UNC Pediatric Hospital Medicine Fellowship

What Sets UNC Apart:

- Medical complexity, co-management, and hospital operations focus
- Program size – National faculty expertise but 1:1 mentorship
- Med Peds and POCUS expertise
- Affiliated with a top medical school and research university
- Regional Collaborative with other PHM fellowships
- The Triangle (Raleigh, Durham, Chapel Hill) is consistently ranked among the best places to live with easy access to the outdoors (lakes, mountains, and beaches), restaurants, and cultural events

Fellowship Stats:

- 2-year ACGME Accredited
- 2 Fellows/yr

UNC Children's Hospital:

- Children's hospital within a hospital (195 beds)
- 1400 floor admissions/yr
- 4500 deliveries/yr
- 43% complex care
- 60% Medicaid
- 15-20% Language Other than English

Our PHM Team:

- 31 faculty (13 Med-Peds)
+ 4 NBN NPs

Pediatric Hospital Medicine Fellowship Cleveland, Ohio

Program Details

- Robust clinical training in both an academic tertiary care center and community based setting
- Graduated autonomy in clinical practice
- Numerous clinical electives to allow for individualize training
- Dedicated research training across clinical research, medical education and quality improvement
- Mentorship with faculty including advanced opportunities for participation in system based projects
- Funding support for presence in national organizations

Program Culture

- Our division is a tight knit community of academic based pediatric hospitalists with a focus on providing optimal care in an inclusive and welcoming setting. Education is at the heart of what we do and fellows are integral to that mission.

Cleveland, Ohio

Located on the shores of Lake Erie, Cleveland is a mid sized city offering big city amenities with affordable cost of living and friendly people. Home to a vibrant dining and nightlife scene as well as professional sports teams, world class museums, arts and culture.

University of Florida College of Medicine Jacksonville

Why We Stand Apart

- Broad clinical experiences – from croup to cystic fibrosis to medically complex children – you will become an excellent PHM Physician
- Flexibility to match your goals and turn them into reality
- Expert mentorship in research, QI, and evidence based clinical experiences
- Research opportunities with solid support, guidance, and infrastructure
- Supportive PHM physician group dedicated to making your fellowship a success
- Florida living – beaches, restaurants, shopping, and great schools

A Top Medical Center

- US News Honor Roll Children's Hospital
- Quaternary and community sites
- Over 900 beds across all sites
- Over 30,000 admissions in the most recent year reported
- Workforce and leadership that represents our community

An Exciting City

An Accomplished Program

- Active since in 2005
- 35 fellowship graduates practicing across the country
- ACGME Accredited in 2020
- Recruiting 4 fellows per year
- Proven mentorship for any career interest

Fellowship Highlights

- ACGME accredited PHM program
- Recruiting one fellow per year
- 12-hour shifts, in house (no 24-hour call)
- Opportunities for Master's Programs
- PHM faculty with diverse clinical/research interests and leadership positions
- Personalized program with multiple opportunities for individualized curriculum
- Well established Pediatric Residency program
- Opportunities to work directly with medical students, residents (pediatric and others), and APPs.
 - “Team A:” Medical students, residents (interns, PGY-2 pediatric resident, PGY-3 pediatric resident), PHM faculty
 - “Team C:” Pediatric Nurse Practitioner, PHM Faculty

Clinical Environment

- 115 patient beds and GROWING
- Level II trauma center with Level IV NICU
- Admissions >3,000/year
- On site subspecialists, PICU, and Pediatric ER
- Community Medicine Site in close proximity

Temple, Texas

- Small town with large Academic Hospital
- Driving distance to many larger cities and airports
- Affordable cost of living
- Family friendly

Your PHM fellowship is about YOU!

Our fellowship is designed to meet your needs and prepare you for a fulfilling PHM career.

Program Highlights:

- Flexible curriculum with broad range of electives
- Attention to well-being and work-life integration
- Dedicated children's rehabilitation rotation
- Expert mentorship from local and national leaders
- Pediatric fellows' core curriculum
- Research fundamentals course
- Simulation education training
- Distinguished Trainee Educator certification
- Diverse and experienced pediatric hospitalists
- World-class resources of Cleveland Clinic

Fast Facts:

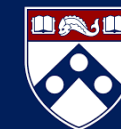

- PHM fellowship established in 2012
- ACGME accredited in 2020
- 4 unique sites: quaternary care center, children's rehab facility, 2 regional hospitals
- Support broad clinical and scholarly interests
- Curriculum adapts to your interests
- 100% board pass rate for graduated fellows
- Cleveland Clinic is consistently ranked #2 hospital in the world

Let's keep in touch!

Dana Foradori, MD, MEd: foradod@ccf.org

Children's Hospital of Philadelphia PHM Fellowship Program

Nuts and bolts:

Structure: (2 + 1) years x 2 fellows per year

Three tracks:

	Quality, Safety, and Operations	Medical Education	Research
Partner program	UPenn CHIPS	UPenn GSE	CHOP PHEOT
Penn Degree	MSHP or MHQS	MSEd	MSCE or MSHP

Core clinical rotations include:

- PHM direct care services
- Resident supervisory services
- Complex care (inpatient and ambulatory)
- Co-management with surgical and/or behavioral health teams
- PHM sedation team

Educational offerings include:

- Weekly fellow didactics (clinical, procedural, academic, professional topics)
- PHM weekly education (journal club, clinical case conference, POCUS, subspecialty guest talks)
- Hospital-wide fellow core curriculum
- Participation in MM+I, clinical pathway development, hospital operations, patient flow

What makes us special:

CHOP:

- Unparalleled mentorship opportunities from world experts in everything you can think of
- Clinical experience at a tertiary referral center that also serves as the community hospital for the children of West Philadelphia

Philadelphia:

- Affordable cost of living as compared with other large coastal cities
- Walkability, incredible food scene, outstanding arts/culture, access to Fairmount park (one of the largest urban parks in the world)
- The country's most... *passionate* sports fans
- Only an hour drive from Jersey Shore beaches and Pocono mountains

Who we are:

Program Director
Rebecca Tenney-Soeiro

Exposure and individualized training in:

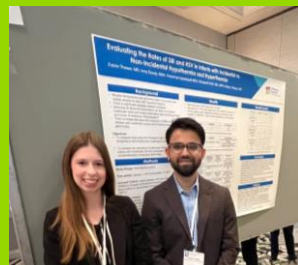

- Clinical Education
- Research and Quality Improvement
- Medical Education
- Leadership

Conferences/Educational sessions include:

- PHM-specific conferences
- Fellow-led Journal Club
- Interdisciplinary and inter-subspecialty conferences
- Departmental conferences
- Pediatric subspecialty fellow core curriculum

Additional opportunities:

- Teaching in Medical Education (TiME) certification through VCU School of Medicine and School of Education
- Grace E. Harris Leadership Institute Leadership Development Course

Children's National Hospital

Pediatric Hospital Medicine Fellowship

Established in 2003, our program is one of the first programs in the United States. We are a 3-year program with the first two years as a traditional fellow and a hybrid faculty-fellow 3rd year with independent clinical time and protected academic time. With over 20 graduates of the program to date, including several continuing their careers at Children's National Hospital. Our graduates become leaders from vice chairs, program directors to NIH-Funded investigators. Recognized locally, regionally and nationally for quality, advocacy, medical education, clinical research, diversity, equity & inclusion, bioinformatics and wellness.

Inova Children's Hospital PHM Fellowship

<http://www.inova.org/phmfellowship>

Established in 2021

@InovaPHM

Who we are:

Inova Children's Hospital is located in Falls Church, VA, about 10 miles southwest of Washington, DC. We are a robust PHM Division with 40 faculty members.

Inova Children's is home to:

Level 1 Trauma Center
226 Pediatric-beds
PICU, CICU, Level IV NICU
Northern Virginia Campus, University of Virginia SOM

As a tertiary-care referral center for Virginia, Maryland and West Virginia, our Program offers ample opportunities for PHM Fellows to gain experience caring for children with a variety of diagnoses, ranging from common general pediatric conditions to those with greater medical complexity, which require a multidisciplinary approach.

Program stats:

2-Year Fellowship Program, 1 Fellow/Year
Community Hospital site: Inova Loudon Hospital

Strengths: Quality improvement, medical education, individualized curriculum, collegial working relationships with other pediatric subspecialists, formal didactic curriculum, commitment to initiatives focused on DEI and ample opportunity to present scholarly activity at a national level

Our current **AMAZING** Fellows!
Shiksha Sharma (PGY-5) and Meenu Krishnasamy (PGY-4)

Program benefits:

Competitive salary
Educational stipend: \$1,000/year
Opportunity to obtain a graduate certificate from UVA

Eligibility to participate in Inova's 401K, disability/life insurance and health/dental/vision plans
Paid parental leave
4-weeks paid vacation/year

Where we are:

Fairfax County is one of the fastest growing and most diverse areas in the nation! It is home to great schools, great food, professional sports, and outdoor activities making it an ideal place to live and work.

NATIONWIDE CHILDREN'S®

When your child needs a hospital, everything matters.

At Nationwide Children's PHM fellowship program we value community, diversity, kindness, growth, and passion. We strive to create a highly catered, individualized experience for each of our fellows.

Program highlights:

- a large urban free-standing children's hospital and a leader in **patient quality and safety**
- a PHM division active in **medical education & QI** leadership and scholarly work
- a division **active in clinical research** with robust research support
- comprehensive clinical opportunities** including our unique Behavioral Health Pavilion, and so much more!
- we pride ourselves on providing diverse and robust **mentorship**

NEW Clinical Scholars Track:

- focus on clinical investigator training
- develop future leaders in PHM
- Master of Clinical Research or Public Health

Internal Medicine/Pediatrics Track:

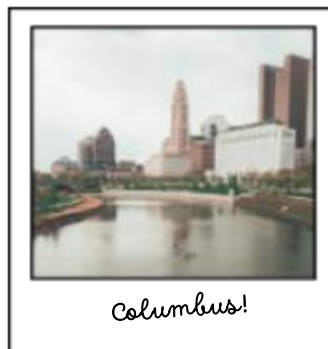

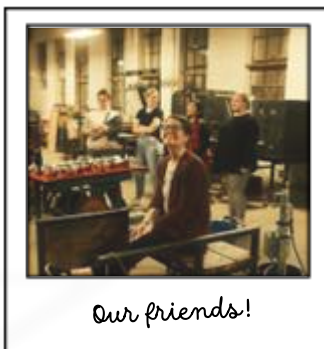

- large cohort of medicine/pediatric hospitalists
- clinical and procedure time at OSU
- moonlighting available

UCI/CHOC PHM Fellowship at a Glance

QUICK FACTS

- 1** Fellow per year (ACGME accredited program)
- 40** PHM Division members
- 500** Trainees of all levels, providing opportunities for teaching, mentorship, and comradery
- >7K** Children cared for every year by PHM division at primary site (CHOC) with additional 2500 at community site (CHOC at Mission)

DIFFERENTIATORS

Performance Excellence Program (PEP) – Intensive 4 mo QI course

Clinical Excellence – High volume of broad spectrum of cases. Level 1 trauma center; level 4 epilepsy center; asthma center of excellence

Behavioral and Mental Health – Inpatient eating disorder unit, comprehensive in- and outpatient mental health programs, autism center

AAP Chapter 4 – Strong advocacy ties and opportunities

CURRENT FELLOW PROJECTS

- Improving Culture follow up from referring hospitals – QI project
- Adults with complex chronic conditions admitted to pediatric hospitals
- Opioid induced constipation –QI project
- Cerner RealWorld Febrile neutropenia variations in care
- Resident comfort and education regarding advance care planning conversations and palliative resources

DIVISION PROJECT HIGHLIGHTS

- High value care initiatives – Decreasing overnight vitals, NIH EMO study, shortening NPO times, care guideline implementation
- AI use - Decreasing readmission rates scoring tool, sepsis identification scoring tool
- Medical education research – ITE scores, virtual recruitment outcomes, faculty development on giving feedback
- Improving MD/RN communication via admit huddle
- Identifying SDoH and improving close-loop referrals.

Cohen Children's Medical Center Northwell Health®

Pediatric Hospital Medicine Fellowship Program

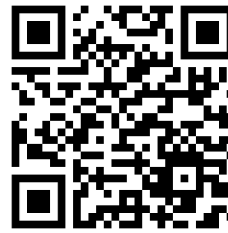

Program Director: Sheila Liewehr
Division Chief: Nancy Palumbo

Website: <https://professionals.northwell.edu/graduate-medical-education/pediatric-hospital-medicine-fellowship-cohen-childrens-medical-center>

About the Program

- 2-year ACGME-accredited fellowship program
- Robust curriculum in clinical science, quality improvement, patient safety, clinical research, medical education, leadership/ administration and point of care ultrasound
- Minimum 35% protected time for scholarly activity
- Fellows have the opportunity to utilize resources available through the Feinstein Institutes of Medical Research, Zucker School of Medicine at Hofstra/Northwell & the Center for Learning & Innovation
- Fellows also have unique postgraduate degree/ certification opportunities in Medical Ethics, Medical Education, Clinical Research, QI and Global Health

- *206 bed children's hospital
- *On the border of Nassau / Queens County
- *Most diverse county in the US
- *Largest provider of pediatric health services in New York State
- *#1 Children's Hospital on Long Island
- *New York's largest Level 1 Pediatric Trauma Center
- * Easy access to all of NYC

We Take Pride In

- Our large and dedicated faculty with varied interests
- High volume, diverse and complex patient population
- Magnet Designation for Nursing Excellence
- Unique electives in Transport Medicine, Global Health, PM&R, Leadership, Medical Ethics
- POCUS training of all fellows
- Vast resources and scholarly opportunities available at Northwell Health

Pediatric Hospital Medicine Fellowship

- ACGME accredited 2-year program
- 2 fellows per year
- Tertiary care children's hospital that serves a diverse population with a large catchment area
- Experienced PHM Faculty (hospitalist retention and experience averages over 10 years)
- Robust Scholarly and Quality Improvement infrastructure and mentorship
- Dedication to Advocacy and DEI
- Focus on wellness and work-life balance
- Beautiful place to live near Yosemite, Sequoia and Kings Canyon National Parks
- Affordable cost of living

Valley Children's Hospital, Madera, CA

- 330 bed freestanding tertiary children's hospital
- Service area provides care to more than 1.3 million children in a 13-county service area
- 78% of our patient population is underserved
- VCH is the only healthcare network in the Central Valley dedicated exclusively to caring for children.
- Central California's only designated Level II Pediatric Trauma Center and only Level 4 Epilepsy Center
- ED ~90,000 visits annually

University of Michigan Pediatric Hospital Medicine Fellowship Program

The Program:

The mission of the Pediatric Hospital Medicine Fellowship Program is to train fellows to become leaders within the field of Pediatric Hospital Medicine. This is accomplished through a two-year robust curriculum that focuses on high quality clinical care, medical education, research, and quality improvement.

- 32 faculty members/2 fellows per year
- Training largely occurs at C.S. Mott Children's Hospital, a large tertiary care children's hospital at the University of Michigan in Ann Arbor, MI with 348 inpatient beds, 35 pediatric residents per year, and 15 pediatric subspecialty fellowship programs
- Community hospital rotations spent at Trinity Health Ann Arbor Hospital

Program Leadership:

Rebekah Shaw, MD
Program Director
rebekash@med.umich.edu

Emily Jacobson, MD
Associate Program Director
jacobsoe@med.umich.edu

Marlene Woodard
Program Administrator
wmarlene@med.umich.edu

Geographic Culture:

- Unique blend of city sophistication and small-town charm
- Abundance of restaurants, microbreweries, museums, music clubs, and other entertainment
- Over 140 nearby parks with 4 seasons of activities

Unique opportunities at the University of Michigan:

- Training at a large academic medical center associated with a research university offers opportunities for collaboration with larger research community
- Unique longitudinal quality improvement opportunity to work directly with Associate Chief Clinical Officer to complete sentinel event review from identification to institutional changes
- Michigan Medicine specific complex care program with home visit experience and opportunity to follow patients longitudinally
- Established Internal Medicine elective (up to 10 weeks) for Med-Peds graduates

Multitude of additional training opportunities available in:

- Research
- Quality Improvement
- Medical Education
- Global Health
- Healthcare Administration
- Healthcare Disparities

University of Florida College of Medicine

Gainesville, FL

Recruiting our INAUGURAL PHM FELLOW for 2026-2027

*Pending ACGME Accreditation

Newly renovated inpatient units opening 5/2025

Close-knit pediatric hospitalist team with diverse interests excited to train the next generation of pediatric hospitalists

Access to over 20 subspecialties

Over 2,500 admissions annually to our pediatric hospitalist teams

Great location with easy access to the best Florida has to offer-from sporting events, to theme parks, to beautiful Florida Beaches

Our Aims:

- o Enhance the expertise of clinicians in the care of hospitalized children across the spectrum of medical acuity and complexity.
- o Promote the practice of evidence-based, high-value, patient- and family-centered care.
- o Provide a flexible curriculum that allows fellows to tailor their training and experiences to their clinical and academic goals and interests.
- o To develop an area of specialized skills in one of four domains: clinical research, advocacy, quality improvement, or medical education.

Pediatric Hospital Medicine Fellowship Program

Mission Statement

The mission of the Pediatric Hospital Medicine Fellowship at the Medical University of South Carolina is to prepare pediatricians for faculty positions as academic pediatric hospitalists. Our fellowship has a research focus while meeting the clinical and educational requirements of the developing subspecialty of Pediatric Hospital Medicine. We have a strong track record of training academic pediatric hospitalists, and 100% of our MUSC PHM Fellowship graduates currently hold faculty positions at pediatric academic hospitals throughout the country!

Curriculum: Core Clinical Rotations

Our Pediatric Hospital Medicine Service includes complex care as well primary management of ALL subspecialty patients with consultation and co-management of surgical subspecialties

PICU/Intermediate Care, Level 1 Nursery and STAB unit experiences

Elective options are varied and include rotations in Internal Medicine, Palliative Care, Emergency Medicine, and Sedation among others

Master of Science in Clinical Research – fully paid for!

Fellow Successes

Scholarly projects in health services, medical education, QI, and advocacy research.

Fellows routinely present their scholarly work at national meetings including APPD, PAS, and PHM

Every graduating fellow has had their project result in peer reviewed publications.

Academic opportunities

- ❖ Top 10 Children's Hospital, #1 in CA
- ❖ Dedicated fellow research staff
- ❖ Unlimited biostats support (GME)
- ❖ Comprehensive mentorship program
- ❖ Fellow research funding (DHM)

Well-established program (>12 years)

Los Angeles County: sunny, coastline and mountain ranges, cultural culinary entertainment hub

Advocacy opportunities

- ❖ Safety net hospital,
- ❖ >50% publicly insured,
- ❖ >30% non-English speaking
- ❖ Highest patient complexity among similar hospitals

Graduate degree opportunities

Diverse, nationally renowned faculty

Individualized curriculum support

Housing and wellness stipend

Robust PHM longitudinal curriculum

- ❖ QI/Patient Safety
- ❖ Research
- ❖ Leadership
- ❖ Simulations and procedures
- ❖ Healthcare systems
- ❖ MedEd
- ❖ Advocacy
- ❖ Palliative/Complex care

Research overviews

- ❖ Understand and improve care of hospitalized children regardless of social medical complexity
- ❖ Collaboration with medical and surgical colleagues at CHLA+USC
- ❖ Support from and in collaboration with NIH, AHRQ, PCORI, AAP (VIP, PACC-QN), NHLBI, and PRIS
- ❖ Quality improvement and patient safety (including high-value care)
- ❖ Medical education and training
- ❖ Clinical research (common inpatient conditions, children with medical complexity, health equity)

Who we are:

We are a robust PHM Division with 44 faculty members and 16+ advanced practice providers.

Inova Children's is home to:

Level 1 Trauma Center
226 Pediatric-beds
(including a Specialty Care Unit)
PICU, CICU, Level IV NICU

Northern Virginia Campus, University of Virginia SOM

As a tertiary-care referral center for Virginia, Maryland and West Virginia, our Program offers ample opportunities for Fellows to gain experience caring for children with a variety of diagnoses and medical complexity.

Program stats:

2-Year Fellowship Program, 1 Fellow/Year
Community Hospital site: Inova Loudoun Hospital

Teach and supervise residents from Inova Pediatrics, Fort Belvoir and Fairfax Family Practice and medical students from University of Virginia and Georgetown SOM

Strengths: QI, MedEd, individualized curriculum, formal didactic curriculum, commitment to initiatives focused on DEI, and ample opportunity to present scholarly activity at regional and national levels

Our current **AMAZING** Fellows!
Dr. Shiksha Sharma (PGY-5) &
Dr. Meenu Krishnasamy (PGY-4)

Program benefits:

Participate in Inova's 401K, disability/life insurance and health/dental/vision plans

Opportunity to earn a Graduate Degree Certificate (UVA, GMU)

Educational stipend: \$1,000/year

Wellness benefits, paid parental leave, back-up childcare

4-weeks paid vacation/year

Where we are:

Inova Children's is located in Falls Church, VA, about 10 miles southwest of Washington, DC.

Fairfax County is one of the fastest growing and most diverse areas in the nation! It is home to great schools, great food, professional sports, and outdoor activities making it an ideal place to live and work.
