

Stanford Pediatric Hospital Medicine Fellowship Program

Mission: To train innovative leaders in pediatric hospital medicine who will advance our field through excellence in scholarship, teaching, and high value, evidence-based clinical care within the hospital and across health systems to promote the health and equity of all children.

Highlights:

- ACGME-accredited, est. 2013; 2 fellows/year
- Highly individualized and innovative curriculum
- Wide breadth of research and career development opportunities across 7 schools on campus
- Well-rounded clinical training
- Current and past fellows with outstanding track record in scholarship and leadership locally and nationally
- Excellent mentorship; supportive and inclusive learning climate

SCAN ME

UC San Diego PHM Fellowship Program at Rady Children's Hospital

PD: Aarti Patel, MD, MEd | **APD:** Begem Lee, MD | **Coordinator:** Georgina Hernandez

Program Features:

- Exclusive curricula for PHM fellows
 - Core curriculum – 60+ interactive sessions at start of fellowship, based on PHM Core Competencies
 - Longitudinal – Clinical, Quality Improvement, Research, Medical Education, Transport
 - ABC Lead: Administration, Business, Career Development, Leadership
- Vast clinical opportunities
 - Tertiary care on resident teaching teams, community site, PICU, newborn/level II NICU
 - Moderate sedation, non-neonatal emergency transport coordination, POCUS, simulation
 - Complex care, pediatric skilled nursing facility, home care, juvenile hall, electives
- Built-in mentorship
 - Biweekly meetings with PD & APD
 - Connection to content experts through Rady and UCSD
- 40% clinical, 60% non-clinical
- Funding and support: Conference attendance, fellows' library, software, CME funds
- Opportunities: Graduate coursework, certificates, online trainings

University of Minnesota Pediatric Hospitalist Medicine Fellowship

Mike Pitt, MD
mbpitt@umn.edu
Program Director

We don't simply have a PHM Fellowship!
We have a (*Insert Your Name Here* 😊) Fellowship

- **Tailored flexibility** with dozens of electives created for PHM ranging from Podcasting and POCUS to Toxicology and Child Life to make **training personalized to you**
- **Mentored scholarship** opportunities in Med Ed, Advocacy, Health Literacy, Quality Improvement, Informatics, and more!
- **Quality of life forward fellowship** (no overnights, rare weekends) in an **amazing place to live**
- Gain experience in **three unique hospital systems** (M Health Fairview Masonic Children's Hospital, Children's Minnesota, and our community partner Fairview Ridges)

UNC Pediatric Hospital Medicine Fellowship

What Sets UNC Apart:

- Medical complexity, co-management, hospital operations
- Program size – National faculty expertise and 1:1 mentorship
- Med Peds and POCUS expertise
- Top medical school and research university
- Regional Collaborative with other PHM fellowships
- The Triangle (Raleigh, Durham, Chapel Hill) is consistently ranked among the best places to live with easy access to the outdoors (lakes, mountains, and beaches), restaurants, and cultural events

Fellowship Stats:

- 2-year ACGME Accredited
- 2 Fellows/yr
- 31 faculty (13 Med-Peds) + 4 NBN NPs

UNC Children's Hospital:

- 195 beds with 1400 floor admissions/yr
- 43% complex care, 60% publicly insured
- 15-20% Language Other than English

Recent Fellowship Projects

- A QI Project to Improve Follow-up of Positive Meconium Drug Screens in Newborns
- A Simulation-Based Assessment Tool for Pediatric EPA 10
- ACGME Milestones for Pediatric Residents Dismissed or Withdrawn from Residency
- Long Peripheral IVs to Avoid Inappropriate Central Line Utilization
- The Impact of Clinical Ambiguity and Clinician Tolerance of Uncertainty in Medical Decision Making
- Survey of Factors Affecting Sense of Belonging and Burnout Among Trainees

Pediatric Hospital Medicine Fellowship

University of Alabama at Birmingham

Since 2012, we've been setting the standard. As one of the nation's first ACGME-accredited programs, the **UAB PHM Fellowship** is dedicated to launching academic leaders with the vision to shape the future of medicine. Through an individualized and flexible curriculum, we don't just train fellows—we maximize your professional potential.

UAB MEDICINE
Pediatrics

Children's
of Alabama®

PROGRAM

- 2 Fellows per year
- 2 Year program / Optional 3rd year for advanced degrees (about half of our fellows elect to pursue graduate certifications / Master's)
- Individualized and flexible curriculum
- Fellows are integrated into an inclusive and supportive PHM division of faculty with diverse scholarly interests

PROGRAM HIGHLIGHTS

- **Fully Funded Graduate Degrees** – 100% tuition coverage for UAB's graduate programs, plus up to \$10,000 for books, conferences, and extramural training programs
- **National Leadership Training** – Enroll in UAB's world-class programs such as Healthcare Quality & Safety or Health Administration
- **Expert Mentorship** – Train from leaders in Med Ed, Advocacy, Research, QI, and Health Administration
- **Proven Career Success** – 100% of graduates achieved academic positions; over 50% of alumni in leadership roles within two years
- **Clinical Depth** – Diverse pathology in a high-volume quaternary center with robust subspecialty support
- **Academic Faculty Development** – Formal teaching opportunities with medical students, residents, and faculty

INNOVATION

- *Transitional Mentorship Program* – Accelerating fellow productivity and professional development through structured, longitudinal guidance.
- *Graduated Autonomy Program* – Cultivating clinical confidence and team leadership skills to ensure a seamless transition to independent practice.
- *Assistant Medical Directorship* – Providing hands-on, experiential training in hospital operations and executive leadership.
- *Fellow Advocate Program* – Prioritizing fellow wellness and integration as a cornerstone of our program culture

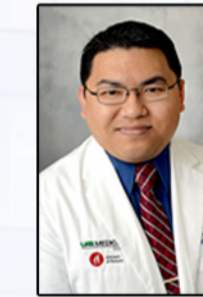

FACILITIES AND FACULTY

- Children's of Alabama, the only free-standing, quaternary-care children's hospital in the state
- 337 pediatric beds and 48 NICU bassinets
- Busiest Pediatric ED in the Southeast
- State-of-the-art 50 bed PICU
- One of the best children's hospitals in the Southeast by *US News and World Report*
- Consistently top ranked pediatric subspecialties by *US News and World Report*
- #1 America's Best Large Employer / #1 Best Employer for Diversity - *Forbes*

THE MAGIC CITY

- Birmingham is the largest city in the state with its own international airport
- Convenient to Atlanta, Nashville, New Orleans, the Blue Ridge Mountains, the Gulf Coast beaches
- Short, easy commutes
- Live and thrive in Birmingham—an affordable, award-winning city rich in culture, cuisine, and outdoor exploration

Children's**

Your PHM fellowship is about YOU!

Our fellowship is designed to meet your needs and prepare you for a lifelong fulfilling career in Pediatric Hospital Medicine.

Program Highlights:

- Flexible curriculum with broad range of electives
- Attention to well-being and work-life integration
- Dedicated children's rehabilitation rotation
- Expert mentorship from local and national leaders
- Pediatric fellows' core curriculum and bootcamp
- Research fundamentals course
- Simulation education training
- Distinguished Trainee Educator certification
- Diverse and experienced pediatric hospitalists
- World-class resources of Cleveland Clinic

Fast Facts:

- Established in 2012
- ACGME accredited
- 4 unique sites: quaternary care center, children's rehab, 2 regional hospitals
- Support broad clinical and scholarly interests
- Curriculum adapts to your interests
- 100% board pass rate for graduated fellows
- Cleveland Clinic is a top 5 hospital worldwide

Let's keep in touch!

Dana Foradori, MD, MEd: foradod@ccf.org

Children's Mercy Kansas City Pediatric Hospital Medicine Fellowship

- Fully ACGME accredited since 2019
- Fully funded, unique **3-year curriculum** with ample scholarly time, and opportunities for advanced degrees with tuition funding
- Currently 6 fellows & 45+ faculty with **varied academic interests** (health services research, QI/safety, medical education, advocacy)
- Expanding to **3 fellows per year in 2027**
- Tertiary freestanding children's hospital with diverse, complex patient population

PD: Mike Platt mplatt@cmh.edu

APD: Siân Best scbest@cmh.edu

Formal Research Education

- Longitudinal certificate program
- 1:1 mentorship with supportive faculty
- Multidisciplinary scholarship committee
- Dedicated GME research team
- Track record of fellows with regular national presentations

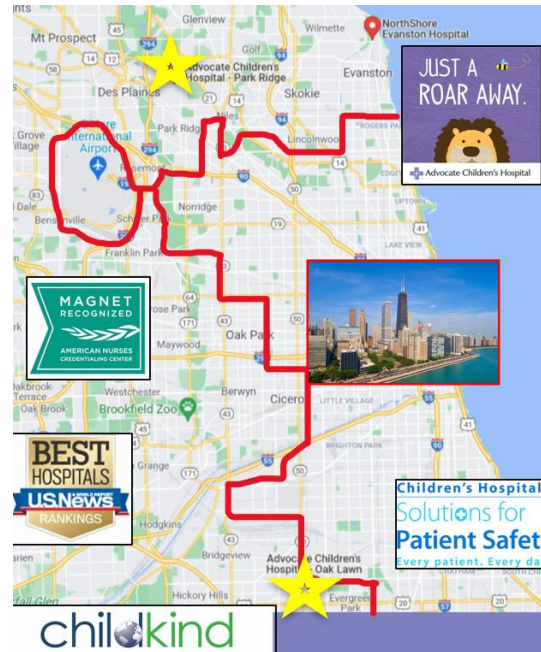

Individualized Curriculum

- Systems and scholarship didactics
- Exciting electives: global health, sedation, anesthesia, complex care, transport, antibiotic stewardship, palliative, child abuse and more
- Simulation training

Diversity of Training

- ACH Park Ridge (46 bed inpatient unit; 10 bed obs unit)
- ACH Oak Lawn (45 bed inpatient unit; 4 bed obs unit)
- Evanston Hospital (community site)
- Advocate Sherman (newborn nursery)
- Longitudinal rotations in medical education, advocacy, QI, safety, business administration, and leadership

Wellness!

- DEI and wellness curricula
- Quarterly wellbeing events: weekend lake retreat, cooking classes, dinners, escape rooms, cookie bakes, and more!

UCSF Pediatric Hospital Medicine Fellowship

Committed to providing unsurpassed healthcare for children and educating future academic hospital medicine leaders.

Program Overview

Program Organization

1/3 Core Clinical

PHM, Complex Care, Subspecialty Co-Management, Pain & Palliative Care, Newborn, Sedation, Community PHM

1/3 Systems and Scholarship

Robust mentorship by Research Director and faculty, research training and curriculum, Fellow's College, Journal Club, Works in Progress meetings, Master's level coursework through the Clinical and Translational Science Institute.

1/3 Individualized Curriculum

Fellow didactics, GME pathways, clinical electives, Lean/QI training, teaching certificates, coursework through the School of Medicine and UCSF Health

Program Highlights

- Program began in 2012
- ACGME-accredited in 2020
- Two-year training program
- We accept two fellows per year
- 20 + core teaching faculty
- All graduates have obtained teaching hospital faculty positions after graduation
- Three training sites: Benioff Children's Hospitals SF and Oakland, and Washington Hospital
- UCSF is a US New Top 10 Medical School

Program Leadership

Darren Fiore, MD
Program Director and Associate Division Chief

Sunitha Kaiser, MD, MS
Division Chief and Research Director

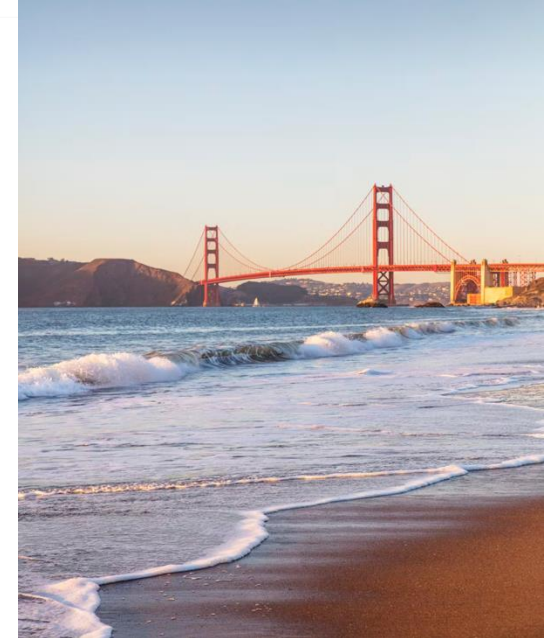

Martha Elster, MD
Associate Program Director

We aim to train leaders in academic Pediatric Hospital Medicine with clinical expertise in the family-centered care of hospitalized children, particularly those with medical complexity.

Graduates will go on to become expert clinicians, leaders in hospital safety and quality, excellent educators, and researchers in academic hospital medicine.

The Highlights

Our Goal: To create leaders and innovators in PHM

- Strong, guided mentorship
- Flexible individualized curriculum
- Focus on developing your niche
- Support to start secondary degree

What We Look For

- Strong clinical and organizational skills
- Leadership experience
- Experience serving populations from all backgrounds
- Academic and scholarly curiosity
- Communication skills and teamwork

Seattle Children's
HOSPITAL • RESEARCH • FOUNDATION

Pediatric Hospital
Medicine Fellowship

Established: 2020
ACGME Certified
2 fellows/yr

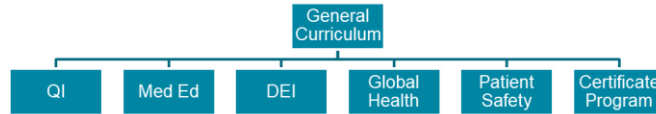

Seattle Living

Fellowship Funding

- \$3,000/yr for research support
- \$2,000/yr for CME
- \$5,000/yr for coursework
- Fully funded option to complete Certificate Program through U. of Washington
- Option to do course work through the U. of Washington: Tuition exemption for up to 6 credits each quarter

Expansive and Individualized Curriculum

- Option to complete advanced QI and/or Med Ed training programs
- Community Rotation Options: Montana or Alaska

Mentorship & Advising

- Starts on match day +/- PAS Annual Meeting
- Program director meets monthly with 1st years and quarterly with 2nd years
- "Continuity" Clinical Coach provides feedback on clinical skills/teaching skills longitudinally
- Faculty receive robust training and feedback on providing graduated autonomy

PHM Faculty

- Mentorship from 4 AAP National QI project leads: BRUE, Febrile Neonates, IVF, Hyperbili
- Division Chief: Former Editor in Chief of the journal *Hospital Pediatrics*
- 3 federally funded faculty researchers in clinical and health services research

Pediatric Hospital Medicine Fellowship Program

Training Tomorrow's Leaders in Pediatric Hospital Medicine

The PHM Fellowship Program at Johns Hopkins Children's Center prepares clinicians for leadership in academic pediatric hospital medicine. Embedded within one of the nation's top-ranked pediatric programs — with over **92,000 patient visits and nearly 9,000 admissions annually** — fellows benefit from an unparalleled clinical and scholarly environment.

PROGRAM HIGHLIGHTS

- Flexible, **individualized curriculum** tailored to each fellow's clinical & academic goals
- Training at **Johns Hopkins Children's Center** — one of the most comprehensive pediatric programs in the U.S.
- Community hospital experience at **Johns Hopkins Bayview Medical Center** (ED/inpatient unit & newborn nursery)
- **Quality improvement** scholarship funded by the Division of Quality & Safety
- Mentorship through the **Armstrong Institute for Patient Safety & Quality** (Lean Sigma Green Belt available)
- **Scholarship Oversight Committee** with regular progress meetings & research-in-progress presentations
- Access to **interdisciplinary support** on every floor: case managers, social workers, PT, OT, SLP & dieticians
- Small program with **strong mentorship** and close faculty relationships

CURRICULUM OVERVIEW

- **General Pediatric Hospital Medicine Teams** — 10 weeks (Year 1)
- **Complex Care / Surgical Consult Service** rotations
- **Community Hospital Medicine** at JH Bayview
- **8 weeks** individualized clinical elective time
- **24 weeks** individualized scholarly/academic time
- **Palliative Care** and **Pediatric Sedation** rotations
- Year 2: fellows customize inpatient experience based on career goals
- Weekly **Works-in-Progress** meetings for research feedback

SCHOLARLY OPPORTUNITIES

- **Clinical & translational research** — grant-funded opportunities in PHM
- **Quality improvement** — supported by the Armstrong Institute
- **Educational scholarship** — teaching skills & curriculum development
- Collaboration with **C-TEEM** (Center for Clinical/Translational Research Training)
- Projects taken from conception through **execution and dissemination**
- Addressing **health disparities** and social determinants of health

WHY CHOOSE HOPKINS PHM?

- World-renowned academic medical center with **#1-ranked** resources
- Rich **subspecialty collaboration** across surgery and medicine
- Vibrant **Baltimore/DC metro area** — culture, affordability, connectivity
- Strong track record of **fellow career placement** in academic PHM
- Program tailored to develop **independent thinkers and leaders**

FELLOW PERSPECTIVE

"I chose Hopkins for its abundance of resources. As a children's hospital within a large, university-affiliated system, I knew there would be many opportunities to support my career as a budding clinical researcher."

University of Michigan Pediatric Hospital Medicine Fellowship Program

The Program:

The mission of the Pediatric Hospital Medicine Fellowship Program is to train fellows to become leaders within the field of Pediatric Hospital Medicine. This is accomplished through a two-year robust curriculum that focuses on high quality clinical care, medical education, research, and quality improvement.

- 42 faculty members/2 fellows per year
- Training largely occurs at C.S. Mott Children's Hospital, a large tertiary care children's hospital at the University of Michigan in Ann Arbor, MI with 348 inpatient beds, 35 pediatric residents per year, and 15 pediatric subspecialty fellowship programs
- Community hospital rotations spent at Trinity Health Ann Arbor Hospital

Program Leadership:

Rebekah Shaw, MD
Program Director
rebekash@med.umich.edu

Emily Jacobson, MD
Associate Program Director
jacobsoe@med.umich.edu

Marlene Woodard
Program Administrator
wmarlene@med.umich.edu

Geographic Culture:

- Unique blend of city sophistication and small-town charm
- Abundance of restaurants, microbreweries, museums, music clubs, and other entertainment
- Over 140 nearby parks with 4 seasons of activities

Unique opportunities at the University of Michigan:

- Training at a large academic medical center associated with a research university offers opportunities for collaboration with larger research community
- Unique longitudinal quality improvement opportunity to work directly with hospital leadership to complete sentinel event review from identification to institutional changes
- Michigan Medicine specific complex care program with home visit experience
- Robust community hospital medicine rotation with delivery room and inpatient experiences
- Established Internal Medicine elective (up to 10 weeks) for Med-Peds graduates

Multitude of additional training opportunities available in:

- Research
- Quality Improvement
- Medical Education
- Global Health
- Healthcare Administration
- Healthcare Disparities

Pediatric Hospital Medicine Fellowship Cleveland, Ohio

Program Details

- Robust clinical training in both an academic tertiary care center and community-based setting
- Graduated autonomy in clinical practice
- Numerous clinical electives to allow for individualized training
- Dedicated scholarship training across clinical research, medical education and quality improvement
- Mentorship with faculty including advanced opportunities for participation in system-based projects
- Funding support for presence in national organizations

Program Culture

- Our division is a tight-knit community of academic-based pediatric hospitalists with a focus on providing optimal care in an inclusive and welcoming setting. Education is at the heart of what we do, and fellows are integral to that mission.

Cleveland, Ohio

Located on the shores of Lake Erie, Cleveland is a mid-sized city offering big city amenities with affordable cost of living and friendly people. Home to a vibrant dining and nightlife scene as well as professional sports teams, world class museums, arts, and culture.

**RANKED IN
6 SPECIALTIES
2025-2026**

Our Aims:

- o Enhance the expertise of clinicians in the care of hospitalized children across the spectrum of medical acuity and complexity.
- o Promote the practice of evidence-based, high-value, patient- and family-centered care.
- o Provide a flexible curriculum that allows fellows to tailor their training and experiences to their clinical and academic goals and interests.
- o To develop an area of specialized skills in one of four domains: clinical research, advocacy, quality improvement, or medical education.

Program Director
 Jackie Eisenberg
 jeisenberg@bsd.uchicago.edu

- Medium sized, urban, “free-leaning” children’s hospital with deep community roots that cares for the city’s most vulnerable children
- Two-year, ACGME accredited program
- Top medical school + research university

Mentorship

- One fellow/yr – 1:1 mentorship
- 23 Pediatric Hospital Medicine Faculty in a well-established and growing PHM section
- Supervision by the same core PHM faculty at each fully integrated clinical site

Individualized

- Integrated scholarship training
- Flexible and individualized curriculum
- Additional available training in MedEd, QI, ethics, clinical informatics, simulation

University of Utah Health PHM Fellowship

City living with unmatched outdoor access

Ideal Clinical Experience

- Primary Children's Hospital: 5 state catchment area
- True community site
- Core value to foster fellow autonomy

Academic Excellence

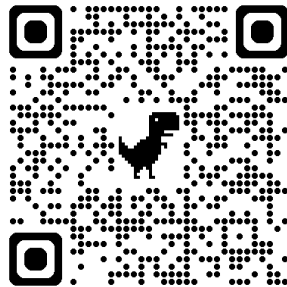

- Optional funded masters in Med Ed, MPH or Research
- Optional funded certificate in QI
- Large department and division
 - Rich pool of resources
 - Strong, variety of interests, approachable mentorship

Flexible and Individualized

- Established fellowship since 2010
- Every fellow's fellowship looks different

Strong Sense of Community

- 2-3 fellows per year
- Fellows and faculty work, live, and play close by
- Most fellows choose to stay on

Pediatric Hospital Medicine Fellowship

PHM Fellowship Information

- ACGME accreditation: 2024;
- 2-years, 1 fellow per year

Brenner Children's Hospital: Winston-Salem, NC

- Tertiary care: 144 beds, Level 1 Trauma

What Makes Us Stand Out

- **PHM Section Size:** Provides 1:1 mentorship, but with national faculty expertise
- **Step down Unit:** Provision of care by PHM for our patients with Complex Care needs
- **Robust health equity and SDOH focus:** clinical care, advocacy and research
- **Collaborations:** Regional PHM fellowships, Atrium and Advocate Health PHM fellowships
- **Winston-Salem:** named one of America's "Best Cities on the Rise"
