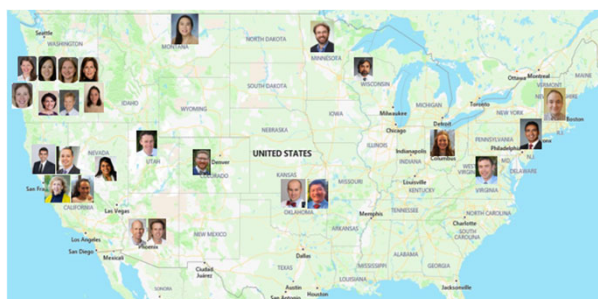

Mix of clinical and research time with emphasis on exploring areas of interest

PROGRAM CULTURE

An inclusive, collegial environment where trainee well-being and professional development are our utmost priority

PORTLAND, OREGON

- Vibrant metropolitan
- Temperate Climate
- 30 minutes from world-class hiking
- 1 hour from Ski Mountains
- 1.5 hours from the Ocean
- 30 minutes from Wine Country

Duke University Pediatric Cardiology Fellowship Program

Mission:

-To train future leaders who will provide expert, compassionate care for patients with congenital and acquired heart disease, as well as advance the field through a lifetime of thoughtful inquisition and research

Opportunities:

-Two fellow positions per year of training
-Advanced training positions in cardiac imaging/fetal/MRI, interventional catheterization, electrophysiology, heart failure/transplant, ACHD, research

Setting:

-Based in Durham, NC, in the Piedmont region halfway between the beach and the mountains, also close to Raleigh and Chapel Hill, NC
-Heart Center based in new Duke Central Tower, 20 bed Pediatric CICU, dedicated Cath/EP labs with PACU/Short Stay, and multiple outreach sites
-Fellowship home in the #2 ranked Children's Cardiology & Heart Surgery program by US News

Curriculum/Rotations:

-Approximately 24 clinical months including 4 months of PCICU experience
-Approximately 12 months research with opportunity for collaboration with Duke Clinical Research Institute and Global Health Center

Program Leadership/Contacts:

-Program Director: M. Jay Campbell, MD, michael.campbell2@duke.edu
-Associate Program Director: Zeb Spector, MD, zsz2@duke.edu
-Program Coordinator: Ivy Banks, ivelisse.banks@duke.edu

Phoenix Children's Cardiology Fellowship

Our Program

- 3 Fellows per year
- 23 Cardiology faculty...and growing
- 13 CV intensivists
- 3 Cardiac surgeons
- Inpatient and outpatient NPs
- 4th year
 - Advanced Imaging
 - Catheterization
 - Critical Care

Our Volume (yearly)

- 18,900 Echoes
- 1,200 Fetal echoes
- 24,000 ECGs
- 600 Stress Tests
- 18,000 OP visits
- 500+ MRI/CT
- ~15 transplants
- ~3 VADs
- ~580 CV surgeries
- 600 Cardiac caths
- 150 EP/PM cases

Our Facilities

- 24 bed Cardiology floor
- 24 bed CVICU
- 2 hybrid cath/ep labs
- 2 Cardiac ORs
- 48 bed NICU

Johns Hopkins All Children's Hospital Pediatric Cardiology Fellowship

JOHNS HOPKINS
MEDICINE

JOHNS HOPKINS
ALL CHILDREN'S HOSPITAL

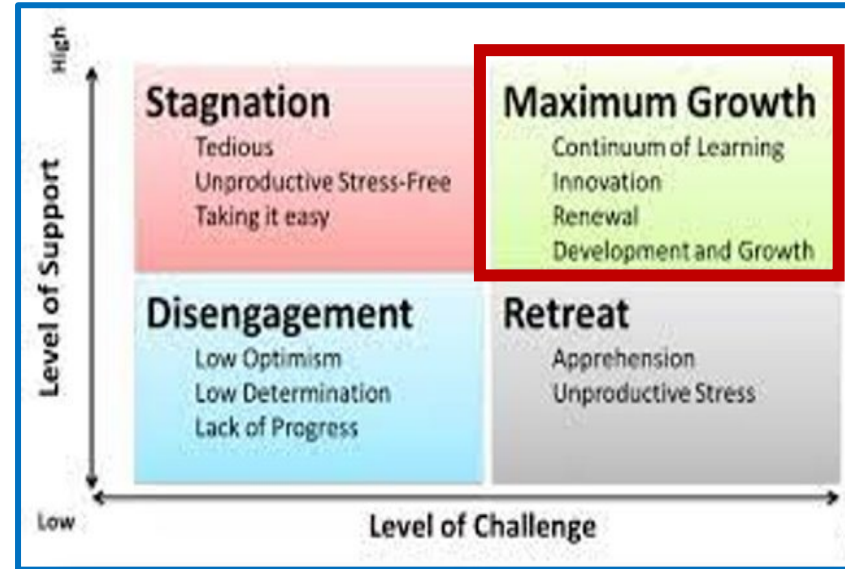

Free Standing Quaternary Care Children's Hospital in
St. Petersburg Florida

Comprehensive Congenital Heart Program with 22-
bed dedicated CVICU (includes transplant, ACHD,
transcatheter valve, Pulm HTN, etc)

The fellowship is designed to be highly challenging
in a supportive environment to develop outstanding
core cardiology skills while having wide flexibility to
tailor education.

Large multidisciplinary faculty with training at many
different institutions; Focus on the science of
education

Program Director

Dan Mauriello, MD

Daniel.Mauriello@jhmi.edu

Medium-Sized Program
Personalized Training

- 6 categorical fellows
- 4th year positions (cath, EP, echo, ICU, transplant, genetics, etc)
- Med Ed, Business, QI Training and Certificate Programs

Top-Ranked
Great Outcomes

- “Best in the West” Cardiology & Cardiac Surgery Program
- Best Surgical and CTICU outcomes (PC⁴)
- Ranked #3 in USNWR

Broad Region
+ Great Diversity

- Patients from SoCal, AZ, Hawaii, Saipan, Mexico, Pacific Rim
- Value DEI in fellows, staff, patients

Subspecialty
Expertise

- 35 Faculty
- 3 Surgeons
- All cardiology subspecialties represented

Cutting-Edge
Clinical Exposure

- Dickinson Center (MRI-Cath Lab)
- Top Ductal Stenting Program for Single Ventricle Palliation

Strong Mentoring +
Research Support

- 5 Clinical Research Staff
- Dedicated Fellow Research Funding/Grants
- Most fellows graduate with 2-5 publications

Amazing Location

- Perfect weather, very livable, housing stipend, tons to do
- 2nd Largest City in CA, 8th Largest in US, Feels Smaller

Pediatric Cardiology Fellowship

By the numbers:

- 241-bed, free-standing, tertiary care
- 12 bed cardiac ICU
- 24 bed medical ICU
- 108 bed level 4 NICU & small baby unit
- 17,600 births annually
- 37 ACGME-accredited residency & fellowship programs (414 trainees/year)

What we do:

- 300 surgical cases (Survival Rate 98%)
- 300 cardiac cath cases (>200 interventional)
- 12,000 Echo and 300 TEE
- 1,500 Fetal echo
- 400 Cardiac CT/MRI
- 120 EP cases, 400 Stress test
- 150,000 EKGs

Who we are:

- 2 fellows per year
- 3 cardiovascular surgeons
- 20 Cardiologist
- Psychologist
- Social worker
- Registered Dietician
- 4 nursing care coordinators
- ACHD transition specialist
- Research database coordinator

Program Contact:

Julie Sommerfield, MD (Program Director)

Julie.sommerfieldronek@helendevoschildrens.org

Andrea Prins (Program Coordinator)

Andrea.prins@corewellhealth.org

Program Mission

To develop exceptional pediatric cardiologists by bolstering individual strengths, fostering curiosity, and building community.

- ✓ High clinical volume
- ✓ Superb didactics with world-renowned faculty
- ✓ Robust research infrastructure (basic and clinical science)
- ✓ Novel educational initiatives
- ✓ Supportive, inclusive and team-based culture
- ✓ Unique individualized opportunities for trainees

Novel educational opportunities (ie: VR, Cardiology/Echo Boot Camp)

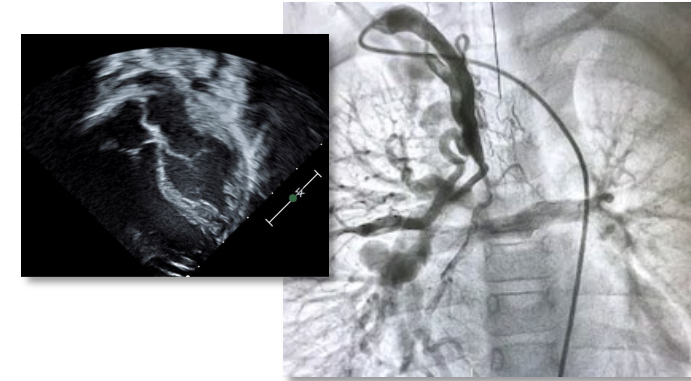

Stanford
MEDICINE

Division of Cardiology
In the Department of Pediatrics

18 categorical fellows
8 advanced fellows in every subspecialty
(CVICU, heart failure/transplant, echo, EP, PH, cath) + ACHD fellowship

Clinical Programs

- CT Surgery: >700 surgical cases/year
- Cardiac ICU (CVICU): 18 faculty, >1000 admissions/year, anticipated 36 beds
- Heart Failure/Transplant: 9 faculty, >20 VADs/year, 30 transplants/year
- Acute Care Cardiology: 7 faculty + heart failure/transplant, 32 beds
- Echocardiography: 11 faculty, >20,000 echos/year (>4000 fetals)
- Electrophysiology: 6 faculty, >200 cases/year, 15,000 EKGs, 2000 device checks, >1500 outpatient visits
- Catheterization: 4 faculty, >1000 cases/year, 2 hybrid rooms
- Pulmonary Hypertension: 5 faculty, robust inpatient/outpatient service
- Adult Congenital Heart Disease: 5+ faculty, >2000 outpatient visits, >60 surgeries on site
- Additional Programs: Connective Tissue Disorder, Single Ventricle, Kawasaki, PA Reconstruction, Complex Biventricular Repair, Cardiogenomics, Palliative Care

Experience with complex and innovative procedures/cases

Great Bay Area living

New hospital opened doors in 2017 with >360 inpatient beds

Vanderbilt University Medical Center Pediatric Cardiology Fellowship

Who we are

9 categorical fellows, 3/year

Fourth year opportunities in imaging,
EP, Heart failure/transplant,
interventional cath, ACHD

30 faculty members

343 bed Vanderbilt Children's Hospital; 38
bed cardiac care unit (PCICU and cardiology)

Program culture

Great camaraderie among fellows and between fellows and faculty
Great education in all aspects of clinical pediatric cardiology
Emphasis on mentorship, scholarship and research
Busy program, fellow centered but not fellow dependent
Collaborative relationship within the Pediatric Heart Institute and Vanderbilt Medical Center

Nashville

Music City – variety of
musical styles
Art and cultural museums
Green space and parks
Pro sports- Titans,
Predators, Nashville SC

University of Miami / Jackson Health System Pediatric Cardiology Fellowship Program

PROGRAM DIRECTOR

Our mission is to provide subspecialty fellows with broad clinical experience, factual knowledge, technical skills and clinical judgment to effectively manage patients independently from fetal life to adulthood for congenital heart disease and acquired forms of heart disease in children and adolescents.

Dr. Sethu Swaminathan
Program Director

Dr. Juanita Hunter
Assoc. Program Director

About our fellowship

YouTube

About our division

OUR TEAM

Team Members

- 12 Pediatric Cardiology Faculty
- 6 Fellows (2 per year)
- 3 APRNS
- 1 Clinical Coordinator
- 6 Sonographers
- 1 Exercise Technologist

Services and Centers

- 263 pediatric beds
- Pediatric Special Procedures Unit
- Heart Transplant Center/Miami Transplant Institute
- Exercise Lab
- Cardiac Catheterization Lab
- Fetal Care Center

CURRICULUM

- Inpatient Cardiology
- Outpatient Cardiology
- Cardiac Critical Care
- Echocardiography
- Cardiac Catheterization
- Cardiac Electrophysiology
- Research
- Multi-disciplinary Meetings: Weekly Patient Care Review Meetings, Case Conferences, Fetal Care Meetings.
- Daily Didactics
- Board Review/Journal Club/Morbidity and Mortality conferences

EDUCATION/RESEARCH

- Opportunities to educate – students (local & international), residents, fellows, support staff, patients/families.
- Fellows encouraged to present at local, national and international scientific meetings.

LIFE IN MIAMI

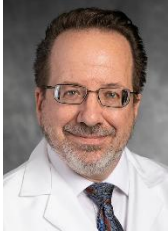

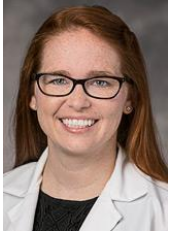

Jackson Health System benefits include:

- Competitive Salaries
- \$2,500 yearly educational stipend
- \$1,500 meal stipend

Geographical Location benefits include:

- Unique diverse patient population
- Expanded catchment area of Caribbean, Central and S. America

Pediatric Cardiology Fellowship **UH Rainbow Babies & Children's Hospital**

Program Director: John Lozier, MD
Associate PDs: Carolyn Wilhelm, MD and Philip Barger, MD

Fellowship Overview

- 6 Pediatric Cardiology Fellows (2 per year)
- 10 Faculty with Diverse Clinical and Research Interests
- Culture of Growth, Quality, Respect
- See our Instagram! @rainbow_cardiology

Rainbow Babies & Children's Hospital

- 244-bed, full service children's hospital
- Leader in neonatal and pediatric care for over 130 yr
- USNWR-ranked in Cardiology and CT Surgery
- Free-standing children's hospital on the campus of a large academic medical center

Scholarship & Research Activities

- Fellowship Research Award Program (FRAP)
 - > \$100,000 annual grants
- Faculty Mentorship
- Biostatistician support, opportunities via CWRU
- Office of Research Education
- Horwitz Pediatric Learning Center, medical librarian

Alumni

- 92% first-time board pass rate for last 6 classes
- 12 of last 20 graduates pursued additional subspecialty training at top centers

Benefits

- AAP & ACC membership
- Tuition for Clinical Research course
- Travel and Educational Resource funds for fellows

Cleveland

- Diverse, dynamic city with vibrant neighborhoods
- Low cost of living
- Waterfront, parks, hiking
- Arts, theater, professional sports

PEDIATRIC CARDIOLOGY FELLOWSHIP PROGRAM

UNIVERSITY OF UTAH

FELLOWSHIP PROGRAM

- 10 current categorical fellows, 1 advanced imaging, and 1 EP fellow
- Seeking 4 new categorical fellows to begin July '25
- Medium-large size program, well supported, fellow run division

SCHOLARLY ACTIVITIES

- Faculty mentorship with personalized scholarly oversight committee, division research support staff and statistical support
- Active participant in many multi-center research groups, including being a PHN core site
- Option to complete master's in clinical science during fellowship

CLINICAL EXPERIENCES

- Established 16 bed cardiac ICU and dedicated 15 bed CCU step-down unit at free-standing Primary Children's Hospital (PCH)
- Catchment area of 400k square miles that includes UT, NV, ID, MT, and WY
- 800+ cardiac catheterizations, 500+ cardiac surgeries & 15-20 transplants annually
- By October 2024, 40 cardiologists
- PCH is the only children's hospital in Utah, part of Intermountain Healthcare, and the pediatric teaching hospital for the University of Utah School of Medicine.

WORK LIFE BALANCE

• OUTDOORS

- Home to 5 National Parks
- National forests and world-class ski resorts are just a short drive from the hospital!
- Hiking and Biking trails within walking distance of the hospital

• SLC CITY LIFE

- Symphony
- Ballet
- Sporting events - PAC 12, NBA, Triple-A baseball, hockey
- Cultural events
- Diverse, eclectic dining scene
- Family friendly

Texas Children's Hospital® Fellowship

- 2024 **ITE Scores** at or above national average for every class
- 204 fellow **publications** from '17-'22
- All first-year fellows attend a **national conference** together
- Affordable living in the **most diverse city in America**

Children's Mercy Kansas City Pediatric Cardiology Fellowship Program

Ryan Romans, MD (PD) Amanda McIntosh, MD (APD)
Nancy Draffen-Brown (PC) Mary Caniglia (Liaison)

Ward Family Heart Center:

- 2 fellows/year (possible increase)
 - 4th year Advanced Imaging fellowship starting 7/2024
- 4 congenital cardiac surgeons
 - Congenital cardiac surgery fellowship
- 29 Pediatric Cardiologists
- 31 advanced practice nurses
- Multidisciplinary support teams

Clinical Experience:

- Nearly 20,000 outpatient visits/year
- >20,000 echoes/yearly
- 450-500+ cardiac surgeries/year (high volume center)
 - Excellent outcomes in STS
- >600 cardiac catheterizations/EP studies/year
- Heart transplant program
 - 1st combined heart/liver done in 2022
- All subspecialties available

Children's Mercy GME

- Competitive pay and benefits
 - No health/dental insurance premiums, parental leave, conference/educational funds, moving allowance, free parking, on call meal cards, BLS/PALS reimbursement
- Wellness programs
- Emphasis on and education about diversity, equity, and inclusion
- Common core curriculum to meet ACGME requirements
- QI training
- Grant writing curriculum

Kansas City

- Large metropolitan area with low cost of living
- Friendly Midwest culture
- Beautiful downtown with >200 fountains
- Commitment to parks/green space
- Barbecue-KC BBQ is easily the best in the country
- The Chiefs!

Children's Hospital Los Angeles Pediatric Cardiology Fellowship

- Free-standing Children's Hospital
- ACGME accredited for 12 categorical fellows
- 1 advanced imaging fourth year fellowship
- 41 Cardiology and Surgical faculty
- Approximately 1000 surgeries/year

Advocate Children's Pediatric Cardiology Fellowship

We are:

- 9 fellows
- 34 faculty
- 3 CV surgeons
- 15 APCs
- 16 bed CVICU
- Affiliated with University of Chicago

We do:

- >430 CV surgeries
- ~350 caths
- ~200 EP cases
- 16,000 Echo
- 2,700 Fetal echo
- >500 CT/cMRI
- ECMO center
- Largest ACHD program in Chicago region

We serve:

- Diverse population from Chicago
- Surrounding suburbs to the Wisconsin border
- Northwest Indiana

Fellow Didactics:

- 3 lectures a week
- Cardiac ICU boot camp
- ECMO simulation

UNOS Transplant certified
