

# University of Louisville Pediatric Cardiology Louisville, KY

## Program Highlights

- Only free-standing children's hospital in Kentucky
- 17 bed dedicated CICU opened in 2020
- 23 pediatric cardiology faculty and growing
- 300 surgeries per year
- 6-10 transplants per year
- ACHA accredited ACHD program
- Active member of numerous national registries
- Ability to earn a master's as part of your fellowship

## Program Culture

- Emphasis on training excellent clinical and academic fellows
- Growing division with faculty who can mentor and support fellows in a diverse array of scholarly activity
- Collegial atmosphere

## Mission

- Use evidence-based teaching methods to train the next generation of pediatric cardiologists.
- Aims: train fellows to have excellent clinical skills, review and appraise current literature for best practices, become clinical educators, explore, and understand the rigors of research and quality improvement.
- Focus: Create outstanding clinicians, educators, and the future leaders of our field. Providing high-quality clinical care with a unique understanding of the impact of social determinants of health on patient outcomes.

**Louisville:** A great city in which to live! We have a nationally accredited parks system, the nation's largest municipal forest, the Kentucky Derby, University of Louisville Cardinals, Lou City FC, Kentucky Center, and KFC Yum! Center

# Duke University Pediatric Cardiology Fellowship Program

## Mission:

-To train future leaders who will provide expert, compassionate care for patients with congenital and acquired heart disease, as well as advance the field through a lifetime of thoughtful inquisition and research

## Opportunities:

-3 fellow positions per year of training  
-Advanced training positions in cardiac imaging/fetal/MRI, interventional catheterization, electrophysiology, heart failure/transplant, ACHD, research

## Setting:

-Based in Durham, NC, in the Piedmont region halfway between the beach and the mountains, also close to Raleigh and Chapel Hill, NC  
-Heart Center based in Duke Central Tower, 24 bed Pediatric CICU, dedicated Cath/EP labs, and multiple outreach sites  
-Fellowship home in the #3 ranked Children's Cardiology & Heart Surgery program by US News

## Curriculum/Rotations:

-Approximately 24 clinical months including 4 months of PCICU experience  
-Approximately 12 months research with opportunity for collaboration with Duke Clinical Research Institute and Global Health Center

## Program Leadership/Contacts:

-Program Director: M. Jay Campbell, MD, [michael.campbell2@duke.edu](mailto:michael.campbell2@duke.edu)  
-Associate Program Director: Zeb Spector, MD, [zsz2@duke.edu](mailto:zsz2@duke.edu)  
-Program Coordinator: Ivy Banks, [ivelisse.banks@duke.edu](mailto:ivelisse.banks@duke.edu)

Medium-Sized Program  
Personalized Training

- 7 categorical fellows
- 4<sup>th</sup> year positions (cath, EP, echo, ICU, transplant, genetics, etc)
- Med Ed, Business, QI Training and Certificate Programs

Top-Ranked  
Great Outcomes

- “Best in the West” Cardiology & Cardiac Surgery Program
- Excellent Surgical and CTICU outcomes (PC<sup>4</sup>)
- Ranked #6 in USNWR for Cardiology and Heart Surgery

Broad Region  
+ Great Diversity

- Patients from SoCal, AZ, Hawaii, Saipan, Mexico, Pacific Rim
- Value DEI in fellows, staff, patients
- “Global Health at Home” experience due to broad referral area

Subspecialty  
Expertise

- 35 Cardiology Faculty
- 3 Surgeons
- All cardiology subspecialties represented amongst faculty

Cutting-Edge  
Clinical Exposure

- Dickinson Image-Guided Intervention Center (MRI-Cath Lab)
- Top Ductal Stenting Program for Single Ventricle Palliation
- World-renowned Kawasaki Disease and Genomics programs

Strong Mentoring +  
Research Support

- 5 Clinical Research Staff
- Dedicated Fellow Research Funding/Travel Grants
- Most fellows graduate with 2-5 publications

Amazing Location

- Perfect weather, very livable, housing stipend, tons to do
- 2<sup>nd</sup> Largest City in CA, 8<sup>th</sup> Largest in US
- Feels Smaller/More Accessible, Easy to get around

# University of Mississippi Pediatric Cardiology Jackson, MS

## Program Highlights

- ★ Approximately 250 congenital heart surgeries per year
- ★ Over 6,500 outpatient encounters
- ★ More than 10,000 echocardiograms
- ★ New surgical suites, catheterization lab, and echo reading room
- ★ Stress lab located in clinic

## Program Perks

Free Covered Parking  
\$3,500 CME Funds  
Health insurance  
Newly Renovated Fellowship Office  
Professional Liability Coverage  
Monthly Meal Vouchers  
3 weeks of vacation

**Mission:** The pediatric cardiology fellowship program at Indiana University School of Medicine trains clinically strong, compassionate and competent pediatric cardiologists. The program offers comprehensive, in-depth fellowship experience by combining excellent multi-disciplinary teaching in all specialty areas, personal mentorship including formal scholarship oversight, and exposure to basic, clinical, and translational research. The program offers a flexible training curriculum to allow each fellow to achieve their career goals as a pediatric cardiologist. IU School of Medicine accepts two fellows per year for the pediatric cardiology fellowship.

# Children's Mercy Kansas City Pediatric Cardiology Fellowship Program

## Ward Family Heart Center:

- 3 fellows/year
  - 4<sup>th</sup> year Advanced Imaging and EP fellowship
- 4 congenital cardiac surgeons
  - Congenital cardiac surgery fellowship
- 46 Pediatric Cardiologists
- 40+ advanced practice providers
- 4 Exercise Physiologists (3 PhD level)
- Multidisciplinary support teams including psychologists
- Collaborative, friendly, and family-like culture

## Children's Mercy GME

- Competitive pay and benefits
  - No health/dental insurance premiums, parental leave, conference/educational funds, moving allowance, free parking, on call meal cards, BLS/PALS reimbursement
- Wellness programs
- Common core curriculum to meet ACGME requirements
- QI training and grant writing curriculum
- Access to master's programs (Education, Clinical Science, Biostatistics, Bioinformatics) with tuition assistance available
- T32 funding for 4th year in clinical pharmacology

## Clinical /Research Experience:

- 20,000 outpatient visits/year
- >20,000 echoes/yearly with busy 3D/CT/MRI program
- 450-500+ cardiac surgeries/year (high volume center) with excellent STS outcomes
- >750 cardiac catheterizations/EP studies/year
- Heart transplant/ VAD program
- Fetal Health Center
- All cardiac super-specialties
- Strong partnership with CMH Research Institute supports including genomic and precision medicine
- Robust didactic schedule

## Fellowship Overview

- 6 Pediatric Cardiology Fellows (2 per year)
- 10 Faculty with Diverse Clinical and Research Interests
- Culture of Growth, Quality, Respect
- See our Instagram! @rainbow\_cardiology

## Rainbow Babies & Children's Hospital

- 244-bed, full service children's hospital
- Leader in neonatal and pediatric care for over 130 yr
- USNWR-ranked in Cardiology and CT Surgery
- Free-standing children's hospital on the campus of a large academic medical center

## Scholarship & Research Activities

- Fellowship Research Award Program (FRAP)
  - > \$100,000 annual grants
- Faculty Mentorship
- Biostatistician support, opportunities via CWRU
- Office of Research Education
- Horwitz Pediatric Learning Center, medical librarian

## Alumni

- 92% first-time board pass rate for last 6 classes
- 12 of last 20 graduates pursued additional subspecialty training at top centers

## Cleveland

- Diverse, dynamic city with vibrant neighborhoods
- Low cost of living
- Waterfront, parks, hiking, arts, theater, prof sports

## LE BONHEUR CHILDREN'S HOSPITAL Memphis, Tenn.

Le Bonheur Children's Hospital is one of the nation's best children's hospitals, featuring expert physicians and staff, state-of-the-art technology and family-friendly resources. We are part of the Methodist Le Bonheur Healthcare group of hospitals.

### 3 TEACHING SITES:

- Le Bonheur Children's Hospital
- Regional One Health
- St. Jude Children's Research Hospital

### CATCHMENT AREA:

- Memphis Tri-State area (Tenn., Ark., Miss.)

### HOW WE STAND OUT:

- Breadth and depth of clinical expertise
- Robust clinical and didactic curriculum
- Trajectory of growth and expansion
- Le Bonheur culture of collegiality and camaraderie

### What We Do Per Year:

- 320 cardiac surgeries
- 8-10 heart transplants
- 500 cardiac cath and EP studies
- 14,000 TTE and 400 TEE
- 12,000 outpatient clinic visits
- 400 cardiac MRI
- 500 stress tests

### People:

- 3 fellows per year
- 35 cardiology faculty members
- 2 cardiac surgeons
- 15 sonographers
- 15 NP/PAs

### PROGRAM LEADERSHIP:

- Jason Johnson, MD, MHS** (Chief of Cardiology)
- Thomas Yohannan, MD** (Program Director)
- Jennifer Kramer, MD** (Associate Program Director)
- Archie Todd** (Program Manager)

### Space:

- 311 beds
- 31 bed CVICU and CCU
- Hybrid cMRI - Cath Lab
- Hybrid OR - Cath Lab
- 74 bed NICU
- 20 bed IMCU
- 20 bed PICU

# UNMC / Children's Nebraska Pediatric Cardiology Fellowship

## Program Highlights

- 6 ACGME categorical positions
- ACGME ACHD fellowship
- 31 Cardiology faculty, broad subspecialty depth
- 3 Congenital CV surgeons
- Dedicated, 32 bed variable acuity cardiac unit
- 2 advanced hybrid catheterization labs
- Pediatric cardiac rehab program with exercise physiologists
- Flexibility in schedule adjustments
- Early autonomy opportunities
- Hospital support for trainees (e.g. parking, meals, career advancement)

Hollywood, FL

**Train with Purpose.  
Grow with Expertise.  
Lead with Heart.**

## Location Matters

A vibrant coastal community offering:

- Beautiful beaches and outdoor lifestyle
- Diverse culture and cuisine
- Easy access to Miami and Fort Lauderdale
- Warm weather year-round

## Why Train with Us?

Exceptional clinical exposure with broad experiences in diverse and complex cardiac conditions:

- Inpatient Cardiology
- CVICU
- Ambulatory Cardiology
- Electrophysiology
- ACHD
- CPET/Stress testing
- Echocardiography
- Advanced imaging (CT, MRI)
- Fetal Cardiology
- Cardiac Catheterization
- Heart Failure, VAD and Transplantation

Scholarly activity and quality improvement is emphasized and supported.

## About the Heart Institute

- 32 Cardiologists, 3 CV surgeons
- Only active heart transplant center in South Florida
- Only fellowship program in FL with an ACHA accredited ACHD center
- Participant in numerous multicenter studies, registries, recipient of grants (>150 manuscripts in last 5 years)

## Join Us

**Accepting 3 fellows per year.**

Become part of a fellowship that values innovation, compassion, and excellence in pediatric cardiac care.

Applications welcome from motivated pediatric residents seeking advanced specialty training in cardiology.

## Program Mission

*To develop exceptional pediatric cardiologists by bolstering individual strengths, fostering curiosity, and building community.*

- ✓ High clinical volume
- ✓ Superb didactics with world-renowned faculty
- ✓ Robust research infrastructure (basic and clinical science)
- ✓ Novel educational initiatives
- ✓ Supportive, inclusive and team-based culture
- ✓ Unique individualized opportunities for trainees

18 categorical fellows  
8 advanced fellows in every subspecialty  
(CVICU, heart failure/transplant, echo, EP, PH, cath) + ACHD fellowship

Experience with complex and innovative procedures/cases

## Clinical Programs

- CT Surgery: >800 surgical cases/year
- Cardiac ICU (CVICU): 21 faculty, >1000 admissions/year, 36 beds
- Heart Failure/Transplant: 9 faculty, >20 VADs/year, >30 heart transplants/year
- Acute Care Cardiology: 8 faculty + heart failure/transplant, 32 beds
- Echocardiography: 13 faculty, >20,000 echos/year (>5000 fetals)
- Electrophysiology: 6 faculty, >200 cases/year, 15,000 EKGs, 2000 device checks, >2000 outpatient visits
- Catheterization: 4 faculty, >1000 cases/year, 2 hybrid rooms
- Pulmonary Hypertension: 4 faculty, robust inpatient/outpatient service
- Adult Congenital Heart Disease: 5+ faculty, >2000 outpatient visits, >60 surgeries on site
- Additional Programs: Connective Tissue Disorder, Single Ventricle, Kawasaki, PA Reconstruction, Complex Biventricular Repair, Cardiogenomics, Coronary Program

Great Bay Area living

New hospital opened doors in 2017 with >360 inpatient beds

Novel educational opportunities (ie: VR, Cardiology/Echo Boot Camp, Individualized Curricula)

# Pediatric Cardiology Fellowship

## Young program

- First fellowship class starts 7/2026
- 3 fellows per year – 9 total
- 4<sup>th</sup> year in cardiac ICU

## Rapidly growing Heart Center

- 28 cardiologists
- 10 cardiac intensivists
- 5 cardiac surgeons
  - 2 renowned senior surgeons

## Clinical experience

- Ranked #10 in USNWR Cardiology & Heart Surgery
- ~400 cardiac surgeries per yr
  - ~10 transplant; VAD program
- 48-bed cardiac unit (cardiac ICU + acute care cardiology)
- 500+ cardiac caths + EP studies
- 800+ fetal cardiology visits

## Austin, TX

- Amazing food
- Live music, festivals
  - SXSW, ACL
- Outdoor scene
- University of Texas
- Formula 1, Austin FC

## Quick Facts

Total fellows: 6

## **Procedural volume:**

- 183 Congenital heart surgeries
- 2 Heart transplants
- 2 Ventricular Assist Devices
- 354 Cardiac catheterizations
- 173 Electrophysiologic procedures
- 8,685 Echocardiograms
- 782 Fetal echocardiograms
- 160 Transesophageal echocardiograms
- 220 Cardiac CTs (approx.)
- 135 Cardiac MRIs (approx.)

**UNOS**™ Approved Pediatric Heart Transplant Program

### MISSION STATEMENT

*To develop elite clinicians, educators and scientists who will become leaders in pediatric cardiovascular medicine, by providing a world-class, comprehensive experience to maximize personal growth and professional success*

### Lurie Children's Hospital

- Largest children's hospital in Illinois
- >10K admissions/year and >1,800 staff
- 70 pediatric subspecialties
- Nationally ranked in 10 specialties
- Facilities
  - 360 beds
  - 49 bed acuity-adaptable CICU
  - 2 dedicated cardiac ORs
  - 2 state-of-the-art catheterization labs

### Heart Center / Division of Cardiology

- 65 Attending Cardiologists
- 4 Congenital Heart Surgeons
- Cardiac Anesthesia Service
- 12 Categorical Fellows
  - 4 fellows per class
- Senior Fellowship Opportunities
  - Advanced Cardiac Imaging
  - CICU
  - Heart Failure/Heart Transplant/VAD
  - Interventional Cardiology/Cardiac Cath
  - Electrophysiology (Invasive or Non-invasive)
- 60+ Advanced Practice Providers
- >700 inpatient admits/yr, >20,000 outpatient visits/yr and ~500 surgical cases/yr

### Fellowship Training

- Clinical
  - Exposure to all aspects of pediatric cardiology over 13 four-week blocks/year
  - Dedicated clinical educators in all subspecialties
  - High volume cardiac transplant and VAD programs
  - Large referral center with a diverse patient population
  - Simulation-based echocardiography training
- Research
  - Outstanding scholarly mentorship throughout the Heart Center and other hospital divisions
  - Center for Cardiovascular Innovation (CCI)
- Other
  - Supportive environment to maximize experience
  - Ability to tailor individual fellow clinical and scholarly endeavors to meet career goals
  - Great people and a great city

## Program Facts

- Started in 1966 by Dr. Abe Rudolph
- 9 categorical fellows (3/year)
- 4<sup>th</sup> year training opportunities
- 28 cardiology faculty with all subspecialties represented

## Pediatric Heart Center

- 18 bed CICU, 12 bed cardiology step-down unit
- 4 pediatric cardiac surgeons
- ~450 surgical cases per year
- 20,000 outpatient clinic visits/year
- 3,500 fetal echos per year
- ~550 cath cases per year
- ~150 EP cases per year

## Program Culture

- Supportive learning environment
- Teaching cardiac physiology through structured didactic curriculum and hands-on patient care
- Flexibility within program to tailor training for individual academic/career goals
- Strong mentorship in research and academic clinical medicine
- Dedicated funding for fellow scholarship, research, and professional development
