Pediatric Hospital Medicine Fellowship Highlights

- 1 fellow per year
- 2-year ACGME-accredited program
- 25 Pediatric Hospitalists + 3 Med/Peds faculty
- No-cost advanced degree opportunities
- Funded Global Health elective
- Home of the Innocents experience (long-term facility for children with complex medical disease)

Why Louisville?

- Affordable cost of living
- Easy commutes
- Mix of urban/suburban/rural
- 9 major festivals yearly & over 120 parks
- Famous For:
 - Kentucky Derby
 - Louisville Slugger
 - Muhammed Ali
 - Bourbon Trails
 - Mammoth Caves

Clinical Environment: Norton Children's Hospital

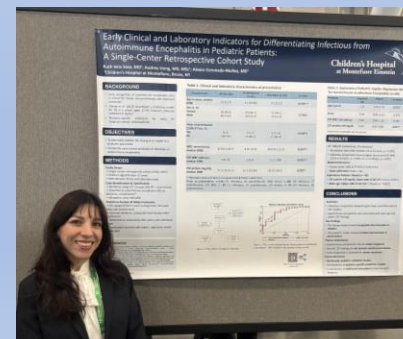

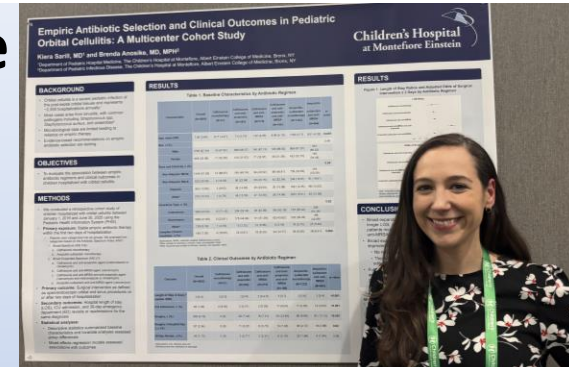

- Kentucky's only free-standing Children's Hospital
- Sponsors 3 residency programs & 11 fellowship programs
- Level 1 Pediatric Trauma Center
- 300-beds + 14-bed pediatric community site
- 38 subspecialties within Pediatrics
- 7500 hospitalist admissions/year

Baylor College of Medicine- San Antonio at Christus Childrens Curriculum Overview

Program/Hospital Overview

- 2 year fellowship
- Up to 2 fellows/year
- Individualized and fellow focused
- 14 faculty in PHM division
- 200 bed facility
- Only free-standing children's hospital in San Antonio
- 40 bed PICU and Intermediate Care Unit with Center of Excellence Designation for ECMO
- Level IV NICU

Core clinical

- PHM Inpatient Service
- Sedation Service staffed by PHM and ED
- Community Site
- Newborn Nursery

Systems and Scholarship

- Advanced Quality Improvement Course
- Excellence in Teaching Program
- Fellow's College and Curriculum

Individualized Curriculum

- Administration/Leadership
- Fellow-As-Teacher

San Antonio

- 7th largest city in US
- Small town feel with big city amenities
- No state income tax
- Low Cost of living

Pediatric Hospital Medicine Fellowship

💡 Fellowship Highlights

- 🌟 Advanced inpatient pediatric training + high-acuity, medically complex & “bread & butter” patients
- 📖 Robust academic curriculum + rapidly growing medical education environment with learners of all levels
- 🏠 Quaternary care hospital training + multi-site community hospital exposure
- 🔬 Scholarly work in QI and research + support from our Pediatric Research Program & faculty mentorship
- 🌍 Participate in well-established advocacy curriculum + Elect to Earn Global Health Certificate
- 🏡 Vibrant city lifestyle in Charlotte + nearby mountains and beaches

🏥 Hospital Highlights

- 🏥 Freestanding quaternary care Children’s Hospital in the heart of Charlotte, NC
- 👶 230+ pediatric beds with acute care, progressive care and in-house PICU and CVICU
- 👶 ~7,000 annual newborn deliveries at Carolinas Medical Center, supported by newborn and NICU teams
- 🚑 Level I Pediatric Trauma Center providing the highest level of pediatric emergency care
- 🏠 Regional referral center caring for diverse patient populations across the Southeast
- 👶 Large Experienced Pediatric Hospital Medicine Division with dedicated teaching services
- 🗣️ Full breadth of Pediatric Subspecialty Support available on site
- 🌟 U.S. News & World Report “Best Children’s Hospitals” rankings across multiple specialties
- 🏠 Major Academic Training Site for residents, fellows, medical students and advanced practice providers
- 🩺 Pediatric Transplant Program with expertise in heart, kidney, liver, and blood marrow transplant

UNC Pediatric Hospital Medicine Fellowship

What Sets UNC Apart:

- Medical complexity, co-management, hospital operations
- Program size – National faculty expertise and 1:1 mentorship
- Med Peds and POCUS expertise
- Top medical school and research university
- Regional Collaborative with other PHM fellowships
- The Triangle (Raleigh, Durham, Chapel Hill) is consistently ranked among the best places to live with easy access to the outdoors (lakes, mountains, and beaches), restaurants, and cultural events

Fellowship Stats:

- 2-year ACGME Accredited
- 2 Fellows/yr
- 31 faculty (13 Med-Peds) + 4 NBN NPs

UNC Children's Hospital:

- 195 beds with 1400 floor admissions/yr
- 43% complex care, 60% publicly insured
- 15-20% Language Other than English

Recent Fellowship Projects

- A QI Project to Improve Follow-up of Positive Meconium Drug Screens in Newborns
- A Simulation-Based Assessment Tool for Pediatric EPA 10
- ACGME Milestones for Pediatric Residents Dismissed or Withdrawn from Residency

- The Impact of Clinical Ambiguity and Clinician Tolerance of Uncertainty in Medical Decision Making
- Survey of Factors Affecting Sense of Belonging and Burnout Among Trainees

Pediatric Hospital Medicine Fellowship

University of Alabama at Birmingham

Since 2012, we've been setting the standard. As one of the nation's first ACGME-accredited programs, the **UAB PHM Fellowship** is dedicated to launching academic leaders with the vision to shape the future of medicine. Through an individualized and flexible curriculum, we don't just train fellows—we maximize your professional potential.

UAB MEDICINE
Pediatrics

Children's
of Alabama®

PROGRAM

- 2 Fellows per year
- 2 Year program / Optional 3rd year for advanced degrees (about half of our fellows elect to pursue graduate certifications / Master's)
- Individualized and flexible curriculum
- Fellows are integrated into an inclusive and supportive PHM division of faculty with diverse scholarly interests

PROGRAM HIGHLIGHTS

- **Fully Funded Graduate Degrees** – 100% tuition coverage for UAB's graduate programs, plus up to \$10,000 for books, conferences, and extramural training programs
- **National Leadership Training** – Enroll in UAB's world-class programs such as Healthcare Quality & Safety or Health Administration
- **Expert Mentorship** – Train from leaders in Med Ed, Advocacy, Research, QI, and Health Administration
- **Proven Career Success** – 100% of graduates achieved academic positions; over 50% of alumni in leadership roles within two years
- **Clinical Depth** – Diverse pathology in a high-volume quaternary center with robust subspecialty support
- **Academic Faculty Development** – Formal teaching opportunities with medical students, residents, and faculty

INNOVATION

- *Transitional Mentorship Program* – Accelerating fellow productivity and professional development through structured, longitudinal guidance.
- *Graduated Autonomy Program* – Cultivating clinical confidence and team leadership skills to ensure a seamless transition to independent practice.
- *Assistant Medical Directorship* – Providing hands-on, experiential training in hospital operations and executive leadership.
- *Fellow Advocate Program* – Prioritizing fellow wellness and integration as a cornerstone of our program culture

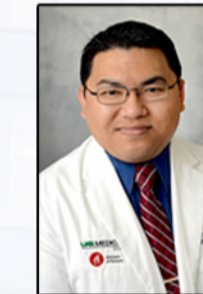

FACILITIES AND FACULTY

- Children's of Alabama, the only free-standing, quaternary-care children's hospital in the state
- 337 pediatric beds and 48 NICU bassinets
- Busiest Pediatric ED in the Southeast
- State-of-the-art 50 bed PICU
- One of the best children's hospitals in the Southeast by *US News and World Report*
- Consistently top ranked pediatric subspecialties by *US News and World Report*
- #1 America's Best Large Employer / #1 Best Employer for Diversity - *Forbes*

THE MAGIC CITY

- Birmingham is the largest city in the state with its own international airport
- Convenient to Atlanta, Nashville, New Orleans, the Blue Ridge Mountains, the Gulf Coast beaches
- Short, easy commutes
- Live and thrive in Birmingham—an affordable, award-winning city rich in culture, cuisine, and outdoor exploration

Your PHM fellowship is about YOU!

Our fellowship is designed to meet your needs and prepare you for a lifelong fulfilling career in Pediatric Hospital Medicine.

Program Highlights:

- Flexible curriculum with broad range of electives
- Attention to well-being and work-life integration
- Dedicated children's rehabilitation rotation
- Expert mentorship from local and national leaders
- Pediatric fellows' core curriculum and bootcamp
- Research fundamentals course
- Simulation education training
- Distinguished Trainee Educator certification
- Diverse and experienced pediatric hospitalists
- World-class resources of Cleveland Clinic

Fast Facts:

- Established in 2012
- ACGME accredited
- 4 unique sites: quaternary care center, children's rehab, 2 regional hospitals
- Support broad clinical and scholarly interests
- Curriculum adapts to your interests
- 100% board pass rate for graduated fellows
- Cleveland Clinic is a top 5 hospital worldwide

Let's keep in touch!

Diversity of Training

- ACH Park Ridge (46 bed inpatient unit; 10 bed obs unit)
- ACH Oak Lawn (45 bed inpatient unit; 4 bed obs unit)
- Evanston Hospital (community site)
- Advocate Sherman (newborn nursery)
- Longitudinal rotations in medical education, advocacy, QI, safety, business administration, and leadership

Wellness!

- DEI and wellness curricula
- Quarterly wellbeing events: weekend lake retreat, cooking classes, dinners, escape rooms, cookie bakes, and more!

UCSF Pediatric Hospital Medicine Fellowship

Committed to providing unsurpassed healthcare for children and educating future academic hospital medicine leaders.

Program Overview

Program Organization

1/3 Core Clinical

PHM, Complex Care, Subspecialty Co-Management, Pain & Palliative Care, Newborn, Sedation, Community PHM

1/3 Systems and Scholarship

Robust mentorship by Research Director and faculty, research training and curriculum, Fellow's College, Journal Club, Works in Progress meetings, Master's level coursework through the Clinical and Translational Science Institute.

1/3 Individualized Curriculum

Fellow didactics, GME pathways, clinical electives, Lean/QI training, teaching certificates, coursework through the School of Medicine and UCSF Health

Program Highlights

- Program began in 2012
- ACGME-accredited in 2020
- Two-year training program
- We accept two fellows per year
- 20 + core teaching faculty
- All graduates have obtained teaching hospital faculty positions after graduation
- Three training sites: Benioff Children's Hospitals SF and Oakland, and Washington Hospital
- UCSF is a US New Top 10 Medical School

Program Leadership

Darren Fiore, MD
Program Director and Associate Division Chief

Sunitha Kaiser, MD, MS
Division Chief and Research Director

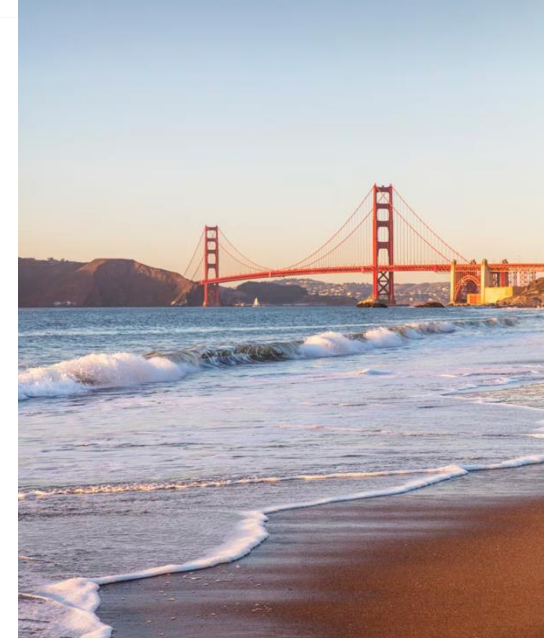

Martha Elster, MD
Associate Program Director

We aim to train leaders in academic Pediatric Hospital Medicine with clinical expertise in the family-centered care of hospitalized children, particularly those with medical complexity.

Graduates will go on to become expert clinicians, leaders in hospital safety and quality, excellent educators, and researchers in academic hospital medicine.

The Highlights

Our Goal: To create leaders and innovators in PHM

- Strong, guided mentorship
- Flexible individualized curriculum
- Focus on developing your niche
- Support to start secondary degree

What We Look For

- Strong clinical and organizational skills
- Leadership experience
- Experience serving populations from all backgrounds
- Academic and scholarly curiosity
- Communication skills and teamwork

Pediatric Hospital
Medicine Fellowship

Established: 2020
ACGME Certified
2 fellows/yr

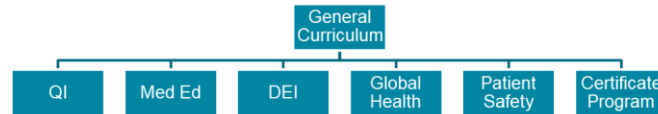

Seattle Living

Fellowship Funding

- \$3,000/yr for research support
- \$2,000/yr for CME
- \$5,000/yr for coursework
- Fully funded option to complete Certificate Program through U. of Washington
- Option to do course work through the U. of Washington: Tuition exemption for up to 6 credits each quarter

Expansive and Individualized Curriculum

- Option to complete advanced QI and/or Med Ed training programs
- Community Rotation Options: Montana or Alaska

Mentorship & Advising

- Starts on match day +/- PAS Annual Meeting
- Program director meets monthly with 1st years and quarterly with 2nd years
- “Continuity” Clinical Coach provides feedback on clinical skills/teaching skills longitudinally
- Faculty receive robust training and feedback on providing graduated autonomy

PHM Faculty

- Mentorship from 4 AAP National QI project leads: BRUE, Febrile Neonates, IVF, Hyperbili
- Division Chief: Former Editor in Chief of the journal *Hospital Pediatrics*
- 3 federally funded faculty researchers in clinical and health services research

Program Director

Jimmy Beck, MD, MEd

Assoc. Program Director

Alaina Shine, MD

Pediatric Hospital Medicine Fellowship Program

Training Tomorrow's Leaders in Pediatric Hospital Medicine

The PHM Fellowship Program at Johns Hopkins Children's Center prepares clinicians for leadership in academic pediatric hospital medicine. Embedded within one of the nation's top-ranked pediatric programs — with over **92,000 patient visits and nearly 9,000 admissions annually** — fellows benefit from an unparalleled clinical and scholarly environment.

PROGRAM HIGHLIGHTS

- Flexible, **individualized curriculum** tailored to each fellow's clinical & academic goals
- Training at **Johns Hopkins Children's Center** — one of the most comprehensive pediatric programs in the U.S.
- Community hospital experience at **Johns Hopkins Bayview Medical Center** (ED/inpatient unit & newborn nursery)
- **Quality improvement** scholarship funded by the Division of Quality & Safety
- Mentorship through the **Armstrong Institute for Patient Safety & Quality** (Lean Sigma Green Belt available)
- **Scholarship Oversight Committee** with regular progress meetings & research-in-progress presentations
- Access to **interdisciplinary support** on every floor: case managers, social workers, PT, OT, SLP & dieticians
- Small program with **strong mentorship** and close faculty relationships

CURRICULUM OVERVIEW

- **General Pediatric Hospital Medicine Teams** — 10 weeks (Year 1)
- **Complex Care / Surgical Consult Service** rotations
- **Community Hospital Medicine** at JH Bayview
- **8 weeks** individualized clinical elective time
- **24 weeks** individualized scholarly/academic time
- **Palliative Care** and **Pediatric Sedation** rotations
- Year 2: fellows customize inpatient experience based on career goals
- Weekly **Works-in-Progress** meetings for research feedback

SCHOLARLY OPPORTUNITIES

- **Clinical & translational research** — grant-funded opportunities in PHM
- **Quality improvement** — supported by the Armstrong Institute
- **Educational scholarship** — teaching skills & curriculum development
- Collaboration with **C-TEEM** (Center for Clinical/Translational Research Training)
- Projects taken from conception through **execution and dissemination**
- Addressing **health disparities** and social determinants of health

WHY CHOOSE HOPKINS PHM?

- World-renowned academic medical center with **#1-ranked** resources
- Rich **subspecialty collaboration** across surgery and medicine
- Vibrant **Baltimore/DC metro area** — culture, affordability, connectivity
- Strong track record of **fellow career placement** in academic PHM
- Program tailored to develop **independent thinkers and leaders**

FELLOW PERSPECTIVE

"I chose Hopkins for its abundance of resources. As a children's hospital within a large, university-affiliated system, I knew there would be many opportunities to support my career as a budding clinical researcher."

— **Current PHM Fellow, Johns Hopkins Children's Center**

University of Michigan Pediatric Hospital Medicine Fellowship Program

The Program:

The mission of the Pediatric Hospital Medicine Fellowship Program is to train fellows to become leaders within the field of Pediatric Hospital Medicine. This is accomplished through a two-year robust curriculum that focuses on high quality clinical care, medical education, research, and quality improvement.

- 42 faculty members/2 fellows per year
- Training largely occurs at C.S. Mott Children's Hospital, a large tertiary care children's hospital at the University of Michigan in Ann Arbor, MI with 348 inpatient beds, 35 pediatric residents per year, and 15 pediatric subspecialty fellowship programs
- Community hospital rotations spent at Trinity Health Ann Arbor Hospital

Program Leadership:

Rebekah Shaw, MD
Program Director
rebekash@med.umich.edu

Emily Jacobson, MD
Associate Program Director
jacobsoe@med.umich.edu

Marlene Woodard
Program Administrator
wmarlene@med.umich.edu

Geographic Culture:

- Unique blend of city sophistication and small-town charm
- Abundance of restaurants, microbreweries, museums, music clubs, and other entertainment
- Over 140 nearby parks with 4 seasons of activities

Unique opportunities at the University of Michigan:

- Training at a large academic medical center associated with a research university offers opportunities for collaboration with larger research community
- Unique longitudinal quality improvement opportunity to work directly with hospital leadership to complete sentinel event review from identification to institutional changes
- Michigan Medicine specific complex care program with home visit experience
- Robust community hospital medicine rotation with delivery room and inpatient experiences
- Established Internal Medicine elective (up to 10 weeks) for Med-Peds graduates

Multitude of additional training opportunities available in:

- Research
- Quality Improvement
- Medical Education
- Global Health
- Healthcare Administration
- Healthcare Disparities

Pediatric Hospital Medicine Fellowship Cleveland, Ohio

Program Details

- Robust clinical training in both an academic tertiary care center and community-based setting
- Graduated autonomy in clinical practice
- Numerous clinical electives to allow for individualized training
- Dedicated scholarship training across clinical research, medical education and quality improvement
- Mentorship with faculty including advanced opportunities for participation in system-based projects
- Funding support for presence in national organizations

Program Culture

- Our division is a tight-knit community of academic-based pediatric hospitalists with a focus on providing optimal care in an inclusive and welcoming setting. Education is at the heart of what we do, and fellows are integral to that mission.

Cleveland, Ohio

Located on the shores of Lake Erie, Cleveland is a mid-sized city offering big city amenities with affordable cost of living and friendly people. Home to a vibrant dining and nightlife scene as well as professional sports teams, world class museums, arts, and culture.

Newly renovated inpatient units opening 5/2026

Close-knit pediatric hospitalist team and incoming fellow with diverse interests excited to train the next generation of pediatric hospitalists

Access to over 20 subspecialties

Over 2,500 admissions annually to our pediatric hospitalist teams

Great location with easy access to the best Florida has to offer-from sporting events, to theme parks, to beautiful Florida Beaches

**BEST
CHILDREN'S
HOSPITALS**

U.S. News & WORLD REPORT

**RANKED IN
6 SPECIALTIES
2025-2026**

Our Aims:

- o Enhance the expertise of clinicians in the care of hospitalized children across the spectrum of medical acuity and complexity.
- o Promote the practice of evidence-based, high-value, patient- and family-centered care.
- o Provide a flexible curriculum that allows fellows to tailor their training and experiences to their clinical and academic goals and interests.
- o To develop an area of specialized skills in one of four domains: clinical research, advocacy, quality improvement, or medical education.

Program Director
 Jackie Eisenberg
 jeisenberg@bsd.uchicago.edu

- Medium sized, urban, “free-leaning” children’s hospital with deep community roots that cares for the city’s most vulnerable children
- Two-year, ACGME accredited program
- Top medical school + research university

Mentorship

- One fellow/yr – 1:1 mentorship
- 23 Pediatric Hospital Medicine Faculty in a well-established and growing PHM section
- Supervision by the same core PHM faculty at each fully integrated clinical site

Individualized

- Integrated scholarship training
- Flexible and individualized curriculum
- Additional available training in MedEd, QI, ethics, clinical informatics, simulation

University of Utah Health PHM Fellowship

City living with unmatched outdoor access

Ideal Clinical Experience

- Primary Children's Hospital: 5 state catchment area
- True community site
- Core value to foster fellow autonomy

Academic Excellence

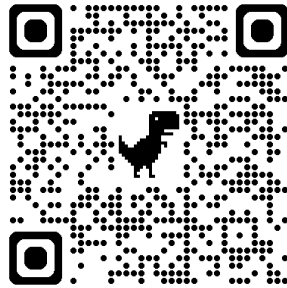

- Optional funded masters in Med Ed, MPH or Research
- Optional funded certificate in QI
- Large department and division
 - Rich pool of resources
 - Strong, variety of interests, approachable mentorship

Flexible and Individualized

- Established fellowship since 2010
- Every fellow's fellowship looks different

Strong Sense of Community

- 2-3 fellows per year
- Fellows and faculty work, live, and play close by
- Most fellows choose to stay on

Pediatric Hospital Medicine Fellowship

PHM Fellowship Information

- ACGME accreditation: 2024;
- 2-years, 1 fellow per year

Brenner Children's Hospital: Winston-Salem, NC

- Tertiary care: 144 beds, Level 1 Trauma

What Makes Us Stand Out

- **PHM Section Size:** Provides 1:1 mentorship, but with national faculty expertise
- **Step down Unit:** Provision of care by PHM for our patients with Complex Care needs
- **Robust health equity and SDOH focus:** clinical care, advocacy and research
- **Collaborations:** Regional PHM fellowships, Atrium and Advocate Health PHM fellowships
- **Winston-Salem:** named one of America's "Best Cities on the Rise"

#1 Children's Hospital
in New York State

Top 50 National Rankings
10 Subspecialties

1.8M Children Served
Across NY Metro

45K+ Pediatric ED Visits
per Year

About the Program

- 2-year ACGME-accredited fellowship
- Accepting 2 fellows per year
- Minimum 35% protected scholarly time
- Comprehensive curriculum:
 - › Clinical Science & Research
 - › Quality Improvement & Patient Safety
 - › Medical Education & Leadership/Administration
 - › Point of Care Ultrasound (POCUS)
- Feinstein Institutes for Medical Research
- Zucker School of Medicine faculty association
- Center for Learning & Innovation / Simulation
- Postgraduate degree/cert. opportunities
- 100% job placement throughout the country

Why Cohen Children's?

- Largest pediatric health services provider in NY State
 - Only helicopter transport team in the NYC metro area
 - NY's largest Level 1 Pediatric Trauma Center
 - Simulation center - one of nation's largest
 - Magnet® designation (3rd consecutive, 2025)
 - Top 3 diverse counties in the US
 - Easy access to NYC
 - First Autism-Friendly hospital in the US
- 104,000+ employees • 28 hospitals • 14,500+ providers
 - Largest not-for-profit in the Northeast
 - 180+ accredited GME programs
 - Forbes 2026 America's Dream Employer

We Take Pride In

- Large division, dedicated faculty with varied academic interests
- POCUS training for every fellow
- Flexible curriculum/unique electives: Transport, Global Health, PM&R, Ethics
- Robust resources & mentorship across the health system
- Postgraduate degree & certification pathways
- Collaborative, supportive program culture

Who we are:

Inova Children's Hospital is located in Falls Church, VA, about 10 miles southwest of Washington, DC. We are a robust PHM Division with 40 faculty members.

Inova Children's is home to:

Level 1 Trauma Center
226 Pediatric-beds
PICU, CICU, Level IV NICU
Northern Virginia Campus, University of Virginia SOM

As a tertiary-care referral center for Virginia, Maryland and West Virginia, our Program offers ample opportunities for PHM Fellows to gain experience caring for children with a variety of diagnoses, ranging from common general pediatric conditions to those with greater medical complexity, which require a multidisciplinary approach.

Program stats:

2-Year Fellowship Program, 1 Fellow/Year
Community Hospital site: Inova Loudoun Hospital

Strengths: Quality improvement, medical education, individualized curriculum, collegial working relationships with other pediatric subspecialists, formal didactic curriculum, commitment to initiatives focused on DEI and ample opportunity to present scholarly activity at a national level

Our amazing 1st year Fellow at her birthday dinner!
Our 1st 4 graduated Fellows who all stayed as attendings at Inova!

Program benefits:

Competitive salary
(2026-2027: PGY-4 \$89,766 PGY-5 \$95,580)
Educational stipend: \$1,000/year

Eligibility to participate in Inova's 401K, disability/life insurance and health/dental/vision plans
Paid parental leave
4-weeks paid vacation/year

Where we are:

Fairfax County is one of the fastest growing and most diverse areas in the nation! It is home to great schools, great food, professional sports, and outdoor activities making it an ideal place to live and work.

WHY VANDERBILT PHM?

Individualized Mentorship

Direct mentorship from national leaders – built around your goals

Clinical Depth + Autonomy

High-acuity training with meaningful ownership across settings

Flexible Career Pathways

Education, QI, advocacy, research, informatics – your niche, your timeline

A Culture You Can Feel

Generosity of spirit. Zest. SWARM.

A true PHaMily - surrounded by a supportive and collaborative environment

WHERE OUR FELLOWS GO

During fellowship:

First-author publications and national presentations

PAS (including AAP Presidential Plenary) • PHM • AAP • APPD • SHM

After graduation:

Academic faculty • Associate/Program Directors • Medical school leaders

National recognition including **TNAAP Early Career Physician Award** and

Top 10 Article at PHM Conference

WHAT SETS US APART

Mission-driven. Flexible. Mentorship-rich.

Built for *your* path – not a predefined one.

Life in Nashville: Live music • Incredible food • Vibrant city life • Easy access to the outdoors

Big city energy. Small community feel.

Program Director: My-Linh Ngo, MD | my-linh.ngo@vumc.org |

@VUMCPedsHM

PHM Fellowship at UT Southwestern/Children's Dallas

Mission: to train future leaders in PHM through excellence in clinical care, education, and scholarship

- ACGME Accredited 2-year program
- 4 fellows per year

ROBUST CLINICAL PRACTICE

- 12,000+ admissions/year on PHM services
- More than 55 PHM faculty
 - Med – Peds
 - PHM – Palliative care
 - PHM – ID
- Breadth of clinical experiences- solo hospitalist, observation unit, intermediate care unit

FOCUS ON INDIVIDUAL INTERESTS

- > 40 electives, including advanced PHM electives
- Support combined fellowships

EDUCATION

- Academic half-day, workshops, faculty development, weekly conferences
- Affiliated with large medical school (250 student/yr) & pediatric residency (50 residents/yr)

SCHOLARSHIP

- Collaboration with other divisions & departments at UTSW
- Health Services Research (built-in support)

JOHNS HOPKINS ALL CHILDREN'S HOSPITAL

Pediatric Hospital Medicine Fellowship

PHMFellowship@chla.usc.edu

PD: Dr. Angela Choe, APD: Dr. Spandana Induru

Robust longitudinal curriculums and electives

- ❖ QI/Patient Safety
- ❖ Research
- ❖ Leadership
- ❖ Simulations & Procedures
- ❖ Healthcare systems
- ❖ Medical Education
- ❖ Advocacy
- ❖ Palliative/ Complex care
- ❖ Behavioral health
- ❖ Informatics

Advocacy opportunities

- ❖ Safety net hospital,
- ❖ >50% publicly insured,
- ❖ >30% non-English speaking
- ❖ Highest patient complexity among similar hospitals

Research overviews

- ❖ Understand and improve care of hospitalized children regardless of social medical complexity
- ❖ Collaboration with medical and surgical colleagues at CHLA+USC
- ❖ Support from and in collaboration with NIH, AHRQ, PCORI, AAP (VIP, PACC-QN), NHLBI, and PRIS
- ❖ Quality improvement and patient safety (including high-value care)
- ❖ Clinical research (common inpatient conditions, children with medical complexity, health equity)

Academic Opportunities

- ❖ Train at a top Children's Hospital, CHLA is #1 in CA. Affiliated with Keck SOM.
- ❖ Dedicated fellow research staff
- ❖ Unlimited biostats support
- ❖ Comprehensive mentorship program
- ❖ Fellow research funding
- ❖ Multiple community site opportunities
- ❖ Graduate Degree Support Available
- ❖ Individualized Curriculum Support

SUNY Downstate Pediatric Hospital Medicine Fellowship

What Makes This Program Special?

Clinical Diverse Medical Experience

- **SUNY Downstate Medical Center** – 21 pediatric inpatient beds
- **Maimonides Medical Center** – 32 pediatric inpatient beds, level 2 pediatric trauma center
- **Kings County Hospital Center** – 28 pediatric inpatient beds,
- Ditmas Park Children's Rehabilitation Center (complex care elective)

Advance Degree Opportunity

Specialized Training

Unique Quality Improvement Training Opportunities

- Simulation
- POCUS

Our Team

- 11 PHM Faculty
- Current fellows:
 - Komal Mendiratta, MD (Incoming Fellow)
 - Shaunpaul Jones, MD (F1)
 - Camia Pereiras Rodriguez, MD (F1)
 - Nisha Qazi, MD (F2)

Program Overview

- 2-year program, ACGME accredited since 2020
- PHM Fellowship since 2015
- 1 fellow per year

Program Leadership

Program Director: Jeremiah Cleveland, MD
jcleveland@maimo.org

Associate Program Directors:
Melanie Cheng, MD melanie.cheng@downstate.edu
Melvin Braiman, MD
melvyn.braiman@downstate.edu

Program Coordinator:
Greta Tim greta.tim@downstate.edu

- Large, vibrant division of over 20 faculty
- 2 year ACGME- accredited fellowship with 1 fellow per year
- Clinical:
 - Over 2300 admissions/year
 - Complex care service dedicated to comprehensive care for children with medical complexity
 - Surgical co-management and consultative services
 - Strong partnership with Rochester General Hospital for community hospital exposure
- Education:
 - Longitudinal, PHM competency-based curriculum for fellows + Pediatric Fellows' Core Curriculum
 - Awarded the Outstanding Faculty Teaching Award (recognized by residents for excellence in teaching) multiple years in a row
 - Faculty serve as Associate Residency Director, Third Year Clerkship Director, Residency Research Track Director
- QI:
 - Fellow access to UR Medicine Quality Institute projects & mentors
- Scholarship:
 - Scholarship bootcamp & intentional mentor-mentee coffee dates during 1st month of fellowship
 - UR Medicine ranks in the top 25% of all medical centers in federally funded research
 - Multiple faculty with grant funding, including NIH K23 and KL2
 - High scholarly productivity & opportunities for mentored journal and abstract reviews
- Leadership:
 - Faculty serve as local/national leaders in Research, QI, Safety, Informatics, and Medical Education

Pediatric Hospital Medicine Fellowship

Rochester, Minnesota · Shaping the Next Generation of Pediatric Hospitalists

WHY MAYO CLINIC PHM?

★ Individualized Curriculum Electives (ICE)

32 weeks of elective time tailored to your career goals. Whether your focus is medical education, subspecialty immersion, or quality improvement, you design a pathway that aligns with your vision, no two fellows are the same.

★ World-Class Research Ecosystem

Harness the full Mayo Clinic infrastructure: Center for Clinical & Translational Sciences (CCaTS), Quality Academy Bronze & Silver Certification, internal grant funding, and mentorship from nationally recognized hospitalist-investigators.

★ Fellow-First Culture

A supportive and inclusive culture where faculty are deeply invested in your growth. A thoughtfully designed schedule and individualized mentorship foster both professional development and personal well-being.

CURRICULUM SNAPSHOT

Core Clinical 24 wks/yr — General Peds Hospital Service (GPHS)

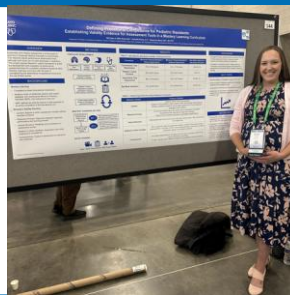

Community 4 wks — Mayo Clinic Health System, Mankato

Newborn Care 4 wks — Well-Baby Nursery & NICU (Year 1)

ICE Electives 16 wks/yr — Fully individualized

Research / QI 16 wks/yr — Protected scholarly time

Vacation 4 wks/yr

CONFERENCES & EDUCATION

Weekly fellow didactics, Grand Rounds, M&M, and Journal Club. Fellows access Mayo's Academy of Educational Excellence, the Clinician Educator Pathway, FunCaTS research course, and Teaching Skills Workshop — ensuring scholarly growth alongside clinical excellence.

FELLOW TESTIMONIAL

“What drew me to — and kept me thriving in — this program was how deeply it was built around me. As a fellow passionate about medical education, my entire elective block was shaped to reflect that goal. The faculty didn't just accommodate my vision; they championed it. The environment is genuinely family-oriented, the schedule was flexible when life demanded it, and when I needed funding for a research project, an internal grant made it possible. I trained alongside some of the finest pediatric hospitalists I have ever met — and I left feeling truly ready.”

— PHM Fellow, Mayo Clinic | Medical Education Track

PROGRAM HIGHLIGHTS

★ Graduated Autonomy

Progressive independence from day one — fellows transition smoothly from supervised learner to confident, practice-ready hospitalist.

★ Benefits & Wellness

Comprehensive medical/dental/vision, parental leave, paid sick leave, food allowance, free parking, nursing mother support, and subsidized access to the Dan Abraham Healthy Living Center (\$25/month).

★ Conference Travel Support

Up to 5 trips/year with \$2,550/trip funding plus a dedicated attendance trip — ensuring your scholarship reaches national audiences.

★ Internal Grant Funding

Competitive internal grants support fellows' research and QI projects, removing financial barriers between your idea and your publication.

★ Living in Rochester, MN

A vibrant, family-friendly city with excellent schools, low cost of living, and the cultural richness that comes with calling Mayo Clinic home.

Nemours Children's Hospital-Delaware PEM Fellowship

Our fellows are phenomenal!

- 2-3 Peds/EM trained fellows/year
- Progressive autonomy throughout years of training
- 93% first time PEM board pass rate

Location, location, location

- Best location ever-close to Philadelphia, DE/NJ beaches, NYC, DC

Our emergency department

- Annual volume of 60,000 encounters
- Only level 1 pediatric trauma center in DE
- Wide catchment area with diverse patient population
- 44 ED beds

Scholarship for days!

- Incredible educational curriculum (board review, PEM didactics, journal club, research methodology, fellow research/QI review, mock code, M&M, POCUS, procedural training, acuity, simulation)
- Dedicated clinical and research mentors
- Opportunities for additional academic advancement at Thomas Jefferson University
- PECARN Site-Glacier node
